Babies Left At Barn

A man clad in white trousers and shirt, driving a green Chrysler roadster stopped by the side of the road and placed something under the barn shelter of Gattis Bailey. After the man left Gattis went to his barn. What do you reckon he found? Four babies in a nice little box all cozy and warm. He was so proud of them he adopted them into the family as he has plenty of cow's milk to feed them on after

feeding the pigs. They were so nice and so near alike he named them all "Tabby".
