### Never Put Off

Till tomorrow, today's duty. If you have a Cold, Cough, Bronchitis, or any form of Throat or Lung disease, do not neglect it. Ayer's Cherry Pectoral, if promptly taken, will speedily relieve and cure all ailments of this character.

Two years ago I took a severe Cold, which, being neglected, was followed by a terrible Cough. I lost flesh rapidly and night sweats, and was soon confined to my bed. A physician was called, but the medicine he prescribed afforded only temporary relief. A friend advised the use of Ayer's Cherry Pectoral. I began taking this medicine, and before finishing the first bottle was able to sit up; four bottles effected a perfect cure.—Geo. W. Dick, Newton, Mass.

In several cases of Bronchitis, caused by exposure to damp and cold weather, I have used Ayer's Cherry Pectoral. It is an anodyne expectorant of great value and usefulness to patients of all ages. Its certainty of action, and its safety as a household remedy, are forcible arguments in its favor. No other cough preparation does its work so quickly and satisfactorily.—C. E. Hoyt, M. D., New Orleans, La.

**Ayer's Cherry Pectoral,**  
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1, six bottles, \$5.

### Pickings and Clippings

Cats have whiskers; that's why some maiden ladies love cats.  
"Harts of gray marble are cleaned by rubbing with linseed oil.  
A tramp called his shoes "corporations" because they have no soles.  
A small foot Afghan or a crazy quilt seen on many made up beds.  
Farm life is in favor of fewer permanent fences and more portable ones.  
Revive leather chair seats by rubbing with well beaten white of egg.  
To clean piano keys, rub them with a little alcohol, applied with a soft rag.  
If your flat irons are rough, rub them with fine salt and it will make them smooth.  
Clean straw or saw-dust is better than manure to bank cellar walls and windows.  
A scraper at the step, and a mat at the door, are indispensables in muddy weather.  
Turpentine will remove ink spots from white muslin if added to them while boiling.  
To prevent cakes from adhering to the tin, after greasing the tins dust thoroughly with flour.  
Do not shut off the damper in the pipe so closely as to cause the gas to escape into the room.  
To clean tinware, dampen a cloth, dip it in soda, rub the ware briskly, after which wipe dry.  
Peddler—I'd like to see the master of the house. Mr. Poodle—Er—come in and take a seat and I'll call my wife.  
Keep the flour barrel raised a few inches from the floor, so that the air may circulate underneath and prevent dampness.  
Choice evaporated domestic fruits are to-day the only articles of farm production which command extravagant prices.  
The sons and daughters of a farm are its best crops, and the winter is the best time for their mental culture and progress.  
"What kind of boys go to heaven?" asked the Sunday school superintendent. "Dead boys," yelled the youngest member of the infant class.  
The kitchen window is the best of all windows for plants. They receive the needed moisture from the steam of the kettles and boilers.  
If poison is swallowed drink instantly half a glass of cool water, with a heaped teaspoonful each of common salt and ground mustard stirred into it.  
To remove the shiny look from black clothes wash well, then dip black cloth in hot tea and coffee, equal parts of each, and sponge clothes thoroughly.  
"Humph!" grumbled the clock, "I don't know of any one who is harder worked than I am—twenty four hours a day, year in and year out." And then it struck.  
A child who is required to have clean hands and smooth hair before sitting down to a meal is not apt to grow up into a man or woman careless of personal neatness.  
A clear head is indicative of good health and regular habits. When the body is languid, and the mind works sluggishly, Ayer's Cathartic Pills will assist in the recovery of physical buoyancy and mental vigor.
