TRIBUTE ON MOTHER'S DAY

Not on this day alone we think of you
And of the things for which you always stood—
The love of justice and of mercy, too,
The constant striving toward the pure and good.

Not on this day alone do we recall
The happiness of long-gone childhood years,
And realize your love was in it all,
And pay the homage of quick-springing tears.

Yet on this day an offering we bring
For those whose sickness our help may claim;
We hold it as no trivial, careless thing,
But lovingly we give it—in your name.

\$25 Lost or Missed?

A subscriber told us this one which we have no reason to doubt: A certain man carried a hen to a merchant to enter our hen contest. She was weighed and due record taken that she balanced the scales at 10½ pounds. The merchant put the hen in a coop. The man said, "Now, pay me for her." "Oh," the merchant replied, "You get a chance of \$25.00 free and the hen pays for a year's subscription to the Zebulon Record." The man said: "I don't want no Zebulon Record, I want you to give me my hen or pay me for her." He took his hen home. The hen that won the \$25.00 weighed five ounces less than this one.
Another man brought one that would have won a dollar prize. He
