Hamptonville News

The meeting which has been in progress at Zion Baptist church closed Saturday night. It was a wonderful revival with about 30 conversions. Rev. Watts, of Wilkes county, did some fine preaching.

Mr. and Mrs. J. R. Cook, of Winston-Salem, and their son and daughter, Robert and Mabel, visited Mr. and Mrs. W. T. Allen the past week and attending the meeting at Zion, their home church.

Joyce, the little daughter of Mr. and Mrs. Joe Anthony, had the misfortune of getting her arm broken last week.

Mrs. John Smith, an aged woman, who has been real sick, is improved. A nice rain fell here Sunday evening which was very much needed.

To Hold Revival

A revival service will begin at the Pentecostal Holiness church in Jonesville Friday evening, September 2, and will continue for two weeks. Miss Mae Grier, of Greenville, South Carolina, will conduct the services. The public is most cordially invited to attend.

Commission Rejects Bid For Surfacing Elkin-Winston Road

The state highway commission last week rejected the bid for the contract to surface the 22 miles of highway between Winston-Salem and Elkin as too high, it was learned Wednesday morning. This particular contract calls for a crushed rock and tar surface from the Forsyth county line to the new bridge at Elkin.

DO YOU LIKE OUR NEW FACE?

Have you noticed that The Ripple is all dressed up in a new face this week? Well it is and we believe it is somewhat an improvement over the last of these papers. The type is new and different, the makeup is improved and the general appearance of the paper is better. Look the paper over and see what you think of it.

MARION TERROR IN ATTACK ON MAGUIRE

Hyena-Like Animal Makes Pass At Local Shoe Salesman

S. O. Maguire, Elkin shoe salesman, was the man who was attacked Wednesday night, August 24, by a wild, hyena-like animal, reported to be roving in the vicinity of Marion, as he was driving between Marion and Spruce Pines, it was learned here the latter part of last week.

Newspaper accounts failed to give Mr. Maguire's name, but gave full particulars of the happening.

Mr. Maguire was said to have been driving along the highway when a vicious animal leaped from the side of the road towards his car, its ugly fangs plainly showing between drawn lips. Stepping on the gas, he was able to leave it behind and once in full speed, didn't bother to stop and go back to investigate.

However, he stated that the creature appeared to be about three times the size of a large dog, and looked more like a hyena than anything he could think of.

The animal, which has been spreading terror in the Marion section for a number of weeks, is said to have killed hundreds of dogs.

Cycle News

One hundred thirty present at Sunday school at Mountain View Sunday, with three new scholars.

The Mountain View people have set apart the fourth Sunday in September for a meeting of days. Rev. J. B. Murray, of Winston-Salem, is to assist the pastor. They are looking forward to having a great revival.

Out on route one the friends and relatives of Uncle James Adams gave him a birthday dinner Sunday. There was around two hundred present. A long table had been prepared in the yard under the shade trees and was loaded with good eats. It was interesting to see the people unload the table and load their stomachs. Among them were Aunt Janie Wagoner, Aunt Susie Hemric, Uncle Jack Groce, Dr. Bryant, of Jonesville, Dr. Weaver of Brooks Cross Roads, Jack Ray of Elkin, and many others. After dinner the crowd lingered and made pictures and talked of days gone by. Finally, the cloud came up and they had to depart for home, wishing Uncle Jim many more happy events.

Mr. Ernest Pardue and family of Illinois, have returned home after spending some time visiting their sister, Mrs. Ed Vanhoy and Mr. Vanhoy.

Mrs. Talmadge Shore and children of Reidsville, are visiting in the home of Mr. Shore's sister, Mrs. Carl Pinnix and Mr. Pinnix.

Mr. and Mrs. W. P. Dobbins of Elkin, spent the week-end with their brother, Mr. R. A. Dobbins, and Mrs. Dobbins.

Mrs. Hettie Green visited Misses Grace and Eva Dobbins Friday.

Quite an interesting ball game came off at Marler Saturday evening between the small boys of Longtown and Marler. We did not learn the score but understand Longtown won. The larger boys expected a team from Winston-Salem to play but they did not show up. Marler has developed a strong team and we hear they have been doing some fine playing.

With the Presidential Candidates

President Herbert Hoover, astride Billy, a light bay gelding from the Marine corral, took to the trail to pose in a series of pictures of outdoor life at Camp Rapidan, Va., camp—while Franklin D. Roosevelt, his Democratic opponent launched his first set speech at Columbus, Ohio. Photos to the right show Gov. Roosevelt greeting the crowd upon his arrival at Columbus . . . and scene in open where he addressed 25,000 Ohio Democrats.

BIG TOWN STUFF

(By Robert Earl)

Horace Greely was right when he said: "Go West, young man, go West." Were he to come back he would say: Go East, young man, go East—for your vacation—and be right again.

Why East? Because one may see, hear and do more for his money. Thousands doubtless avoid New York fearing the expense. Would it surprise you to learn that for \$25.00 a young man can live for a week in New York and quite well too? Say, one's budget allows but \$25.00 above R. R. fares; here is what he can do.

Have a room at William Sloan House, a Y. M. C. A. branch, for \$4.50 a week. He can eat, not ritzy but well, for \$8.75 the week. Hundreds of restaurants will supply clean, wholesome food for that.

Daytime attractions might include: a sight-seeing bus trip \$1.00; a major league ball-game at Polo Grounds \$1.00; a boat trip around Manhattan Island \$1.50; a legitimate theatre matinee \$1.00; a sail to Statue of Liberty 25c; or to Staten Island 10c; Empire State tower observatory \$1.00; four movie shows \$1.25.

Evenings he may see and do: ice-skating \$1.00; a theatre \$1.50; a salt-water swim \$1.00; an open air concert at City College Stadium by a splendid orchestra 25c to \$1.00; many sport events at Madison Square Garden, wrestling, boxing, Hockey, la-crosse, etc. \$1.00.

If he spends \$1.00 for carfare the total will be \$26.35, leaving him with a deficit of \$1.35 staring him in the face. But even the well-known United States has one every year and doesn't lose sleep.

Among free attractions are the aquarium at Battery Park; metropolitan newspaper plants; band concerts in parks; botanical gardens; zoos in Central and Bronx parks; the latter are of the world's best; Museum of Art in Central Park, ranking with the best. The Museum of Natural History where an entire

season could be put in profitably; the American Indian Museum; Universities, department stores, libraries; the Navy Yard; incoming and outgoing ocean liners; broadcasting stations where world-wide agonies originate, and countless others.

Women too can do this; stopping at the Y. W. C. A. There are hotels for women exclusively, but not so reasonable. A thing worth seeing is the sailing of a monster ship. See newspapers for dates, go to pier, mix with the crowds and go aboard. If the man at gangway stops you tell him frankly you want to see the ship, or, better yet get a pass the day before at the company office.

A suggestion: If you have two weeks buy a circular tour via Detroit, Cleveland or Buffalo, sail down the lakes in a splendid ship, change at Clayton to a river steamer (at same dock) and sail down the St. Lawrence through the rapids to Montreal, a city half French, half English and very interesting. Montreal finished take D. & H. evening train to Plattsburgh, N. Y. Arrived there go aboard lake steamer, sleep aboard and get up early for the sail down Lake Champlain, than which there is nothing finer in America, with the Adirondacks on one shore, the Green Mountains of Vermont on the other. At foot of Champlain transfer to steamer on Lake George, a lovely lake totally different from Champlain, which reminds one of Scotland. This will bring you to Albany in the evening where you may have your choice of a night-boat or train to New York. You can doubtless get a lower rate by buying your ticket to Asbury Park or Atlantic City and have to go there to get ticket validated but both are interesting; the latter more so and you will enjoy the breezes of 3000 miles of salt water. You may choose your own rail route home. Fares are low this year. Come on and play.

BREEDERS SALE AT KLONDIKE FARM TO TAKE PLACE MONDAY

Most of Southern States Expected To Be Represented

SALE AT MID-DAY

Klondike Farm will hold its first Breeders Sale on Monday, Sept. 5th, which is Labor Day.

While this is not the first Guernsey Sale to be held at Klondike, three successful promotion sales having been held in the last three years, it is the first general sale of all ages of Guernseys, mostly bred and developed on the farm.

Previous sales have been held largely for local promotion and while this sale is held in hopes that much of the cattle will remain in this part of North Carolina, it is not strictly confined to local demand.

Production and show records made at Klondike in the last few years have attracted wide attention and the Klondike Guernseys are now as well, or better, known away from home than they are here. Some outstanding individual records have been completed and the herd average for the last three years has been considerably higher than that of any herd of any breed in the south, and near the top of all herds in America.

Buyers and visitors are expected to attend the sale from most of the Southern States. The entire Extension force of South Carolina will attend, as well as the North Carolina Daily Extension heads and practically every known Southern breeder has indicated his intention of attending.

A Tribune reporter asked Mr. Pyron if any breeders from the east or middle-west were expected. "Not unless they attend as visitors, as we are not yet attempting to sell Guernseys outside what we consider our territory—the Southern States. We have bought from the east the best foundation Guernseys we could buy and a few from the Island of Guernsey, but it will take some more years to convince these eastern people that we can develop better cattle here in North Carolina than they can in New England, or any of the eastern states. We think we can, but we haven't convinced them yet. After all our main object has not been to accomplish more in a few years than they have in a century, but to breed here in the Piedmont South as good Guernseys as they breed anywhere."

Mr. Pyron also stated that he was not expecting fancy prices. As a rule, he said, farmers and dairymen buy breeding cattle to improve their herds with their surplus money—and, he added, "I haven't seen much of that lately." However, he said, dairymen are still the most prosperous of all farmers and the most
