J. F. Hendren,  
Trustee.

### All Dogs in Town Must Be Muzzled

At a meeting of the town commissioners Monday an ordinance was passed making it unlawful for the owner of dogs to let them run at large in the town of Yadkinville without being muzzled, and requiring the town constable and the sheriff and his deputies to shoot all dogs found running at large in town without muzzle.

This measure was taken to protect the public after a number of mad dogs were found in town.

Mr. G. B. Kiger was elected town constable and will rigidly enforce this law.

An ordinance was also passed prohibiting persons from driving automobiles with cut outs open in town.

### Yadkinville School Double Debate Winner

In the triangular debating contest last Friday night the Yadkinville High school was a double winner. The local debaters won over both Rural Hill and Wilkesboro, and are now in line for the state championship. The state contest will be threshed out at Chapel Hill on the 9th of April at which time the Yadkinville will do its best.

This is a signal honor for the local school and we hope they go over the top.

### Hoyle Sink Appointed Pardon Commissioner

Acting under authority of the 1925 assembly, Governor McLean has appointed Hoyle Sink of Lexington, as pardon commissioner.

The commissioner will hear appeals for clemency, and in such cases make reports and reasons to the governor. The governor retains under the law the power of final decision in clemency matters, the pardon commissioner being an assistant to relieve him of details so that he may devote his time to other matters of state.

Mr. Sink is 37 years old and at one time served in the consular service in China.

### Negro Convicts Revolt; Guard Shoots Leader

Forty-four desperate negro state convicts revolted at a camp near Durham last Wednesday afternoon and the leader, Alex Hickman, attacked the guard, K. B. Ewing, with a long blade he was using, whereupon Ewing sent a bullet through his body. The negro has a chance to recover, so the doctors say.

The shooting was witnessed by George Ross Pou, superintendent of the state prison, who had been called to the scene that morning when trouble was foreseen by the guards.

Films caught on fire at a colored picture show house in Statesville last Wednesday night and the fire was not stopped until several buildings had been badly damaged by it. No one was injured.

Mrs. Jane Wilkinson, an aged white woman of Salisbury, was instantly killed in that city last Thursday when stepped in front of a moving locomotive.

The Charlotte automobile races will be held May 11.

### Winston Printer Meets Death in Bath Room

Frank H. Burnett, a linotype operator on the Winston-Salem Journal, was found dead in a bathtub at his rooming house in Winston Thursday afternoon.

When found Burnett's head was flat between two pipes that lead to the tub and it is supposed that he slipped and fell, his head catching between the pipes causing his death.

He was a native of Macon, Ga., and the body was shipped there for burial.

### OWNS SMALLEST TORAH IN WORLD

Philadelphia Man Found It in Ancient Tomb.

Philadelphia. — A Hebrew Torah, said to be the smallest in the world, is in the possession of Benjamin Braverman, a trainman of this city.

Although it contains only 605 pages and measures less than a quarter of an inch in thickness, the tiny volume is complete with the 38 books of the Torah. The book is one and three-sixteenths inches long and eleven-sixteenths of an inch wide.

Braverman, who lives at 4608 North Marvline street, said that he found the Torah in its little brass case in the tomb of Ben Kalba Sabbua in an old burial ground about a mile north of Jerusalem while on a boyish ramble more than fifteen years ago. Braverman is a native of the Holy City and has been in the United States about ten years.

Ben Kalba Sabbua, according to Jewish records, was a rich and prominent man of Jerusalem who flourished about the year 70. He obtained his name from the fact that any one who came to his home hungry as a dog (sabbua) went away satisfied (sabbua).

Braverman, the other two being Naddinon Ben Goryon and Ben Zizit-hakeset, each of whom had in his storehouses enough to provide the besieged city with all the necessities of life for ten years. But as these three favored peace with Rome, the zealots burned their hoards of grain, oil and wood, causing the terrible famine which swept Jerusalem at that time.

According to Braverman, the tomb of Ben Kalba was a spot of great interest to members of the Jewish race who made pilgrimages to Jerusalem, and contained many relics of the first century after Christ. The miniature Torah was probably dropped by one of these visitors, he believes.

The "smallest Bible" is printed in the Hebrew language in microscope type which cannot be read with the naked eye. Under a strong magnifying lens, however, the type stands out remarkably clear-cut and bold, and one who understands the language can read it very easily.

Oakland, Cal. — Mission San Jose, a picturesque California landmark, 30 miles south of here, is to undergo its first renovation since it was erected by the Spanish padres in 1791.

The mission contains historic records and an ancient graveyard, with monuments bearing the names of some of the men who opened the gates to Western civilization. After the complete restoration of Carmel mission, in Monterey county, in which the famous padre, Junipero Serra, is buried, San Juan Baptista mission, in San Benito county, was rehabilitated. The San Jose mission is next on the program.

There are 21 Spanish missions in California, separated from one another by about 35 miles — a day's journey in the old times.

The preservation committee is headed by Secretary of Commerce Herbert Hoover and Joseph R. Knowland, Oakland publisher.

### New Discovery Expected to End Abscessed Teeth

Toronto, Ont. — What is called the greatest advance in dentistry in 100 years is announced from the Royal College of Dentistry here as the result of research work carried on at the University of Toronto and clinical experiments by Toronto dentists.

Briefly, the result of this discovery is expected to be that no longer will there be any danger of abscesses forming at the roots of teeth. The essence of the discovery is the use of copper amalgam as a permanent filling for the root canals of the tooth. Copper amalgam has been used as a filling for teeth before, but not until now was it known to have germicidal effect.

It is stated that when a nerve in a tooth has been destroyed the cavity can be filled with copper amalgam and there will be no danger of an abscess or gathering forming at the root of the tooth.

## County Commencement Will Be Held April 11th

### Brown Finch Killed By Fast Train 37

Brown Finch, young business man and chair manufacturer of Thomasville, was instantly killed and his automobile demolished early Saturday morning when struck by fast train No. 37 on the railroad yards at Thomasville.

The road was blocked at the crossing by a freight train and when this was uncoupled Finch started to drive across, not seeing or hearing the fast train approaching. Friends shouted to him that the train was approaching, but he only looked back and smiled as he was hurled into eternity by the powerful compact of the great locomotive.

The accident was witnessed by Rev. O. B. Williams, who was the last man to talk with Finch, and George F. Brown, of Yadkinville.
