

# 4 County Fair at Zebulon All Next Week

## The Zebulon Record

THE FOUR-COUNTY NEWSPAPER—WAKE, JOHNSTON, NASH AND FRANKLIN.

VOLUME 10

ZEBULON, NORTH CAROLINA, FRIDAY, SEPT. TWENTY-EIGHTH, 1934

NUMBER 12

### THIS, THAT AND THE OTHER

By MRS. THEO. B. DAVIS

And now they are telling us that beer with only a legal percentage of alcohol is almost impossible to procure in these parts. "They" also say that much of the illegal beer is plainly labeled as to alcoholic content, but is being sold regardless. Surely "they" must be wrong; or else we shall be forced to discount the promises of those who assured us that if beer were sold in this state it would all be perfectly in accord with the law and a great help in breaking up bootlegging.

My two youngest sons and James Bunn asked me last week to tell them what a goatee is. Next they wanted to know if I could describe a circular staircase. I thought it a part of the youngest's school work and did my best. But when I finished instead of being grateful for information they all began to laugh. It seems that I had told them with gestures—many of them. They said they had asked quite a number of persons for the definitions I gave and that every one of those replying had used gestures first the hands to the chin and next the corkscrew motion of the arm. Try asking and see if your informant gesticulates.

Every few months I read of a scientist's predicting that insects will finally destroy man and his work, and I am really beginning to fear that if they don't destroy me any other way, they will worry me to death. We are told that insects eat or kill at least one-tenth of every year's crop. Of course most, if not all, of the worms that bother our gardens are merely insects in a certain stage of development.

And did you ever see so many bugs, worms, spiders and such as there are this season? Smooth ones, fuzzy ones, solid colors, stripes, dots—just any style you prefer. Fruit, vegetables and flowers have a hard time trying to be their best selves. And many of the pests sting or bite, which adds to our detestation of them. Spray, pick, dust as you will, the insects are doing their hungry best to defeat you.

I do hope all the women who have crocheted bedspreads will put them on exhibition in the fair here next week. I want to look at them. Years ago I did lots of crocheting and some knitting, but "them days is gone forever," or so it seems. Busy as I am now, if I were to begin one the folks cleaning up for my funeral would probably find pieces of it lying around and someone would ask what they were for. And someone else would probably reply: "Oh, those are just some parts of a bedspread she began years ago. You know the poor old soul was always starting things she couldn't finish."

One day last week a friend

### Nice Wedding At 4-County Fair

On Saturday night at the Four County Fair Miss Virginia Williams will be married to Mr. Edison Wood. This announcement is of real interest to many in this and other sections. The bride-elect is the third daughter of Mr. and Mrs. Tommie Williams, of Zebulon, and has lived in or near the town all her life. She is a graduate of Wakelon School and is both pretty and popular. The bridegroom is the son of Mr. and Mrs. William Wood of Wakefield, and has made many friends since coming to this section.

The ceremony is to be performed by Rev. Theo. B. Davis at the request of the young couple.

Not only those who attend the wedding and witness a beautiful ceremony, but friends who may be unable to be present will unite in wishing happiness and prosperity to Virginia and Edison. Let your presence testify for your friendship.

### Chamblees Have Nice Reunion

The annual reunion of the descendants and family connections of the late S. C. Chamblee was held last Sunday at the home of C. S. Chamblee, which is the old family home. A picnic dinner was enjoyed in the yard and the occasion was very pleasant for a number of friends, in addition to members of the Chamblee clan. Members of the immediate family present were: Mr. and Mrs. C. S. Chamblee and family; Mr. and Mrs. A. C. Chamblee and family; Mr. and Mrs. C. B. Eddins and family; Mr. and Mrs. T. H. Hester, of Wendell, and family; Dr. and Mrs. F. G. Chamblee and family, of Spring Hope; Mrs. Carrie Lewis, of Raleigh, and family; Mr. and Mrs. W. N. Pitts and family.

Among the friends attending were the pastor, Rev. R. H. Herring, and family.

The Earth has a land area of approximately 47,000,000 square miles.

\*\*\*\*\* called me up to tell me her sweet pickles had gone wrong. They were her nicest small cucumbers and she had brined them carefully to make a specially good product. But she put them right from the soaking water into the sweet pickling sirup and they got tough and shriveled.

It is always best to make first a pickle that is sour, and best not even to use all vinegar at first. Use not more than half vinegar and the rest water, letting the cucumbers stand in that for a few days. Next drain off all the liquid used first and pour over the pickle a stronger vinegar solution, letting them stay in that for a few days, when it may be poured off and the final sirup, sweet and spiced, put in the jars covering the pickles which may then be sealed.

These directions are taken from government bulletins. My own experience has proved them satisfactory.

CLARENCE H. CHAMBLEE

### Mr. Chamblee Meets Death In Accident

It is probable that no death ever shocked and grieved the entire community more than that of C. H. Chamblee, who was killed on Monday of this week by an auto truck just off the highway in front of his home. Struck in the morning as he was waiting to signal the driver of a wagon when the way was clear, Mr. Chamblee was rushed to Rex Hospital, but died shortly after eight o'clock P. M.

Funeral services were held at Wakefield Baptist Church on Wednesday afternoon, conducted by the pastor, Rev. Carl Ousley, assisted by Dr. W. R. Cullom, of Wake Forest. Attended by many from a distance as well as by a great gathering of friends from this community, the service was quiet, unpretentious, and deeply reverent, as was fitting for the last rite for one whose life had exemplified these traits.

Mrs. Chamblee, who was before marriage, Miss Nannie Sentelle, has the comfort of knowing that hundreds grieve with her.

A brother, M. B. Chamblee; and a sister, Mrs. L. F. White, of Mehane, also survive.

Mr. Chamblee, though prominent in business and in affairs of government was perhaps at his best in his own home, in his church and with his neighbors. He loved them all and was loved of them.

Truly "hath a prince and great man fallen this day in Israel."

### Wakelon Record

Attendance at Wakelon High School surpassed all previous records for the first two weeks of school. The average was sufficiently high to gain a new teacher in both the high school and grammar grades and superintendent E. H. Moser is doing his best to obtain them.

A comparison of last years' average for the first two weeks of school and that of this year is as follows: Last year 908 pupils were enrolled. The average for the grammar school was 587; high school 224; total average was 811. This year 948 pupils were enrolled. The average for the grammar school was 666; high school 235; total average 901.

### Cooley To Address The 4-County Fair

Harold D. Cooley, congressman of the 4th District, will deliver the opening address. Monday Oct. 1st, 8:30 P. M. on the 4 County Fair Grounds, the first day of the fair. All can hear the address, as there has been installed an adequate amplifying system.

The 4 County Fair Directors consider themselves fortunate in securing Congressman Cooley as speaker, to deliver the address of Welcome. He is a gifted and eloquent speaker and will have a message that will interest and appeal to all, and be an inspiration to all who will be fortunate enough to be there and hear him.

In addition to this address on that night you will be greeted by a most attractive and educational Exhibit Hall. On the Midway will be the R. H. Work Shows with an aggregation of shows and rides that will please and thrill you, and the Free Attractions that will be given at intervals throughout the evening will be entertainment of the highest type and the most spectacular of all will be the Display of Fireworks which will be put on by one of our own citizens, Mr. A. V. Medlin, whom we all know, and he promises us a show that we may long be proud of.

Come one, come all, let's make this a real Gala Event and make the Zebulon 4 County Fair a Great Success.

### Church News

The Circle of the Methodist W. M. S. met at the church on Monday P. M. Plans were made for the Zone meeting which will be held at an early date with the local organization.

The Northside Circle of the Baptist W. M. S. met on Monday P. M. with Mrs. R. H. Herring hostess. The Central Circle met at the same time with Mrs. Ted Davis hostess. Both circles are studying the same book on missions.

Keep in mind the Promotion Day exercises at the Baptist Church next Sunday morning. The program will be based on the Six Point Record system and will clearly present the work that has been done.

Rev. Edwin Hoyle has been preaching this week in a special service at Little River S. S. There is no church organization but a Sunday School has been attended for months at this place, and preaching services have been held occasionally.

The Zone Meeting of the Missionary Societies of the Raleigh District of the Methodist conference will be held with the Zebulon society at the Methodist Church on Tuesday of next week. The program will begin at ten o'clock in the morning. Lunch will be served at church. All lady members of the local church are asked to attend and bring lunch.

\*\*\* Quite amusing was the incident occurring the other day incorporating to elegant young men of our fair thitty.

Grip Daugh'ty and Earl Moses, were standing in front of the post office arguing about who was going to date Mary Frances, the Cockrell girl. The argument seemed to be growing vehement so I ambled out to inquire the whatfor and the who-of. To my surprise, instead of the usual type argument along these lines, they were trying to get each other to date the gel that night.

If I were in Mary Frances' shoes which I ain't, thank goodness, I'd inquire into the matter further. Because she's either losing her appeal or the two gents have "found somebody new". There is a slight chance that there is an element of John Aldenism behind the whole affair. I dunno.

\*\*\* Sailor Les seems to be home on leave at which occurrence, Sister Martha Florist's heart should palpitate in a most unusual manner. But I'm afraid it don't do it like it used to. There seems to be an incessant longing in the gel's heart for Wendell. A casual wonder is, has she aquired a new 'big moment' or can't she see him for the salt? O. K., let's all go wonder together. You go wonder first, and I'll come wonder later.

\*\*\* Those numerous grease-spots to be seen on the show window of W. B. Bunn and Company, Inc., Esq., Et Cetera. and Et. Cetera. cause some curiosity, perchance. They were caused by noses, which were pressed against the pane as curious bystanders stared at the mighty Tracy working radio gadgets, and unsuspecting neighbors, thank you.

\*\*\* That dainty little fellow with the mixing step (whatever that is) isn't a toe dancer with the carnival, he's just Vance Privette who has been swapping work with Bernice. Vance has Bernice by a tender portion of the anatomy in that he isn't going to give Bernice his wiring bill until Bernice gives him his radio service charge. Uh-huh.

\*\*\* By the way, they tell me they're having a clean hoochie-cootchie show with the carnival. In that case, my wife and I will see you at the fair". Who said hen-pecked! Hen-cooped!

### Spring Hope Holds Fair

Spring Hope is having a big time from Sept. 24th through the 29th. Their Community Fair is running and there is a big carnival offering all kinds of fun and recreation for those who attend.

No one is useless in this world who lightens the burden for someone else.—Dickens.
