

Tourists in Canada

Canada is second only to France in number of tourists annually in the country. Italy is third in popularity with travelers while the United States is fourth in tourists, Switzerland stands fifth. Mexico and Great Britain tie for sixth place. The province of Quebec alone has averaged \$30,000,000 yearly in tourist revenue for the past 20 years. However, it is said that those who visit Canada spend 30 per cent of their money in Quebec.

LESS TOBACCO LAST YEAR

North Carolina's tobacco crop was one-fifth less in 1936 than in 1935, but the price was ten per cent up. Wilson sold more tobacco than any other market in the state. Fuquay Springs reported the highest average for bright tobacco per pound — \$26.42. It is estimated that 22,000,000 pounds of tobacco grown in N. C. were sold in Virginia and South Carolina, besides a part of the crop of Burley tobacco, which was sold in Tennessee. Burley top price was \$38.28 per pound in Asheville.

"MY DIGESTION ROLLS RIGHT ALONG"

—says Fred McDaniel, Cowboy

"I SMOKE PLENTY of Camels, and enjoy my meals," McDaniel says. Camels at mealtime step up the flow of digestive fluids—alkaline fluids—that help you enjoy a sense of well-being.

MACHINE OPERATOR, Frances Morel, says: "When I feel low, I get a 'lift' in energy with a Camel. And Camels aid my digestion." Camels set you right!
