### THE SOUL OF A CHILD

The soul of a child is the loveliest flower

That grows in the garden of God. Its climb is from weakness to knowledge and power; To the sky from the clay and the sod.

To beauty and sweetness it grows under care; Neglected, 'tis ragged and wild. 'Tis a plant that is tender, but wondrously rare, The sweet, wistful soul of a child.

Be tender, oh gardener, and give it its share Of moisture, of warmth, and of light; And let it not lack for thy pains-taking care To protect it from frost and from blight.

A glad day will come when its bloom shall unfold— It will seem that an angel has smiled, Reflecting its beauty and sweetness untold In the sensitive heart of a child.

He is considered an unusually capable reporter and pleasing writer.

### BLOUNT'S GO BACK TO SPRING HOPE

T. E. Blount, for several years manager of the furniture department of Zebulon Supply Co., has opened in Spring Hope a store for the sale of furniture and which will also have a department of funeral supplies. Mr. Blount is a funeral director and will employ an embalmer. The firm name is Blount's Furniture Store.

The proprietor of the new store is already well known in Spring Hope, from which place he came to Zebulon. He was formerly manager of a branch store there owned by the Zebulon Supply Co. and which closed when he came to Zebulon.

The entire Blount family will be greatly missed here, having made a valuable addition to the civic, social and religious life of the town. They expect to move to Spring Hope in a few days. The good wishes of many friends will follow them.

Raleigh Alford has assumed the duties as manager of the furniture department while Norman Screws, capable embalmer and funeral director has taken charge of the funeral department, both of which were under Mr. Blount's supervision during his time here.

Mr. and Mrs. Robert Dawson spent the week end in Ransomville with Mrs. Dawson's parents, Mr. and Mrs. Winstead. Miss Ruby Stell accompanied them.

Charles Winstead sang a solo in the Murphey school auditorium, Raleigh, Sunday afternoon, taking part in a concert directed by Mrs. Council Scott, formerly music teacher at Wakelon, now teaching in Raleigh.

After spending some time in Mary Elizabeth hospital for treatment, Mrs. Ted Davis was taken on last Sunday afternoon to the home of her uncle, Dr. Rupert Weathers, of Knightdale, where the treatment begun at the hospital will be continued.

Miss Mary Iva Gay, daughter of Mr. and Mrs. Bert Gay, was among the students listed on the honor roll at Campbell College for the quarter just ended.

Frederick Hoyle and Elmo Bunn were honor students at Wake Forest College for the quarter recently closed.

Rev. A. A. Pippin is out again, looking as if he had completely recovered from his illness of a few weeks ago.

Shrubbery set this week around the foundations and in the yard of the Merritt Massey home add much to its attractiveness.

Mrs. C. E. Flowers has what is probably the loveliest outdoor liv-

ing-room in Zebulon. In the profusion of blossoming plants, tulips, iris, pansies and candytuft are most abundant at this time.

Drs. L. M. Massey and J. F. Coltrane attended a meeting of dentists in Raleigh on Tuesday of this week.

April 25. These lovely blossoms are now at their best and Mrs. Richardson desires to share the beauty of hers.

## WORKS UNDER HUDSON RIVER

Tunnel engineer comes off the job—lights a Camel to set him right for hearty eating

He fights compressed air, muck, and 100-degree heat—at 65 feet below the surface! "I play safe and smoke Camels," says Sidney S. Wetzel. "Camels don't frazzle my nerves. With Camels, my digestion runs plentysmooth." Smoking Camels at meals and after helps digestion in this way: the flow of digestive fluids—alkaline digestive fluids—is increased.

● If you think that "all low-price cars cost about the same" — forget it! They don't.

Ford makes a car — a 60-horsepower economy Ford V-8 — that sells from 30 to 60 dollars under the prices asked for any other car of comparable size. The lowest Ford prices in years!

Check delivered prices in your town and see for yourself.

● Of course, first cost doesn't prove "low cost" — you must consider operating cost also.

The "60" has definitely established itself as the most economical car in Ford history. Ford cars have been famous for economy for 34 years, so that means something!

Owners who have driven it thousands of miles report that the Ford "60" averages between 22 and 27 miles on a gallon of gasoline.

You can prove those figures — on the open road — in a car provided by the nearest Ford dealer.

● When you've finished your personal check-up, ask yourself:

"Do I want to save money the day I buy my car and every mile I drive it?"

"Do I want a safe, roomy, comfortable car of advanced design — created from the finest materials to the highest precision standards?"

There's only one answer, of course — the 1937 Ford V-8.

Ford V-8 \$529 at Dearborn Factory. Prices begin at \$529. Transportation charges, State and Federal taxes extra.

This price is for the 60-horsepower Coupe equipped with front and rear bumpers, spare tire, horn, windshield wiper, arm rest, glove compartment, and ash tray.

\$25 A MONTH, after usual down-payment, buys any Ford V-8 Car, from any Ford dealer, anywhere in the U. S. — through Authorized Ford Finance Plans of Universal Credit Co.
