**TOWN OF ZEBULON**

Whereas, pursuant to the provisions of Chapter 56 of the public Laws of North Carolina, Session of 1925, petitions have been presented to the Board of Commissioners of the Town of Zebulon, which petitions have been filed as a part of the records of this meeting, and which are referred to as a part of this resolution, said petitions requiring the said Board of Commissioners to pave the following named street or streets, or part or parts thereof, with asphalt, bitulithic, concrete, or some other similar pavement:

Arendell Avenue from Barbee Avenue to Gannon Street, distance of approximately 1300 feet.

Vance Avenue from a point 100 feet East of Arendell Avenue to a point 350 feet west of Arendell Avenue, being a total distance on Vance Avenue of approximately 450 feet.

And whereas, said petitions were heretofore lodged with the Secretary of this Board, who upon investigation certifies that each of said petitions is signed by at least a majority in number of the owners, who represent at least a majority of all the lineal feet of frontage of the lands (a majority in interest of owners of undivided interests in any piece of property being deemed and treated as one person for the purpose of the petition), abutting upon the street or streets or part of a street or streets proposed to be improved, and the said petitions having been re-examined by this board, they are hereby determined and declared to be sufficient and to meet in all respects the requirements of Section 5 of Chapter 56 of the Public Laws of North Carolina, Session of 1915, therefore:

Resolved further, that two thirds or 66 2-3 per cent of the total cost of said improvement (exclusive of so much of the cost as is incurred at street intersections, the cost for the construction of curbs and gutters where said curbs and gutters are to be constructed, and the share of railroads or street railways, if any) be specially assessed upon the lots and parcels of land abutting directly on the improvement, according to the extent of the frontage thereon, by an equal rate per foot of such frontage, all as is provided for in said petitions and in accordance with the provisions of Chapter 56 of the Public Laws of 1915 and amendments thereto.

Resolved further, that every owner of a lot abutting upon any street herein ordered to be improved shall, where there is no paved sidewalk or where there is a paved sidewalk in a dilapidated or unsafe state, pave such sidewalk as far as it may extend along such lot with such materials and in such manner and according to such specifications as may be required by the Board of Commissioners, within ten days after receipt of notice so to pave from the City Clerk. Should such owner fail or neglect to pave said sidewalk as herein required, within the time specified, then and in that event, the Board of Commissioners will cause said sidewalk to be improved and the entire cost of such improvement shall be assessed against the lots and parcels of land abutting on that side of the street upon which the improvement is made and directly on the improvement, according to their respective frontages thereon, by an equal rate per foot of such frontage.

Resolved further, the property owners herein before mentioned shall have the option and privilege of paying for said improvements hereinafter provided for in cash, or if they shall so elect, they shall have the option and privilege of paying said assessments in ten equal annual installments. Said installments shall bear interest at the rate of six per centum per annum, and shall become due and payable each year on the date on which taxes are payable. The whole assessment may be paid at the time of paying any installment by payment of the principal and all interest accrued to that date. Upon failure to pay any annual installment, all shall become due and payable at once. All of said assessments and collections shall be made pursuant to the provisions of Chapter 56 of the Public Laws of 1915, as amended.

Resolved further, that a copy of this resolution shall be published once in a newspaper published in the Town of Zebulon.

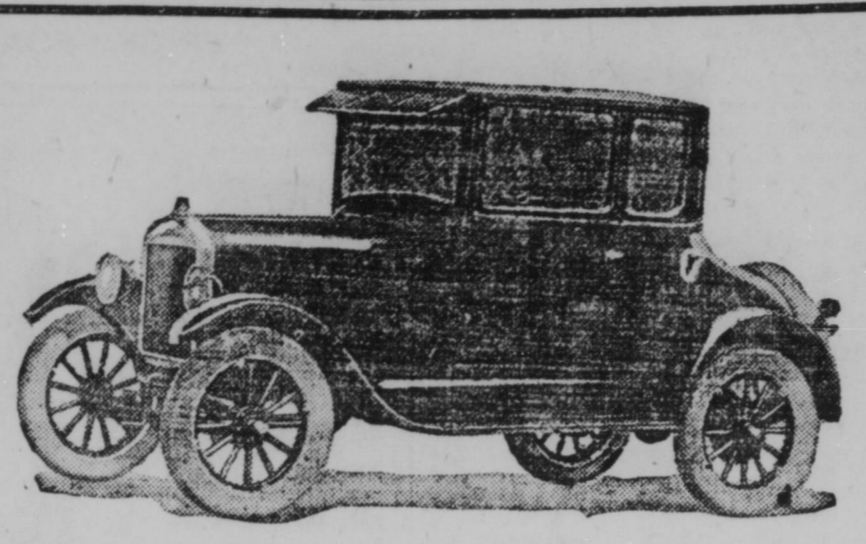

Adopted by unanimous vote of the Board of Commissioners of the Town of Zebulon at a regular meeting held October 27, 1925.

M. J. SEXTON, Secretary.

The News and Observer will be served at your door on Sunday morning. See me at Postoffice, and give me your name so you will get the paper promptly without worry to you.

**Co-ops Distribute Million and Half**

Announcement of the distribution of over a million and a half dollars to members of the Tobacco Growers' Co-operative Association in the old bright belt of North Carolina and Virginia, made from headquarters Saturday, is followed by the statement that the association morale in this territory is growing stronger all the time.

Exactly \$1,590,002.86 will be paid out to the members of the old bright belt. This sum represents the association's final payment on eighteen grades of tobacco of the 1924 crop. While it is just the second payment to be distributed, it indicates highly satisfactory sales for much of the total poundage marketed in 1924 by co-operative western North Carolina and a large part of Virginia.

**ARGUE COOPER APPEAL BEFORE CIRCUIT COURT**

Richmond, Va., Nov. 9.—The appeal of former Lieutenant Governor William B. Cooper, of North Carolina, from an eighteen months' sentence imposed for misapplication of funds of the Commercial National Bank of Wilmington, N. C., was argued before the circuit court of appeals here today. The plaintiff in error claimed that he had no knowledge of any wrong doing in connection with the note of E. L. Sanderson, which resulted in the crediting of \$12,905 to Thomas E. Cooper, a brother.

The United States, represented by Irwin E. Tucker, attorney for the Eastern district of North Carolina, claimed William B. Cooper was aware of the transaction in connection with the Sanderson note for \$12,500 through which his brother, Thomas E. Cooper, received a credit of \$12,905, when the note was discounted. Sanderson claimed that he received no consideration for the note which he had signed when Thomas E. Cooper sent it to him and in sentencing the brothers the court found that Cooper had pretended to discount the note crediting the funds to himself. William B. Cooper, president and director of the bank, was sentenced because of his knowledge of the transaction.

**THE DAY OF THANKSGIVING**  
Thanksgiving Day is the one national festival which turns on home life. It is not a day of ecclesiastical saints. It is not a national anniversary. It is not a day celebrating a religious event. It is a day of Nature. It is a day of thanksgiving for the year's history. And it must pivot on the household. A typical Thanksgiving dinner represents everything that has grown in all the summer, fit to make glad the heart of man. It is not a riotous feast. It is a rollicking young and the sober joy table piled high, among the group of the old, with the treasures of the growing year, accepted with rejoicing and interchange of many festivities as a token of gratitude to Almighty God. Remember God's bounty in the year. String the pearls of his favor. Hide the dark parts, except so far as they are breaking out in light. Give this one day to thanks, to joy, to gratitude.—Henry Ward Beecher.
