BARBER'S ITCH SCABIE  
DHOBBIE ULCERS OF THE SKIN  
ITCH, RASH, BLEEDING BOILS AND PIMPLES

### "ELECTROSOL"

(A Liquid Solution of Colloidal Copper)

is an excellent application for successfully combating the  
DREADED evil of the underskin bacteria, parasitic and fungi—  
the enemy to good health in the human body.

### "ELECTROSOL"

AS AN EXTERNAL APPLICATION

when applied, immediately PENETRATES to the very seat of the  
bacteria bed, destroys the parasitic or fungi germs, INSTITUTES  
a healthy blood circulation, carrying away the unhealthy material,  
thus PROMOTING a rebuilding and mending condition in both  
underflashes, tissues and outerskin, to the end of CREATING  
healthy cellular results.

ELECTROSOL in the final analysis, after being properly  
applied for a reasonable period

... MEANS

healthy blood action, flesh and tissue invigoration and a rejuvena-  
tion of the skin.  
ELECTROSOL is non-poisonous, non-irritant, non-caustic. Contains no drug or  
medication of any kind—BECAUSE Colloidal Copper constitutes part of the human  
body, its deficiency throws the body open to serious skin and underflashes affliction.  
IT HAS BEEN PRESCRIBED by physicians the world over.

If you cannot secure ELECTROSOL at your druggist, mail  
\$1.00 or ask that it be sent C.O.D., which will require  
post-office charges, or write for ELECTROSOL BOOKLET.
