### BANQUET WILL BE GIVEN THEM ON WAKELON SCHOOL GROUNDS

Community Get-Together Meeting Fostered By Woman's Club  
Seats At Banquet Table Will Cost \$1.00 For Each Person

The meeting and banquet to be held on Friday, May 21st, is being fostered by the Woman's Club of Zebulon and the proceeds will be used to help build a Community House and every one should be willing to present and lend a hand to the cause.

This meeting will be one of the largest meetings of the year in Zebulon when about 100 members of the Raleigh Kiwanis Club will come to Zebulon, and will be held on the campus of the High School.

This meeting is to get together the business men in this town including farmers, merchants and professional men.

Every farmer and business man will be interested in holding a banquet of this kind and to see Prof. P. H. Massey reservation made for a place on the occasion.

The Raleigh Kiwanis Club here about 100 strong, are expected that many notable men will be present and give talks on the progress of the county as well as the the town's condition and also other town matters.

It is said that an effort will be made to have Governor Bly present on this occasion.

The 100 Kiwanis Club members from Raleigh have already reserved, and will be present.

It is desired that every man in this community—include farmers, as well as the town—notify Prof. P. H. Massey, E. C. Daniel, at Zebulon, how many plates they desire reserved for them. The cost \$1.00 each, and it is believed this community will have a successful occasion.

Tickets will be on sale, and titles the holder to a seat at the banquet table.

It is planned that the banquet will be held in the high school gymnasium, and the dinner will be served in the evening on the campus.

Zebulon and community will have an opportunity to show the visitors what our people are capable of on such occasions.

Every booster and progressive citizen is expected to be present and can have 500 present just as we can have a small number.

Let us lay aside all our selfishness on Friday, and let us all meet together to do something that will be of interest to every individual in this section.

This meeting is not held for the people of Zebulon alone—it is a "community get-together meeting."

Don't forget to notify Prof. P. H. Massey and Dr. E. C. Daniel, of Zebulon, N. C., so they can have your place reserved at the table, and so they can know just how many they may prepare plates for.

We all love our community and we should be willing to sacrifice something for the advancement of our home section.

Remember, that no one can have a place at the table unless they notify Prof. P. H. Massey or Dr. Daniel, or purchase a ticket. We suggest that every one that expects to be on hand make their reservation now, so that they will have no trouble on Friday, May 19th, in securing a place at the table.

#### DAMAGES OF ATTACK

Rocky Mount, April 30.—Dr. A. L. Denton was awarded \$2,000 damages against Russell and Emmett Bartholomew, of Castalia, by a jury in Nash County Superior Court at Nashville late yesterday after having given the case more than twenty-four hours before.

The suit was the outgrowth of an alleged attack upon Dr. Denton by the Bartholomews at Castalia several years ago. In addition to the damages, the defendants were taxed with the costs in the case, which, it is understood, will represent a substantial sum. The physician was suing for \$50,000.

## SURVEYORS AT WORK ON ROAD NO. 91

New Survey In Order To Make Route By Tailor's Mill

Will Cost Considerable More Than The Northern Route

On Thursday of last week, a hearing was given by the Highway Commission to citizens of Middlesex and particularly of the Taylor's Mill community. It seems these people have found what they believe will be both a better and cheaper route from Zebulon by Taylor's Mill than the proposed northern route. They stated before the commission that they did not want Zebulon to be deprived of the road, but if possible, they wanted the benefits of the road also. They believe their proposed route will be as cheap and more direct than any routing yet considered.

The commissioners agreed to have a preliminary survey made if the interested people would assume the cost which will be between \$1,000

## STATE TO BORROW BIG SUM FOR SCHOOLS

In anticipation of bond sales the State Treasurer Ben R. Lacy has been authorized by the Governor and council of State to borrow 2,500,000 at three and one-half per cent. The money is to be loaned to the counties for the construction of school buildings.

Of the \$2,500,000 Wake county will get \$260,000 to be divided as follows: Cary, \$10,000; Wakelton, \$50,000; Knightdale, \$50,000; Garner, \$50,000; Millbrook, \$50,000; and Wake Forest, \$50,000.

An additional \$2,500,000 to be used for the same purpose will probably be borrowed by the State within the next 30 days, according to Governor McLean. This will complete the amount authorized by the 1925 General Assembly for the special school building fund.

The distribution of this \$500,000 has already been apportioned. It will go to 199 projects in 76 counties. The two and one-half million authorized to be borrowed will be distributed as soon as the money is available. This \$500,000 will make a total

## TOBACCO CO-OPS. PLANNING NEW ASSOCIATION

Want To Sign Up Fifty Per Cent Of The Old Belt

There Will Be No Salaried Directors On The Board

Danville, Va., May 10.—Tobacco growers from more than 40 counties of North Carolina and Virginia met here today, recognized as a possible development of the near future the liquidation of the Tri-State Tobacco Growers Co-operative Marketing Association, and decided to form a co-operative marketing association for the old Belt of the two states.

Formation of the new association, it was decided will be predicated up a sign-up of fifty per cent of all the tobacco raised in the Old Belt of the two states. It was first proposed to the growers, who met to hear the report of an organization committee appointed several months ago, that a sign-up of 56 per cent of the tobacco be necessary before the contracts became binding but after hearing the opinions of several present the growers voted for the fifty per cent clause.

An important statement in the report of the organization committee was to the effect that "we would judge the Tri-State Tobacco Growers' Co-operative Marketing Association is liquidating its business and does not expect to operate in the future." This statement had reference to the Tri-State organization and was made after the report of the committee had reviewed the recent happenings in the affairs of the three states organization which included failure of the sign-up in South Carolina, release of practically all of its force of employees and lease or sale of some of its warehouses.

The report declared liquidation of the Tri-State organization would mean a return to the sale of tobacco only over the auction floors, which, judging from 50 years of experience can only mean disastrous prices for tobacco, and with these prices must necessarily follow lower land values, decreased business activity in all lines of business, and poorer living conditions on the farms of the tobacco belt of Virginia and North Carolina. The greatest loss of all is the loss of experience which gained in the past four years of operation of a tobacco association.

The contract under which the new association will operate, if the sign-up is successful, would call for delivery of all tobacco from the lands of every landlord signer, and includes certain clauses termed safeguards which the tri-state contract did not have. Among these are provisions that no officials shall deal with themselves in any manner, and that there shall be no paid directors except the president.

The length of the campaign to achieve the 50 per cent sign-up was discussed at today's meeting. The campaign is slated to end June 15, but sentiment today appeared to favor an extension. This matter, however, was left to the organization committee to decide. The right of withdrawal from the association when the deliveries were less than two-thirds of the sign-up also was discussed, but this also was left to the organization committee to determine and insert in the contract if deemed necessary.

The growers today called on the agricultural officials of North Carolina and Virginia to aid them in their plans for formulating the new association.

## GRAND JURY WANTS ACTION AT POLLS

Reading of the report of the Wake county grand jury, which is headed by Col. Alfred Williams, prominent Raleigh business man, Friday created a sensation around the Wake County Superior Court and the clerk received many requests for permission to read the report, which takes an extraordinary action for a grand jury by calling upon the people of the county to go to the polls and "elect officers who will enforce the law without fear or favor."

The report calls the attention of the people of the county to the "unprecedented and serious conditions existing throughout the county due to the traffic in whiskey and the consequent debauchery of so large a percentage of the younger men especially."

The report declares "there is no lasting remedy for these conditions unless the moral and law abiding people of the county take a determined stand upon this vital issue and go to the polls and elect officers who will enforce the law without fear or favor."

#### A GOOD ONE TO TELL

A Florida man who was suddenly called North on business stopped off and spent Sunday in Washington. As he was passing a church during the evening he thought he would drop in, although the service was half over. The minister was preaching a sermon on heaven, and he exhausted the language in describing its glories. A man in the same pew turned to the Florida man and whispered: "It must be a beautiful place; how I would like to go there!"

The stranger responded: "Beautiful is no name for it. I've been there three years." "Been to heaven three years?" "Was he describing heaven?" "Certainly; what did you think?" "Well I'll be everlastingly bamboozled if I didn't think he was telling about Florida—but I did think he was making it pretty tame."

assault. Friday they withdrew their plea of not guilty, and submitted on a charge of assault on a female.

The case followed a motor party of which the young woman was an unwilling member. Honeycutt made improper proposals to her and later, when she had thrown away the automobile switch keys, slapped her, it was disclosed by the evidence. Although the evidence did not point to such conduct on the part of Richardson, Judge Barnhill held that he had aided in the abduction and was guilty though in a less degree than his companion.—Sunday News and Observer.
