

THIS IS MAIN STREET IN BINGVILLE

Test Your Powers Of Observation: How Many Things Are Wrong In This Picture? ☺ ☺ ☺ ☺

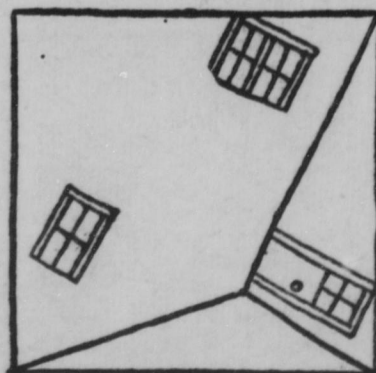

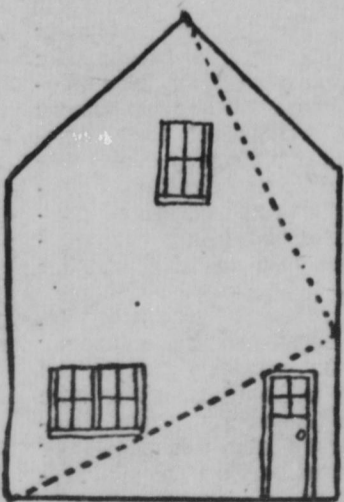

Trick No. 11.

A COLLAPSIBLE HOUSE THAT'S ON THE SQUARE

PROPOSITION: Cut the end of the house into three sections so that when the parts are put together they will form a perfect square.

The dotted lines in the illustration on the left show how the cuts are made.

Were you able to read the letter that the Belle of Bingville got from her Bashful Lover last week? He used numbers instead of letters, 1 for A, 2 for B, etc. Here is what he wrote:

Dearest,

The smoke flies up,
The snow falls down,
I think you're the prettiest
Girl in town.

Thaddeus Hayrack.
