Philmore Willips

I feel almost like the little boy who had the mumps when he was scheduled to sing. He had to sing. I'm not scheduled to write but I've been dared to write a column. I feel almost like running away but I believe I'll stay on and irritate the readers of "The Zebulon Record" a while.

I heard a rather clever definition of a dwarf this week. Someone asked a young man what a dwarf was. He quickly replied, "A miniature dude." If that definition is correct then many of the "boys about town" are dwarfs.

I went down to the Zebulon Supply Company last week to look at some furniture. (No, I'm not going to furnish a home for myself or anyone else.) I only wanted to see what they had new in the way of gadgets. They have such pleasant salesmen there that I was almost persuaded to buy something real pretty in spite of the fact that I had only four cents in my purse.

Singing off as I hear you draw a deep sigh. Yes, it is all nonsense with no point to it. You guessed it right the first time without my having to tell you about it. (The pointless tale.)

Act recently passed by Congress, the period for filing new applications will expire at midnight, June 27th, 1935. After that date, it was stated by T. C. Abernethy, State Manager of the Corporation here, no applications will be received from home owners who are in distress and who are eligible under the law for assistance, he urged that all those desiring assistance file their applications at once.

Mr. Abernethy stated that regulation, as to eligibility, remain virtually unchanged, and those desiring complete explanation of what cases are eligible may receive it either by calling at the State Office, Post Office Building, Salisbury, N. C. or one of the District Offices, or by writing for full information. Office hours of the Corporation, for the summer, became effective two or three weeks ago, and are from 8:30 A. M. to 4:30 P. M. Mr. Abernethy stated that these hours have been changed, for the convenience of the public, and application clerks will be on hand in the State and District Offices until 5:30 and later every afternoon until the time limit for filing applications expires.
