"2 In 1"

Uncle Sam it seems cannot call a halt in these hard times in doing little things in a big way. For instance, about 6,500 men will be sent to Fort Bragg for 15 days training for a \$1 a day job to last 30 days.

Wind Or Worth

Something cannot be made out of nothing. Neither can reality come out of the make-believe, fictitious values or inflation is no more a cure for our present financial condition than that air makes a toy balloon any bigger in bulk.

The New Town Board

We believe that in the election Tuesday Zebulon chose some of her best citizens to manage her business affairs for the next two years.

Since this will be a new administration, we believe the first thing the new board should do is to order a full audit of the town's books. The people should know the true condition of its affairs.

We believe also that a full report of the regular meetings of the board should be made through the press each month. We have been told that the law requires at least an annual financial statement of the town's affairs to be published.

MR. MAYOR, LET'S MATCH

Will the mayor of Zebulon and the new town commissioners read the following clipping from Editor W. O. Saunders, then take a walk through the business section of the town and have a look at the various gambling devices in operation.

Here is part of what Mr. Saunders says: "Hundreds of Elizabeth Citizens are standing around with their hands in their pockets this week at a loss what to do, since the order was passed by the police department late last week banning every coin-in-the-slot gambling machine in scores of small retail establishments."

"Even business men whose financial affairs were in a fearful plight and whose business needed every moment of their attention, were known to spend hours feeding coins into these sucker machines. No wonder they went broke."

LITTLE DEMOCRATS

Senator Green from Madison County, has introduced 23 local bills and the Democratic body has killed every one of them.

Look within. Within is the fountain of happiness, and it will ever bubble up if thou wilt but dig.—Marcus Aurelius.

THE CAMEL'S HEAD'S IN

Sneaking in near the close of the General Assembly, the bill legalizing horse-race gambling in McDowell County became a law almost within an hour.

The very fact this measure was sneaked in as it was without committee consideration or opportunity to be sanely considered by the legislature itself, is proof that its proponents were not on the square.

We believe the General Assembly will repeal this Monte Carlo scheme yet before it adjourns. This camel's head was pulled in uninvited. Give the best people of the state a chance and the "boo" will be followed by a knock-out.

Washington Current Comment

The capitol city always has been a place keenly alive to news. Washington reminds us of ancient Athens, of which we have scriptural report that all the Athenians and strangers that were there spent their time in nothing else, but either to tell or to hear some new thing.

The United States is said to have made a happy start at the international conference by winning the confidence of certain of the delegates. The picture of a man with an unpaid bill trying to win the confidence of his debtor is not found in the art gallery of ordinary business.

Those who favor the retirement of mail carriers, clerks and other federal workers at the conclusion of thirty years of service, apparently are not much impressed by the example of the well-known owner of the business who entered the employ house as an errand boy of twelve.

Miss MacDonald, daughter of Prime Minister MacDonald, points out a social distinction between England and the United States when she says that over there parents spoil their sons whereas we spoil our daughters.

Two Washington lawyers who had a disagreement in court, went outside and punched each other in the nose which seems rather crude at first glance, but not such a bad idea upon mature consideration.

Up to the present the sum total of their achievement has been the legalizing of a beer that does not satisfy taking all the tax possible off the rich and placing it upon the backs of the poor and helpless, creating a lot of useless magistrates to prey on the helpless and innocent public.

When a half-dozen elderly skippers of fishing vessels beat down the coast and up the Potomac, to ask Congress for an increased tariff on fish, they brought to mind a vanishing industry.

There is only one way to get ready for immortality, and that is to love this life and live it as bravely and faithfully and cheerfully as we can.

There is no limit to the forgiveness of God.—Selected.

Holloway's Hits

By James H. Holloway

The legislative program of President Roosevelt is nearing completion and his recommendations up to the present have all met with the approval of Congress. This is truly a very remarkable achievement.

William J. Bryan's dream, of the free and unlimited coinage of silver has at last been realized but its effect on our economic condition is yet to be determined. Many think it will bring about a speedy recovery in business.

The only possible hope of success of the farm legislation lies in some form of controlled production. If the government continues to loan millions of dollars each year to inexperienced and indigent farmers, which enables them to produce more products to increase the already existing surpluses of cotton, tobacco and wheat, we will never get out of the depression.

The poor old General Assembly, is again in a tangle over the question of revenue. They have outdone the King of France, who according to historical lore, marched up the hill and down again to do the same until some member with an ounce of horse sense, moves to adjourn sine die and go on home.

The regular monthly meeting of the boys' and girls' classes was held in the home of Misses Nancey and Minnie Leigh Hinton last Thursday night. Mr. and Mrs. Orin Hales and two children, of Wilson, spent Sunday with Mr. and Mrs. Johnny Hilliard.

On last Saturday Mr. and Mrs. Aron Creech and son Earl, and Miss Mabel Price took a trip to Salisbury, also stopping at Asheboro and Lexington. That section of the state is very beautiful now, especially around Asheboro and Lexington.

Mrs. Gatis Bailey spent the weekend with Mrs. A. D. Driver of Lees Chapel. We had a fine crowd present at Sunday School last Sunday and a large crowd Sunday night to hear the fine sermon by Rev. Nevell Staniel of Kenly.

Rolesville News

Miss Jesmia Young spent the weekend with Miss Mabel Young of Youngsville.

Mrs. J. R. Freeman attended the commencement at Youngsville last week.

Mrs. Wren Williams is visiting her sister, Mrs. George Stell at Raleigh. The Woman's Club met May 1 in their new club building for the first time.

Mrs. Beckie Stell is at Rex hospital for a very serious operation.

Mrs. Jennie Moody is very sick at her home. Mrs. N. B. Daniel, who was critically ill last week, is improving slowly.

Many of the people of our community attended the vocal union Sunday.

Mrs. Ben Medlin spent Sunday with her mother, Mrs. Jesse Strickland.

The parents of our community observed Educational Day Friday at the Middlesex School building.

Miss Lillian Lewis spent the weekend with Miss Loumont Creech, of Corinth.

Misses Gora Mae and Clea Lewis visited in the home of Mrs. J. W. Strickland Sunday.

Mr. and Mrs. Sebern Rittenberry spent Sunday with Mrs. Joe Hogg.

The farmers in this section are taking advantage of this pretty weather, they are busy planting corn and preparing tobacco land.

Mr. Editor—I noticed with interest your editorial piece about Beer, A Preacher. A Week. We may expect such things as homicide, fratricide, soricide, matricide, patricide, infanticide suicide and most all other kinds of crimes but the right side to happen any time.

A Mother's Day Program is being planned here for May 12.

Hales Chapel

We had a fine crowd present at Sunday School last Sunday and a large crowd Sunday night to hear the fine sermon by Rev. Nevell Staniel of Kenly.

READERS FORUM

Dear Editor: Your comments on Profanity last week were very good. I am asking that you give some ideas and opinions on an 8 months school especially for the country people.

Every part of the moral law that was in force when Jesus came is still in force. Only the ceremonial part was superseded by the revelation that Jesus gave. Jesus said He came not to destroy the law, but to fulfill it.

A SIX MONTHS SCHOOL

The editor believes that every child should be given a public education, just what that should include as to scope of study and length of school term, there is a varied difference of opinion.

Read Mr. Mencken's article in this paper. While he presents an extreme view of the situation, yet there is, I believe, much truth in what he says.

Then with the taxes which are "eating the people out of house and home" as they are doing, and the difficulty of finding ways and means to get the money, I believe for the next two years it would be better to cut our schools to six months than to continue the present disastrous system of taxation to keep everything at top speed and on top notch.

Rocky Cross News

The home coming service at the Holiness Church was a success. Most everybody enjoyed it. There were three churches represented.

Mr. Editor—I noticed with interest your editorial piece about Beer, A Preacher. A Week. We may expect such things as homicide, fratricide, soricide, matricide, patricide, infanticide suicide and most all other kinds of crimes but the right side to happen any time.

This is a busy time with the farmers. They are setting tobacco and sowing cotton. Most all have planted their gardens.

We hope for her, a speedy recovery. Mr. Editor—As you are a minister I want to ask you one question. Were people under the law until Jesus was crucified or did the law end at His birth? The Bible says that He was the end of the law, so I want to know did it end at his birth or his crucifixion.

JESUS THE END OF THE LAW

Every part of the moral law that was in force when Jesus came is still in force. Only the ceremonial part was superseded by the revelation that Jesus gave.

Read the sermon on the Mount in Matthew's Gospel. In it Jesus does not repeal or make null and void any part of the law given through Moses, but goes even farther and gives it a fuller and more significant meaning and makes a more vital application of its principles.

He summed up the law, the commandments and all the teachings of the prophets in these words: "Thou shalt love God with all thy heart, mind and strength and thy neighbor as thyself. This do and thou shalt live."

New Hope News

We had a large crowd at Sunday School and church last Sunday morning. I feel sure that everyone enjoyed Rev. J. R. Dicken's sermon.

Miss Phillips of near Zebulon, spent the week end with the Oakley girls. They had a very delightful party.

Miss Mary Denton doesn't improve very much, since she had the grain of corn removed from her throat.

Mr. and Mrs. O. L. Arnold were visitors at Harris Chapel Church Sunday to preaching. They say they enjoyed Rev. Charlie Howard's sermon very much.

Miss Dora Denton and her sisters were Sunday afternoon visitors at Mr. William Wheelers'.

We are very glad to hear that Mr. Joe Hoy's wife is able to be out again after being sick for sometime.

Dere edetur: Letters Of A Self-Made Man

Foreword: In 1930 the editor was in Arkansas and ran into an old fogy by the name of Lewis. This old fogy often wrote under the name of "Luna Tik". At that time Luna's chief aim in life was to get married and he faithfully promised to drop the editor a line if this happy event ever took place.
