Chairman Battle says: the railroad companies in the State have generally agreed to have round trip tickets at excursion rates on sale, for delegates to the Democratic State convention to be held in this city on May 30th inst., to be good from May 25th to June 4th, both inclusive. So delegates will be careful to buy tickets to Raleigh and return.

The Tariff Question.

From the Waterbury (Ct.) Alliance.

There is still more or less talk about "straddling" the tariff question and pointing the finger of scorn at skillfully made but non-committal tariff planks in party platforms. There is less of it than there was, for every one has come to admit the necessity of tariff revision, either up or down, in order to have something to go by and by which to mark the progress made, if any, we point side by side the tariff planks in the platforms of both parties on which the presidential contest of 1884 was fought:

REPUBLICAN. Our party pledged to revise the tariff itself to correct the inequalities of the tariff and to reduce the surplus.

DEMOCRATIC. Our party pledged to revise the tariff itself to correct the inequalities of the tariff and to reduce the surplus. We have purposely left off the party designations at the suggestion of a recent correspondent, who wrote that "it would be a good joke if you could show the tariff planks of '84, on both platforms, side by side, without any heading, and offer a prize for any one to tell off hand which is which, and also what difference there is between either of them and President Cleveland's recent tariff message." These may be people so familiar with platforms as to be able to distinguish which side of the parallel column belongs to the republican party and which to the democratic; but no one who knows the meaning of words can detect a shade of difference in meaning between the two sides. And the man who can stand on one side and quarrel with the other has to have a trained imagination.

Democratic Record.

We are glad to be able to furnish just the information our correspondent seeks. Part of it is second-hand but, it will answer every purpose.—Read the record:

1. The Democratic party has restored more than 100,000,000 acres of unearned

land grants to the public domain—for the benefit of poor settlers.

2. It has paid \$200,000,000 of the public debt, and at the same time paid more money for the pensions than ever paid before in the same time.

3. The expenses of the government have been reduced about \$15,000,000.

4. Hordes of lazy, incompetent and useless officials have been dispersed with.

5. It has broken up Indian rings, land rings and tradership rings that flourished till the Democratic party came into power.

6. It has established business methods and strict economy for pilbery and wasteful extravagance.

7. It has given the lie to the charge that the Democracy if entrusted with power would "put the negroes back in slavery and person the Confederate soldiers."

8. It has done more in three years to curb the rapacity of corporation than the Republican Party did in a quarter of a century.

9. The Democratic party repealed the odious and unjust tenure of office act.

10. A Democratic Congress passed an act forbidding the ownership of land by aliens.

11. A Democratic Congress instituted a searching inquiry into the affairs and management of the Pacific railroads, an investigation which has already accomplished much good.

12. The Democratic Congress ordered the adjustment of railroad land grants.

13. A Democratic Congress passed an act authorizing the issue of small silver certificates—a matter of great advantage to the people.

14. A Democratic Congress passed the act settling the succession to the presidency and also the act regulating the counting of the electoral vote. There could be no more important acts.

15. A Democratic Congress passed an act forbidding the use of convict labor upon all government works. A just and wise act.

We submit that this ought to satisfy any one that the Democratic party has done "something for the good of the country." What more would you have? Do you want the whole earth?

We may add in conclusion that the Democratic party will at this session of Congress if not prevented by the Republicans, repeal the internal revenue laws, a thing that we all in this section so much desire.

Winston Adair says: of the 325 members of the House at Washington, 216, or two-thirds of the number, are lawyers. There are 10 farmers and planters, 16 manufacturers, 13 merchants, 10 bankers, 6 physicians, 5 mechanics, 9 editors, and one who calls himself a journalist. There are 4 men who appear to be politicians, only 3 who are put down as office-holders, 6 capitalists, 2 druggists, 1 stenographer, 1 railroad president, 1 surveyor, 1 stock-raiser, 1 dry goods dealer, 1 horticulturist, 1 brewer, 1 greaser, 1 cooper, and 9 members who do not appear ever to have been anything before they became Congressmen. It is supposed that our Mr. Brower belongs to the latter class.

What is this Disease that is Coming Upon Us?

Like a thief at night it steals in upon us unawares. The patients have pains about the chest and sides, and sometimes in the back. They feel dull and sleepy; the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. The appetite is poor. There is a feeling like a heavy load on the stomach; sometimes a faint, all gone sensation at the pit of the stomach which food does not satisfy. The eyes are sunken, the hands and feet become cold and clammy. After a while a cough sets in, at first dry, but after a few months it is attended with a greenish-colored expectoration. The patient feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling sensation in the head when rising up suddenly. The bowels become costive; the skin is dry and hot at times; the blood becomes thick and stagnant; the whites of the eyes become tinged with yellow; the urine is scanty and high colored, depositing a sediment after standing. There is frequently a spritting up of the food, sometimes with a sour taste and sometimes with a sweetish taste; this is frequently attended with palpitation of the heart; the vision becomes impaired, with spots before the eyes; there is a feeling of great prostration and weakness. All of these symptoms are in turn present. It is thought that nearly one-third of our population has this disease in some of its varied forms.

It has been found that physicians have mistaken the cause of this disease. Some have treated it for a liver complaint, others for kidney disease, etc., but none of these kinds of treatment have been attended with success; for it is really constipation and dyspepsia. It is also found that Shaker Extract of Roots, or Mother Seigel's Curative Syrup, when properly prepared will remove this disease in all its stages. Care must be taken, however, to secure the genuine article.

IT WILL KILL BETTER THAN COTTON.

Mr. John C. Hamlin, of Opelousas, Claiborne Co., Ala., writes: "My wife has been so much benefited by Shaker Extract of Roots or Seigel's Syrup that she says she would rather be without part of her food than without the medicine. It has done her more good than the doctors and all other medicines put together. I would ride twenty miles to get it into the hands of any sufferer if he can get it in no other way. I believe it will soon sell in this State better than cotton."

URGENT FROM TEXAS.

Mrs. S. E. Barton, of Varner, Ripley Co., Mo., writes that she had been long afflicted with dyspepsia and disease of the urinary organs and was cured by Shaker Extract of Roots. Rev. J. J. McGuire, merchant of the same place, who sold Mrs. Barton the medicine, says he has sold it for four years and never knew it to fail.

ONE WAS ALMOST DEAD. I was so low with dyspepsia that there was not a physician to be found who could do anything with me. I had swelling of the heart and swimming of the head. One day I read your pamphlet called 'Life Among the Shakers,' which described my disease better than I could myself. I tried the Shaker Extract of Roots and kept on with it until to-day I rejoice in good health. Mrs. M. E. Tinsley, Berwick, Muhlenburg Co., Ky.
