## GENERAL NEWS

### NEW NATION IN CHINA

The latest reports say that the Mongol hordes of Northern China have declared their independence and organized a new nation called Mongokuo. It is similar to the Japanese inspired state of Manchukuo.

### FIRECRACKER PLANT KILLS 28

A Chinese firecracker plant near Manila exploded March 15 and killed 28 known people, and it may be that as many as 50 were killed. Most of those killed were Filipino women who had no way to escape except by one door.

### THE LEGISLATURE

Representative Hatch of Wake County has introduced a bill to prevent the publication of false or scurrilous statements. He says it is not aimed at the freedom of the press, but to prevent the circulation of false statements by insolvent persons or corporations reflecting on the character of innocent persons.

### 'ROUND THE WORLD TRIP POSTPONED

Amelia Earhart has postponed her trip around the world for perhaps two weeks owing to a storm covering perhaps two-thirds of the 2,400 miles between California and Honolulu. Her proposed trip around the world will take her 27,000 miles.

### ABC BOARD MEMEBERS RESIGN

Strange things are heppening in Zebulon's sister towns of Spring Hope and Wilson. Earl M. Mallison, manager of the Spring Hope ABC store has resigned and B. J. Williams of the Wilson store has also handed in his resignation. Wilson made \$150,000 in twenty months from its store and Spring Hope made perhaps as good a percentage. We wonder if the stingy salaries paid provoked the gentlemen to leave their respective jobs with the counties. The Spring Hope store has extended the closing hour

jected to late hours and quit.

### LAWYERS AND NEWSPAPERS OPPOSE COURT REFORM

A survey in Raleigh of 80 lawyers shows that more than 70 of them opposed the President's Supreme Court reform. In Chicago the American Bar Asociation in analyzing its 16,132 votes against 2,563 for it, reported the plant disapproved in every state, the District of Columbia and all territories.

A poll of newspapers by the Publishers Auxiliary shows that three out of four newspapers oppose the court reform.

### NO, NOT OUR CHECK

One firm paid \$1,978,702 in income tax Tuesday to A. J. Maxwell, Commissioner of Revenue. No one knows whose check it was, but a good guess would be R. J. Reynolds Tobacco Company. Four years ago that company paid \$2,138,00 income tax. Last year they paid about \$400,000. On Monday nearly \$10,000,000 came into Mr. Maxwell's office and it will take two or three days to add up Tuesday's tax receipts. It is estimated

income tax revenue in the state's history.

### POOR LITTLE RALEIGH!

A bill was offered to the legislature to extend the limits of the city of Raleigh, but in 20 minutes it was unfavorably reported.

### HOBSON DEAD

Rear Admiral Richmond Pearson Hobson died suddenly of a heart attack at his home in New

old. He became famous by bottling up the harbor of Santiago during the Spanish-American war, by sinking a vessel across the harbor.

### REFORM INDORSED

On Monday the North Carolina Legislature endorsed without a record vote President Roosevelt's proposal to reorganize the Supreme Court. There was no debate. A movement to have all legislators sign a booklet as favoring this plan had not succeeded.

*"and we averaged better than* **25 MILES** *TO THE GALLON"*

The new "60" Ford V-8 (illustrated) is the thriftiest car in all Ford history! Drive it all day on a tankful of gas—owners report 22 to 27 miles per gallon. And it carries the lowest Ford price in years.

Yet the new thrifty "60" V-8 is as big and roomy, as well engineered as the "85." You get the same all-steel body with safety glass throughout. The same new quietness and beauty. The same easy-acting, quick-stopping new Ford brakes. The same large luggage

compartments.

And it's a real performer! Like most cars it bows a bit to the brilliant "85" Ford V-8 in pickup and top speed but you will be amazed at what it will do just the same. The thrifty "60" V-8 is a car you will own with pride and drive with pleasure. A car that will save you not just pennies but dollars! A car that's built so fine and priced so low you will have to *drive it* to believe it exists. Your Ford dealer invites you to drive this car yourself. Call him today.
