Every town stands in need of a progressive school and a live newspaper. An exchange very truthfully asserts that a town can be known either by the presence or absence of these two essentials.

The trial of Saylor for the shooting of Richard L. Cohen, in the Hastings Court Danville, ended with a hung jury. The jury stood eleven for murder in the first degree and one for murder in the second. The case was continued to the next term.

The parties arrested last Friday for house burning in Dan River township, had a hearing before H. F. Brandon, Esq., Tuesday. Mess. Henderson and Johnston appeared for the State and J. C. Pinnix, Jr., for the defendants. There was a large number of witnesses on both sides. Henry Tom Slade was bound over, Nick Lee and wife and Millie Potcat were discharged.

"Uncle Zeke" surely had been in or heard from Yanceyville before he penned the following lines:

De brook dat am de shall'es'
Clatters most upon de way,
And de folks dat am de still'es'
Are de ones who have mos' ter say.
You cannot judge de kin of man
By de manner ob his walkin';
An dey are not de smartest folks
Who do de loudes' talkin'.

The Weekly News-Observer
THE WEEKLY NEWS AND OBSERVER is a long ways the best paper ever published in North Carolina. It is a credit to the people and to the State. The people should take a pride in it. It should be in every family. It is an eight page paper, check full of the best sort of reading matter, news, market reports, and all that. You cannot afford to be without it. Price, \$7.25 a year. We will furnish the "Weekly News and Observer" until January 1st, 1889, for \$1. Send for sample copy. Address NEWS AND OBSERVER Co., Raleigh, N. C.

The *Charlotte Observer* puts it to grumblers this way: Some people complain about a newspaper not giving the news, while to a great extent it is their fault. It is true an editor may be very wise yet he cannot write of things that occur beyond his vision unless informed by others. And some folks will tell everybody else anything that has happened before they will the editor. So give us a lift. If friends are visiting you and you wish their names mentioned, tell it to the editor, or if any of any of your family are sick or have gone away or have done anything you want the public to know, tell the editor.

Kill the Insects
Pr. Oxide of Silicates is the best bug and insect destroyer, and it is a fine thing for tobacco and other plants. Plants are much stronger and better grown in the sun than under canvas. While it is fatal to insect life it is a stimulant to vegetable life. It was used by several in this section last season. For sale in any quantity by Geo. S. SARTIN, Danville, Va., dealer in Nursery stock, Insurance Agent, &c.

A Lady's Perfect Companion
PAINLESS CHILD-BIRTH, a new book by Dr. John H. Dyer, one of New York's most skillful physicians, shows that pain is not necessary in childbirth, but results from causes easily understood and overcome. It clearly proves that any woman may become a mother without suffering any pain whatever. It also tells how to overcome and prevent morning sickness, swollen limbs, and all other evils attending pregnancy. It is reliable and highly endorsed by physicians everywhere as the wife's true private companion. Cut this out; it will save you great pain, and possibly your life. Send two-cent stamp for descriptive circulars, testimonials, and confidential letter sent in sealed envelope. Address FRANK THOMAS & Co., Publishers, Baltimore, Md.
