## The Zebulon Record

THE FOUR-COUNTY NEWSPAPER—WAKE, JOHNSTON, NASH AND FRANKLIN.

VOLUME 10 ZEBULON, NORTH CAROLINA, FRIDAY, SEPT. THE FOURTEENTH, 1934 NUMBER 11

### THIS, THAT AND THE OTHER

By MRS. THEO. B. DAVIS

After long and concentrated thought upon the matter I have solved the problem of men's failure to prepare their Sunday School lesson. It is because they do not churn. No other occupation is so conducive to reading and study, but large magazines or books are in

### Maine Goes Wet! And Democratic

Democratic candidates for governor and other state offices and one or two congressmen were elected over their Republican opponents in Maine Tuesday. Maine has for nearly a century been thoroughly Republican and the victory of the Democrats is taken as an endorsement of the Roosevelt administration. However, U. S. Senator Hale was re-elected. He is an old line Republican.

More surprising to some observers than the Democratic victory was the repeal of the state prohibition laws. Maine was bone dry 25 years before national prohibition and was the bulwark of the dries. Now the legislature enact laws controlling the liquor.

### e Defeated S. C. Primary

Johnson of Columbia defeated Governor and former L. Blease for governor in the run-off Tuesday. Johnson is a one-time friend two or three years ago. The situation had developed in South Carolina, throwing support of the old element to Blease.

Evenson, of North Liberty is using a discarded hearse, with genuine woodwork and thick windows, for a chicken

States Marine Band 1928, is the oldest of the bands. The band was organized in 1922.

### News of State And the World Briefly Stated

#### Wake Teachers

There are in Wake county this year 263 principals and teachers in the 19 white schools, and 16,000 pupils—outside of Raleigh. Only two schools for whites in the county have as few as two teachers. Wakelton has the largest number of teachers of any rural school in Wake.

#### Perfect Teeth

The Annie E. West School, of Atlanta Ga., for the past four years boasted of having every pupil the possessor of 100 per cent perfect teeth on the first day of school. There are 354 pupils in the school and the principal says the credit for the care of teeth belongs to the president of the P. T. A., who with her helpers visited every home represented, stressed the importance of the work and assisted in taking to the dentist all whose teeth needed attention.

#### Another Woman Candidate

Mrs. Cornelia Bryce Pinchot, wife of Pennsylvania's governor, has entered the political campaign as an independent candidate for the governorship. Her husband is a Republican. She has twice run for Congress, being defeated both times.

#### Many Nations Represented

In the Baptist World Alliance, which met this summer in Germany, forty nations were represented by delegates. Eight thousand persons assembled for the first session. They were officially welcomed by Herr Hitler, and in the absence of the president of the Alliance, who was sick the presiding officer was the vice president, a German. German Baptists were most cordial in their welcome and the nation as a whole accorded the visitors courtesy and consideration.

#### N. C. Leads

Figures compiled by the national Bureau shows that North Carolina leads the nine southeastern states in population, having more than three million inhabitants. Georgia comes next with a population nearly four hundred thousand and less than that of North Carolina.

#### Killed in Boiler Explosion

A boiler at a gin near Neal, Ga., exploded last Friday, resulting in the death of seven men who were at the gin. Such accidents are rather common but with improved safety devices they are being reduced.

### Huey Long Wins In Louisiana

The Kingfish has again demonstrated that he is the kingfish—Senator Huey Long's candidates won by substantial majorities in the New Orleans elections Tuesday. Mayor Walmsley, former Long lieutenant but lately his bitter political foe, lost out. The National Guard and the New Orleans police joined forces to preserve order at the election.

### Tobacco Markets

Tobacco markets of the middle belt opened for the sale of leaf tobacco Tuesday. Prices maintained a high level for the better grades of leaf, though poorer grades showed some decline from the eastern market opening.

### Church News

Revival services will begin on next Sunday at the Methodist Church. There will be prayer service on Friday night of this week in addition to the meeting on last Wednesday night.

The general meeting of the Baptist W. M. S. was held at the church on Monday P. M. Mrs. Howard Massey, in charge of the program, was assisted in presenting Pioneer Baptists in Europe by Mesdames C. V. Whitley, Lester Green and R. H. Herring.

It was decided to make a special effort to secure a contribution for missions from every resident woman on the church roll.

#### METHODIST CHURCH SERVICES

Special services to begin at Zebulon Methodist Church at 7:30 Sunday evening, Sept. 16. Rev. F. S. Love, the Presiding Elder of the Raleigh District, beginning Monday night, will preach through the week.

Special services, in preparation for the meeting have been held this week, the last of them to be held at 7:30 Friday night.

The general public is cordially invited to attend all of these services, and the Methodists in the section whether members of this church or not are expected.

Sunday School at 10 A. M.

The whole world loves quiet men. Who sit all day as still as owls; But 'tis needless to mention It gives its attention— To the man who gets up and howls. —Park.

Now is the time to advertise.

One of my friends recently made the remark that it was much more fun to hear the popular comedians, songsters, conductors, et cetera, et cetera, via the radio than to see and hear them via the talking screen. Since that time I have seen Joe Penner, Baron Munchausen, et al, et als, and have been thoroughly convinced that mon ami was right. When it comes to screening most of radio's stars, Hollywood should use a finer screen or a weed-eating hoe. Of course, I may be wrong, I sometimes am—

Do you recall a gentleman who purchased one of the first '34 Chevrolts? The one who was something more or less of the shrinking violet type? The auto wrought change upon change and the gent stepped out in the society of the opposite sex. And would you believe it, the latest reports have it that he is practically rushing one via Sniper offer her feets. Now it wasn't told to me, I only heard—

One Martha Bailey Flowers seems to be giving the adjoining city a good bit of her time of late. Said thought of the day for a certain sailor should be turned toward the home port. Maybe he's losing the grip he had. At any rate, when last he was home, he didn't date M in the afternoon, so I take it that he will learn that maybe two can play th' game. That's it Martha, you hide and I'll seep—

Bobby Horton plans to use this column as a check on Ye Earle when a-colleging he would go. Such is being done Bobby, yuh cute lil' devil—

Cully Wallace, and Suh Pukins seem to be there with the gong where the wicker sex is concerned. At any rate, I thought I saw them with a couple of gurls th' other night. How these new boys do catch on Tsk! Tsk!

Ted Pippin and his V-8 don't seem to be able to make up his mind. At any rate the V is never parked in front of the same house two nights in a row. Inclinations are, to wonder if Ted is working on the Findum, Lovum and Leavum plan—

Fair week was quite nice for a goodly number of lovers. They all left "for the fair" but a goodly percent never reached it. Speedometers registered as much as seventy miles to Werdell and back. M-m-m-m-m. Some Fair!
