

The Zebulon Record

THE FOUR COUNTY NEWSPAPER—WAKE, JOHNSTON, NASH AND FRANKLIN

VOLUME 10

ZEBULON, NORTH CAROLINA, FRIDAY, JUNE FOURTEENTH, 1935.

NUMBER 49

Engineering Division Will Stay At Raleigh Sector of University

Of interest all over the state is the news that engineering schools at Chapel Hill and State College will be consolidated at the Raleigh unit with gradual elimination of engineering courses at Chapel Hill except for graduate study. The change was said to be bitterly opposed by John Sprunt Hill, member of the board of trustees but was favored by President Graham, who feels it is what the people of the state desire. The Business and Science School at State College will be moved to Chapel Hill. Changes will do much to eliminate duplication of courses and improve economical without less efficiency.

Poliomyelitis Is Increasing

There have been reported to the Board of Health at Raleigh more than 80 cases of infantile paralysis in the state. Northampton, Beaufort and Craven counties in the west have reported cases and in the east they have been found in Currituck and Buncombe, and still further west in Jackson. To date only five deaths have been reported from this cause.

Wake has led all counties with 20 cases. So far none has been found in Zebulon. Parents are urged to keep their children at home, or away from crowds, and to look carefully after their general health, which is always a factor in contracting disease.

Committee Elects

Governor Ehringhaus' appointment of the state ratification committee includes D. L. Bagley, Moyock; Scott, Haw River; J. Rocky Mount; S. H. H. Chapel Hill; George Stev. Asheville; Mrs. Jane S. McRaleigh. Mr. Bagley will be chairman and David S. of State College, who aided recent statewide survey, is likely to be secretary.

The recent legislature appropriated funds for the commission and it will aid rural communities in obtaining dependable electric service.

Stanley Wins In Battle of Wits

Dr. Charles Flowers Assists Shorr In Exhibition of Sheer Skill

"We will challenge anybody in North Carolina," crowed Stanley Shorr, self-acknowledged set-back champion of Zebulon, after he and Dr. Charles E. Flowers recently trimmed Dr. G. S. Barbee and A. V. Medlin in a cardboard contest.

"The 'Little Four' put the 'Big Eight' on the spot, slaughtered 'em, ganged 'em," said Champion Shorr.

THIS, THAT AND THE OTHER

BY MRS. THEO. B. DAVIS

Here's a headline taken from the Raleigh Times one day last week: Arrange Details Of Boney Dinner. Do you suppose they served fish?

For two weeks I've tried to find who came while we were gone to Chalybeate Springs and left a paper bag of zinnia plants hanging to the doorknob. I should like the giver to know that every plant is growing nicely and that we are really proud of them.

Fairly often these days I see a bird that puzzles me. He (or it may be she) is the size and shape

THAD EURE

Fee Paid for Next Summer's Primary

Although the primary is a year away there are already several for-announcements for state office one candidate has paid his fee the State board of elections.

His announcement Tuesday of candidacy for secretary of state, Thad Eure of Winton stated that money was already up. His announcement followed close on that of R. (Mike) Dunnagan, Raleigh newspaper man, for the same office. Incumbent, Stacey W. Wade,

is also sure to ask for re-election. By act of the last legislature the salary of this office was boosted from \$4600 to \$6000 a year.

Mr. Eure has been chief clerk of the house of representatives for the two past sessions, and before that represented Bertie county in house.

Other announcements include W. Horton of Chatham for lieutenant-governor, to which office Paul Brady of Johnston also aspires. Lee Lumpkin of Franklin get in that race. All three of gentlemen are veteran legislators and were members of the general assembly.

Postoffices Moved Higher Rating

Announcement has been made that because of increased business the postoffices at Bailey, Middlesex, Varina and Buie's Creek will be advanced from fourth class to third class.

Safety First

As a precaution against the possibility of an accident, I want to ask that when our Fire Department is called out in answer to an alarm, that no one drive nearer than forty feet behind the Fire Truck.

This will give a safe distance for the Firemen to handle the water hose without taking chances of being run over by some one driving too near the truck.

R. H. BRIDGERS, Mayor.

Eastern Carolina Farmers Meet To Study FCX and AAA System

LOCAL CHURCH NEWS

No announcement has yet been made as to when classes for children will again be taught in the Sunday Schools of Zebulon.

The Central Circle of the Baptist W. M. S. met on last Friday p. m. in Mrs. Lela Horton's flower garden. Mrs. Iscar Strickland was in charge of the program, a memorial to Miss Fannie Heck. Mrs. Falc Bunn led the devotional. A playlet was given by Joyce Temple, Dot Horton, Rebecca Horton and Judy Robertson assisted by Mrs. Strickland. Charles Horton sang Growing Up For Jesus.

This Circle will meet next with Mrs. Riggsby Massey.

The general meeting of the Baptist W. M. S. met on Monday p. m. at the church with the Central Circle in charge of the program, which was a study of the two American continents. Taking part were Mesdames Outlaw, Strickland, W. A. White, A. S. Hinton, Allan Pippin and Ted Davis.

The work of painting the auditorium of the Baptist church was begun on Monday. Work will be done as fast as possible that services may not be interfered with.

CP&L Dinner

On Thursday evening of last week a demonstration dinner was prepared by Woodrow Hayes, salesman for the Carolina Power and Light Company, at their store in Zebulon. In addition to the employees—Miss Dorothy Jones, Messrs. McIntyre, Narron, Hodge Eudy, Tom Farr, "Ikey" Farr, and Hayes—those enjoying the occasion were Mrs. Tom Farr and daughter Frances of Nashville and Mesdames Theo Davis and Ted Davis of Zebulon.

The meal included roast beef, chicken, potatoes, onions, tomatoes, string beans and peppers, all cooked in one of the Company's new Magic Electric Cookers.

It may not have been altogether a fair demonstration of cooking done in the new way, as the guests sat around waiting and sniffing at the delicious odors until they were hungry enough to have eaten with enjoyment food not half so good as that which was served. (The delay was not the fault of the cook or the cooker, but was caused by the waiting for, Narron and McIntyre to return from a ball game.)

"Woody" Hayes acquitted himself well in this his first demonstration of the Magic Cooker, and his talk was not superior to the food he had prepared. He used two cookers—one of each size—since he cooked so much of so many things.

For those who feel that they can not afford an electric range the Magic Cooker offers wonderful service at far less outlay of money.

For the purpose of creating greater interest in and understanding of the AAA and the Farmers' Cooperative Exchange, J. B. Slack, County Farm Agent, and B. G. Mattox have planned a series of meetings to begin on the night of June 17 and continue through the 28th.

At these meetings plans for handling a full line of supplies for farmers will be discussed. Every farmer in the county is urged to attend. A list of places of meeting and dates follows:

Monday Night, June 17—Four Oaks Town Hall; Archer Lodge School.

Thursday Night, June 20—Selma Town Hall; Pleasant Grove Court House.

Monday Night, June 24—Meadow School; Kenly School.

Tuesday Night, June 25—Pine Level School; Clayton Town Hall.

Wednesday Night, June 26—Benson School; Carters School.

Thursday Night, June 27—Micro School; Corbett Hatcher School.

Friday Night, June 28—Princeton School; Corinth-Holder School.

Neuritis Remedy

Announcement has been made of the discovery of a new treatment for neuritis, which is an inflammation of the nerve trunks. This is the crystals made of pure vitamin B, and is claimed to have been proven efficient in 90 of the first 100 cases so treated. The patient takes an amount less than the size of a pinhead daily.

The new medicine is very expensive and neuritis sufferers are probably wise if they do not become too much excited over it.

Meredith School For Preachers

Meredith College on Monday was the scene of the opening of the annual School for Preachers. Registrations numbered around fifty on the first day. Rev. J. M. Hilliard, 85, long time pastor and church builder in High Point, is one of the oldest men to enroll and Rev. Carl Ousley, 24, pastor of Wakefield Church, is one of the youngest. Sessions will continue for ten days.

Notice

One of the books borrowed for use in the Literature Department of the Woman's Club has not been returned and it is highly important that it be located at once, as otherwise the club must pay for it. Appropriately enough, the lost book is "There Is Confusion." (And there'll probably be more if it is not found.) A short paper used in the program on Corra Harris has also been mislaid and is wanted. Please notify Mrs. Falc Bunn if you can help her find these.
