**SPY SCARE BLOWS UP**

Los Angeles, Cal.—In Buichiro Abo's interest in radio and his frayed collection of blue prints, local police scented an Oriental spy plot, with secret high power transmitters and elaborate plans of the city's water system. After Federal men got through grilling the ered an ancient head-set receiver 59-year-old Japanese, they discovered some innocent blue prints left by a previous lodger who once worked as a draughtsman.

**THE WEEK IN BUSINESS**

Engineers of the Ford Motor Company estimate that with the completion of the new tire plant at Dearborn, Mich., the corporation will produce about half of its annual rubber requirements, now divided among Goodrich, Goodyear and Firestone . . . On Saturday Queen Wilhelmina of the Netherlands will christen the new Holland American liner Nieuw Amsterdam, a 33,000-ton ship costing \$12,000,000 and possessing the largest air-conditioning equipment afloat . . . Speaking before a banking group, former Vice-President Charles G. Dawes said, "This year and next will probably cover the peak years in this present period of prosperity. The present market price for stocks will be lower in the not too distant future" . . . General Motors Corporation final report for 1936 indicated the third best year in its history, surpassed in earnings only by 1928 and 1929. Net profits reached \$238,482,425.

**TREASURY TO PROTECT PRICES**

Washington, D. C.—To halt the downward drift in the prices of Government bonds during the past few weeks, the Federal Reserve Board announced that it was prepared to buy Federal securities for the account of Reserve Banks, "in such amounts and at such times as may be desirable." Government issues reached the lowest quotations since 1934.

**CAT ON PAY ROLL**

Bayonne, N. J.—Explaining an item of \$3.20 per month on the pay roll of the Standard Oil Company of New Jersey for "Minnie," an official revealed that "Minnie" is a 3-year-old cat. Said he: "She is quite necessary to us, for without her the company would suffer a great loss through the destruction of property by rodents."

**NEW FIRE-PROOFING SALT**

Wilmington, Del.—Chemists of the Dupont Company announce a new inorganic salt for fire-proofing curtains, draperies, clothing, bedding and other materials. It can be dissolved in water and easily applied by the householder, without changing the color or soft finish of the fabrics treated.

**BIRTHDAY FORECAST**

New York City.—Celebrating his 75th anniversary, his 55th year since graduating from Columbia University and his 35th as its president, Dr. Nicholas Murray Butler said: "Within the next few years I expect to see two new political parties—a liberal party built upon the Constitution and a reactionary-radical party which doesn't care about the Constitution or anything else. There isn't a Republican party any more; the

Democrats may have one more turn of the wheel."

**TO KEEP SCRAP STEEL HERE**

New York City—Every war scare skyrockets the price of scrap steel. During the depression scrap steel sold at \$5 per ton; it has just reached a peak of \$22.65 per ton. Last year 2,000,000 tons of scrap left America for Japan and Europe and fearing that further heavy exports would deprive the small steel manufacturers of an essential item in their industry, a group of mills plan legislation declaring an embargo on further exports of scrap.

**AIRMAN KILLED**

John Harmon, pilot attached to Miller Airport, at Winston-Salem, was killed on Tuesday when he leaped from a plane he was testing and his parachute failed to open. He had been a licensed pilot for ten years. Cause of the spinning of the plane, which caused him to jump, has not been learned.
