

The Zebulon Record

THE FOUR COUNTY NEWSPAPER—WAKE, JOHNSTON, NASH AND FRANKLIN

VOLUME XIII

ZEBULON, NORTH CAROLINA, FRIDAY, APRIL NINTH, 1937.

NUMBER 41

This, That, and The Other

MRS. THEO. B. DAVIS

It is altogether endurable to have to wait for the morning paper until some one else glances over the news but it is hard to wait while the comic strips are being read and chuckled over.

Scientists have discovered fish with puckered mouths that swim up to each other, join lips and kiss for fifteen or twenty minutes. And fish are said to be cold-blooded. That kind ought to go in the movies.

If your white, or should-be-white, garments, bed linens, (ours are bed cottons), towels, etc., have become dingy-looking because of not getting enough sunshine during the winter, Javelle water will help to bleach them until you won't be ashamed to look at them. Make it by mixing a solution of chlorinated lime with one of sal soda, both of which you can buy at the drug store and on the can of lime you may find printed directions for the mixture and for its use. Or you may just remember that about half a box of lime and a pound of sal soda will make a gallon of Javelle water and that you use a cupful to a boiler full of white clothes. Lizzie High says of our wash: "Yes'm, I think it helps right smart." But be careful how you use it around colored clothes.

CEMETERY IMPROVEMENT

With the Garden Club leading in the work, an organized effort will be made at an early date to clean up and beautify the cemetery at the edge of town.

Since there will be much to do, all are requested to contribute work or cash. Those living here who have plots in the cemetery are asked to look after these. Those living at a distance are asked to forward contributions to Mrs. F. D. Finch for paying for the work done on their plots.

It is hoped that none interested will wait for a committee to solicit donations, but that all will communicate with Mrs. Finch at once. It should not be necessary to emphasize the importance of this work, since there is every reason for it to be done and there could be no argument against it.

The columns of the Record are open for publishing a full account of all donations made, whether work or money. Further announcement as to definite plans will be made later.

CLUB COLUMN

P.-T. A.

The Parent-Teacher Association of Wakelon will hold the final meeting for the present school year at eight o'clock on next Tuesday night. Every member is asked to attend.

Mrs. Gill, president of the P.-T. A., announces that on Monday in the auditorium Clarence professional entertainer, present a program sponsored P.-T. A. Attendance at this appreciated.

AL MEETING OF CLASS

Study Class of the P.-T. A. at the final session of the Tuesday afternoon with the Methodist church as hostess. Mrs. F. L. Page led the study of the chapters of the textbook—"Problems of the Everyday," ably presenting the and offering suggestions for solution.

The study course has proved valuable to all who have attended and the second to be held unsponsored of various organizations of the community. Many have expressed a desire for the plan to be pursued again.

GARDEN CLUB MEETING

Members of the Garden Club minded of their meeting on Tuesday afternoon in the home of Mrs. J. K. Barrow. Mrs. Brodie, director of the coastal division, will be the guest and a full attendance is expected. The hour of meeting is 2:30.

CONDITION OF THE TREASURY

(Last Fiscal Week)

Assets	\$79,955,757
Liabilities	\$158,590,494
Surplus	\$1,819,965,242
Fiscal Year	\$1,844,844,013
Debt	\$34,772,671,269

Town Officers To Be Nominated April 29th

FORUM HERE FRIDAY NIGHT

There will be a Forum on Friday night of this week at Wakelon, beginning at eight o'clock. It will be conducted by Monah Leide-Tedesco, European composer of note. He will discuss Jazz, Folk Music, and other phases of his subject. These meetings are proving both interesting and helpful. The public is invited. Admission is free.

COURT PROCEEDINGS

Judge Rhodes had a lighter day's work than usual when he held court here on Wednesday, only five cases being disposed of.

No. 543—State vs. Richard Pretty, colored, who was charged with non-support, and plead guilty. He was sentenced to 6 months on the roads, sentence to be suspended if he pays three dollars to the support of the child on the 7th day of each month and also pays the cost of the case, which was retained for further orders.

No. 545—Lester Tucker charged that H. C. Foreman had embezzled money paid for a washing machine, but probable cause was not found and the defendant was discharged, the prosecuting witness being ordered to pay the costs.

572—Ada Goodson, colored, was charged with being drunk and disorderly and with assault. She was found guilty and sentenced to 30 days in Wake County's jail, but may not have to serve this, if she pays one-half the costs of the case now and the other half by the May term of court.

573—Garland Privette, colored, was said to have been driving a car without benefit of license and was found guilty. The judge said 60 days on the roads, but suspended sentence on payment of \$5.00 fine, costs, and a promise of good behavior for one year.

574—Kenny Van Watson, colored youth, was charged with assault with a deadly weapon. His sentence of 60 days was suspended on payment of \$10.00 as fine, the costs of the case, and a promise of good behavior for one year. Mr. Perry, for whom Kenny Van works, assumed the responsibility for the cash.

FORREST ALFORD HURT

Forrest Alford, employe of Page Supply Co., moved Wednesday from the apartment in the Duke building, which he and family have occupied for some time, to the Davis house, recently bought by W. N. Pitts. While placing the furniture in the new home, Alford fell from a buffet across a rocking-chair and sustained very painful injuries. The accident occurred in early afternoon. About three o'clock Thursday morning it was thought best to send him to a hospital and he is now in Rex. Raleigh.

In another space in this paper will be found a notice of the town primary to be held on April 29th. At that time nominations for Mayor and five Commissioners will be made. Candidates for these offices are asked to file their names with R. Vance Brown by the 24th of the month.

Residents of Zebulon who have not yet registered as voters are notified that C. E. Pippin, registrar, will be at Peoples Bank and Trust Co. for two weeks beginning next Saturday for the purpose of enrolling their names, and are urged to show their interest in the progress of the town by exercising the privilege of helping to elect officials.

No Zebulon man or woman who fails to cast a vote in the governmental affairs has a right to criticize, if matters are not conducted exactly according to his ideas. Only ignorance and indifference keep from the polls the majority of non-voters. The first is lamentable—the second should be thought shameful.

Keep in mind the date, April 29, and record with your ballot your choice for Zebulon's officers.

CHURCH NEWS

The Ida Fisher Circle of the Methodist Church met on Monday p. m., in the home of Mrs. M. J. Sexton. Mrs. W. N. Pitts was the speaker for the afternoon, giving a most interesting interpretation of the third chapter of the gospel of John.

BAPTIST CHURCH

The W. M. U. of the Raleigh Association will meet in annual session at Fuquay Springs on Thursday, April 15. The society here is urged to send delegates to this meeting. Those who can go are asked to report to Mrs. R. H. Herring, president of the Zebulon organization, that arrangements may be made. A helpful program is planned and reports from the societies promise to be of special interest. Mrs. L. L. Morgan is Supt. and will preside.

The Baptist pulpit was filled on last Sunday morning at the morning hour by Rev. R. F. Terrell of Raleigh. Mr. Terrell is the field representative of the Biblical Recorder. However, he did not mention the paper in his sermon.

Pastor Herring of the local Baptist Church announced as the tentative date for revival services at the church the second Sunday in June. Rev. Carl Townsend, pastor of Hayes-Barton Church, Raleigh, will assist.

Haywood County Farmers cooperated to purchase 90 tons of ground limestone in one order recently.

In Cherokee County, poultry growers are replenishing their flocks through the purchase of pedigreed baby chicks.

NEWS of the WEEK

Washington, D. C.—By Presidential proclamation, the nation observed Tuesday as Army Day, to mark this country's entrance into the World War twenty years ago. Major General Edward M. Markham, Chief of Army Engineers, recommended to Congress the completion of the Florida Atlantic-Gulf ship canal, abandoned last year after considerable preliminary work. . . . Simultaneously another report filed by the Board of Army Engineers for Rivers and Harbors declared the canal economically unjustified and a possible threat to Florida's fresh water supply. . . . The Civil Service Commission reported a February decline of 3,461 employes in the executive branch of the government, chiefly in emergency agencies. . . . The Senate passed the Wheat Crop Insurance Bill creating a fund of \$100,000,000 to insure wheat farmers against drought and other calamities.

THE LABOR FRONT

Discussions at Lansing, Mich., between Governor Murphy, Walter P. Chrysler and John L. Lewis, labor leader, are expected to end the strike in the Chrysler plants, which the Detroit Chamber of Commerce estimates has caused a loss of \$6,000,000 to local retail stores. . . . Work has been resumed at the Ford Motor plant in Kansas City with a warning from labor leaders that union members must not abuse the weapon of the sit-down unauthorized strike. . . . The Committee for Industrial Organization launches a movement to unionize the workers in the Texas oil fields.

STRIKES SPREAD TO FARMS

Pittsburg, Pa.—Two multimillionaires faced farmers' strikes on their vast estates near here. At Charles M. Schwab's country place, the farm-hands "sat down" in the potato cellar while the Bethlehem Steel chairman considered a demand for an increase pay of 10 cents per hour. At nearby Richard K. Mellon's 12,000-acre Rolling Rock Farms a similar demand brought an immediate threat on the part of the rich nephew of Andrew W. Mellon to close the estate and thus take \$120,000 annually out of the Ligonier Valley. An amicable settlement, on the sportsman's terms, was arrived at.

WOMEN RADIO AWARDS

The annual awards of excellence to the Women's National Radio Committee, allegedly representing the radio preferences of 10,000,000 women, give first place for a musical program to the Ford Sunday Symphonies. Rudy Vallee is accorded first place for a variety show; the Chicago University Round Table for educational value; Boake Carter for news-broadcasting; the Children's Corner for the youngsters, and the Radio Theatre for dramatic values.

Early to bed, Early to rise,
Makes a man healthy, wealthy and wise.
