CO-OP WAREHOUSES TO OPEN UP THIS MONTH

Exactly 46 warehouses of the Tobacco Growers Co-operative Association will open during the first week of October in Western North Carolina and Virginia to receive the bright crop of 1925.

On Thursday, October 1, the association opens its receiving points at Durham, Oxford, Henderson, Fuquay Springs, Norlina, Vass, Townsville, Sanford and Aberdeen.

On Tuesday, October 6, the old belt markets of the association begin to receive the crop at 37 points in North Carolina and Virginia. While the association has cut down expenses this year by closing fifteen markets in Eastern North Carolina and South Carolina, there have been very few changes in the markets of the old belt as a larger percentage of this season's crop is expected to reach the association's floors than in 1924.

With greatly reduced expenses of operation the tobacco farmers' marketing organization has doubled its receipts to date over last year, both in South Carolina and the Eastern Belt. It enters its strongest territory with expectations of large receipts of tobacco during the opening days.

In the face of an average price for tobacco on the auction floors at Wilson, N. C. which quoted as \$14.74 up to October 18, by the supervisor of sales for that market, the association has come forward with the highest advance in its history. It is offering a sales agency to the tobacco farmers whereby they can receive full value for their 1925 crop by avoiding the losses resulting from the badly disorganized condition of the markets which has followed the Chinese boycott of the British companies, according to General Manager Richard R. Patterson of the marketing association.

Between 25 and 30 million pounds of tobacco has been received by the association in the new belt to date and deliveries in Eastern North Carolina are increasing every week.

United States Senator E. D. Smith of South Carolina will address the co-operative tobacco farmers of Halifax county Virginia, Saturday, October 3, at South Boston. More than 5000 farmers of Halifax county are members of the tobacco association and fully one thousand automobiles are expected to enter the parade to the mass meeting which celebrates the beginning of the association's fourth season in Virginia.

PARTY FOR TEACHERS

Spring Hope, Sept. 28.—A very pretty social was given by the Fidelis Class in the beautiful home of Mr. and Mrs. J. A. Tunnel to the teachers of the Spring Hope Graded School on Thursday night.

The home, already lovely in its furnishings, was decorated with cut flowers and potted plants. The guests were met at the door by Mrs. M. H. Privett and Mrs. Willard H. Griffin. Receiving in the living room were Mrs. Tunnel and Miss Thelma Lamb. Mrs. L. T. Bartholomew and Miss Laura Sutton directed the guests to the punch bowl, which was presided over by Mrs. A. C. Farmer and Mrs. B. F. Wood.

After they assembled in the living room and parlor a very unique contest was engaged in, the answers to which suggested the names of the teachers present. Chewing gum and tooth picks were then passed and the guests were told to use the gum as modeling clay to make little animals, which furnished quite a bit of amusement. The guests were then invited into the dining room where a color scheme of pink and white was beautifully carried out in the decoration. The centerpiece was a silver vase with pink rosebuds, and pink candles were in silver holders. The color scheme was also carried out in the refreshments, which consisted of an ice course and salted almonds.

TO PAVE ARENDELL STREET

For some time it has been talked about, that the town of Zebulon would pave some of her principal streets, and the matter has been suggested through the Record several times. However, the work has started as it is understood that Arendell street will be paved, and already the grading has begun.

This is a matter that has needed attention for a long time. With paved streets the progress of Zebulon will even be faster than ever before.

With paved streets and side walks all over the town, it will make the town look like a new town. Let's make all the permanent improvements that can possibly be done now. The results for better will follow later.

BEAUTIFYING THE HOME

Home may be the brightest place on earth or it may be the gloomiest. To make it the grandest of all institutions, to make it the one place ever dear to the heart, should be the ambition alike of parents and children. While all can contribute to its joy and happiness, there is no concealing the fact that it is pre-eminently the kingdom of woman. It is her's to embellish, to make it tasteful and cozy. Our honors tell the story of our lives. The climax of the home is in its decorative accents. It is with home as with our clothes, the touch of color is important, the home must have its enlivening influence, the essentials of a room, its rugs, its furniture and draperies may be perfect, yet each that subtle something that gives it the charm of personality. Many of us are apt to need a general process of elimination, for in the past we have rather followed the notion that any quantity of things would decorate. No decorative accent can be a climax, if there are too many anti-climaxes to distract one. As a decorative accent, just a few useful things, of course should be arranged that color contrast is decided. Informal rooms period considerations should have regard, we would not think of Tudor Jacobean or other massive style, with the delicate Georgian period.

The comparative inexpensiveness is but one proof more, that art and beauty are for every one. Shall we go into Autumn with new zest for achieving more beautiful homes, which first, should be made clean and then beautiful, and then we will be better citizens and a better town.

A STORK SHOWER

Mrs. F. Page, Jr., was hostess Saturday afternoon from 4 to 7 to a large host of her friends honoring Mrs. Foster D. Finch. Progressive bridge and rock was the afternoon amusement. Pink rose buds filled with salted almonds were the table favors. Mrs. Clarence Chamblee won high score rook prize and Miss Clarisse Rose high score bridge. The prizes were beautiful colored candy jars.

At the close of the games Mrs. Chas. E. Flowers announced the arrival of "A Little Stranger." This was followed by numerous and lovely little gifts.

A delicious chicken salad with hot coffee, with whipped cream, sandwiches, cream cheese and pickles were enjoyed by all. The place favors were tiny boxes which read "Father's Pride, Mothers Delight and The Neighbors Fright," when opened, was a miniature baby in bath tub.

Those enjoying Mrs. Page's hospitality were, Madames Foster Finch, S. W. Harris, Clarence Chamblee, A. A. Pippin, M. E. Shamburger, B. H. Johnson, B. H. Williams, G. S. Barbee, W. C. Campen, Chas. E.
