

The Yadkin Ripple

VOL. XXXIII

YADKINVILLE, YADKIN COUNTY, N. C., THURSDAY, APRIL 1, 1926

VOL. No. 12

MACKIE & HINSHAW DID NOT BUY BLAKELY OUT

However Local Undertakers Will Establish Branch at East Bend

The local firm of Mackie & Hinshaw, undertakers, have not bought out the firm of Blakely at East Bend as was announced through error in this paper last week. This announcement is made in justice to both firms involved.

It is a fact, however, that the firm of Mackie & Hinshaw are establishing a branch office in East Bend. This branch office will be located over Mr. Henry Davis' store with Mr. Burchett in charge. The East Bend branch will be equipped with every modern convenience, including high grade caskets, vaults, robes and motor hearse, together with the services of an experienced embalmer.

SUPT. A. T. ALLEN WILL DELIVER ADDRESS; COUNTY COMMENCEMENT APR. 16

The final contest of the Yadkin county spelling union will take place at Yadkinville on next Saturday, April 3rd. The Yadkin county spelling union is supported by all elementary schools of the county. Already two elimination contests have been held and it is the winners from these first two contests that will compete at Yadkinville on April 3rd. The contests for each grade are held according to rules and regulations worked out by the county teachers' association. There has been much interest in the first two contests and it is expected that the contest at Yadkinville will be hotly contested for the grade honors. The final contest will begin at 10 a. m., when the contest for the third grade will be called. The other grade contests will be taken in numerical order and the contest finished as early as possible. All contestants for the final contest are expected to be in the auditorium of the school building at 10 a. m., in order that the contests may be started on time.

The group center commencement will be held at the following places: Booneville April 5th; Hamptonville April 6th; Yadkinville April 7th; and East Bend April 8th.

The teachers of the county have been doing considerable work in anticipation of these commencements and it is expected that a good showing will be made. The program for these commencements is based on actual school work done during the school year. There is a contest for each of the elementary grades. The program is as follows:

First grade: Story telling contest.
Second grade: Story telling contest.
Third grade, fourth grade, fifth grade, and sixth grade: a reading contest. (a standard test will be given).

Seventh grade: For boys, Declamation contest. For girls, recitation contest.

There will be a singing contest in which any school may enter and are allowed to make their own selection. Only one selection to be given by a school. There will also be athletic contests for boys and girls.

The county commencement will be held at Yadkinville on April 16. State superintendent A. T. Allen will deliver the address. The winners from the group centers will contest in the final contests at the county commencement.

Most of the short term schools will close April 2. The school work for the year just closing has as a whole been very good. There has been some hindrance on account of sickness, but the attendance has been good nevertheless.

CARD OF THANKS

We desire to thank our many friends for their kindness and sympathy, and the beautiful floral tributes, extended in our recent bereavement when our dear little girl, Nellie Ruth, was called to the Great Beyond.—Mr. and Mrs. T. S. Collins.

THE FORBUSH SCHOOL WILL GIVE PLAY

Forbush (Baptist) school closes with exercise, April 2, and 3, 1926. Exercises by primary grades Friday night, April 2, 1926 at 7:30 p. m.

A play entitled "A Family Affair" will be given Saturday night, April 3, 1926 at 7:30 p. m., by the 9th grade.

Cast of Characters
Dan Gillespie, a good fellow, whose imaginations runs away with him..... Isaac Brown.
Jorkins Jobson, his gardner; a high authority on potato-bugs..... Roy Sales.
Deacon Smith, who finds it difficult to be good under adverse circumstances..... Jasper S. Long.
Sally, Dan's good-hearted little cook, who, unlike most women, can really keep a secret..... Cleo Shermer.

Miss Camson, his housekeeper, in the matrimonial market, and means business..... Hazel Shermer.
Louisiana, a dark brunette, on the warpath..... Alma Hobson

Synopsis

Act I.—Place: Dan's country home, near New York. Time: A midsummer morning. Dan arrives. The bicycle race. Hail Columbia! The telegram. Dan in trouble. Wives, wives, wives!

Act II.—Place: The same. Time: Midday. Babies in demand. The "married bachelor." An oversupply of "kids." Dan's dilemma. "A brand-new coon in town."

Act III.—Place: The same. Time: Evening. The deacon wants to know. The photograph. An African cyclone. Jobson "biles over." Dan is exposed. Sally's loyalty. "I'd a-died afore I'd told." Sally owns up. A bachelor, after all.

CAN'T RAISE CROPS WITH LAST YEAR'S FERTILIZER

This is the word the Mocksville Agricultural department received from Raleigh and is passing it along.

There is not enough plant food left in the soil from fertilizer applied last year to raise profitable crops this year. Another application must be made this season if good acre yields are to be secured.

This is the opinion of L. G. Willis, soil chemist at the North Carolina Experiment Station, who states that the Station has had a great number of requests from farmers as to the value of the fertilizer left in the ground last season. He states that while the dry season last year resulted in much of the fertilizers not being used by the crops during the summer season, much of this plant food has either leached out or has formed such chemical combinations with the soil particles that little of the material is available to get the crops off to a start or to mature a full yield.

The ammonia or nitrogen might have stayed in the soils until the winter rains but these have washed out practically all that remained. Potash, he states, is not easily leached out but it is fixed by chemical action soon after being applied and these combinations grow less soluble with age so there is little likelihood that the potash will be of value.

With phosphate, the same is true. Phosphate dissolves readily in the soil moisture when first applied but is then almost immediately fixed by chemical action with the soil minerals and will not be readily available now.

Experiments have shown, states Mr. Willis, that applications of phosphate to soils two weeks before planting produces less crop than applications made immediately before planting. If two weeks' contact with the soil makes such a noticeable difference in the availability of phosphate, it cannot be expected that much benefit will be secured from phosphate applied a year ago.

A car of hogs was shipped recently by Gibson Brothers, farmers of Roberson County for which they received 14 cents per pound.

Improved cotton produced 599 pounds of line cotton and ordinary varieties produced 480 pounds of lint in a test made side by side on the same soil. This is a good return for better seed.

MR. SID MACKIE DIED EARLY TUESDAY MORNING

Mr. Sid Mackie, aged 20, died early Tuesday morning after an illness of two weeks. He had pneumonia following the flu and tuberculosis developed, and all that doctors and family could do, with the tender care of a trained nurse, he could not be cured.

The funeral services were held at Harmony Grove Friends church yesterday afternoon at 1 o'clock and was conducted by Revs. Jim Millikan, R. E. Ward and G. W. Edgerton. Interment was in the cemetery at Deep Creek church. The deceased was a valued member of Harmony Grove church.

Mr. Mackie was a son of the late Walter Mackie. His mother is Mrs. Lora Cranfill, wife of Mr. James M. Cranfill, and one of the best families of this county.

Mr. Mackie was a good christian boy and highly respected by all who knew him. He was a member of the graduating class of the Yadkinville high school. The entire class composed the choir which conducted the singing at the funeral services and the school was closed for the day. The funeral was largely attended.

MR. LOGAN RETURNS FROM FORD PLANT

"I certainly learned a lot during the two days I was in Detroit," J. C. Logan, local Ford dealer, said upon his return home from the Motor City, where he spent two days visiting the big plants of the Ford Motor Company along with a number of other Ford dealers from this territory.

"It has been a great education to me," he continued. "I never imagined anything so enormous. We arrived early in the morning, our train being switched right into the yards of the Highland Park Plant. Then began an interesting two days. First, we went through the Highland Park plant—that is part of it, the most interesting divisions. You know, they told us that the area of that plant is 278 acres with 105 acres of it under roof.

"But that is nothing compared to the River Rouge plant where the big operations are carried on. There is where raw materials are transformed and come out in the form of parts for Ford cars.

"And buildings! Say, you should see the new building for pressed steel operations. That's a real building, one story high, mostly glass and it covers eight acres of ground. Why if they would clear out the machinery in that building there would be enough room on the floor to park more than 5,000 Ford cars.

"We also visited the big engineering laboratory at Dearborn, the Ford Airport and the Lincoln car plant.

"Things that impressed me most aside from the buildings and machines, were the cleanliness about all the plants, the safety devices and methods to prevent accidents and the absence of any real hard human labor. Machinery is made to do all the hard work.

"Another thing, was the precision of manufacture. Every part is made to exact measurement and though manufacture proceeds rapidly there is no let up in inspection. Every part must be of correct dimensions otherwise assembly of cars on the scale on which Ford production is carried out would be impossible. I wish I could impart to all my friends the appreciation of Ford value that I have gained as a result of my visit to Detroit."

BABY No. 20 ARRIVES. IT IS 12-POUND GIRL; ALL CHILDREN LIVING

Fitchburg, Mass., March 30.—Mrs. Louise M. Cross, 36 today is the mother of twenty children. She gave birth to the twentieth child, a 12-pound girl, here last night. Mrs. Cross was married when she was 15. All of the children are living.

For fifteen years, the plant breeding staff of the North Carolina Experiment Station has been working to improve the variety of cotton grown in North Carolina.

COLORED SCHOOL CLOSES

The Yadkinville colored school closing will begin Saturday, April 3rd. There will be a ball game at 2 p. m.

7:30 Primary exercise, play, Tom Thumb Wedding.
Sunday 2 p. m. Annual Sermon by D. Wm. Montgomery, Mocksville, N. C.
