**SERMON**

The baccalaureate sermon at Wakelon was preached on Sunday night by Dr. Hugh Ellis of Wilson. Dr. Ellis, an Englishman by birth, has been pastor of churches in Canada as well as in this state and others. He is a clear and forceful speaker and was heard with marked attention by the large congregation.

The glee club sang two numbers and the congregation joined in singing hymns. The devotional was led by Rev. R. H. Herring, who also presented Dr. Ellis.

The text was from Matt. 25:8—Give Us of Your Oil. The oil he meant, the preacher declared, is taking forethought, making preparation, developing a strong personality, and having in reserve something beyond the requirements of everyday living.

The seniors in caps and gowns, with their mascots, Mary Sue Long and Bobby Gill, also capped and gowned filed in led by the ushers.

**CLASS DAY EXERCISES**

On Monday night the senior class at Wakelon held their last meeting. The stage was arranged as a radio station with Mike Eddins and Talmadge Harper announcers.

Dupree Phillips was saluatorian; Vivian Privette, testator; Lillian Denton, historian; Jack Temple as giftor made the presentations of gifts in song; Kay Kemp gave the class statistics; Joe Pulley was poet; Douglas Chamblee was sponsor; Ovalette Bobbitt delivered the prophecy. The valedictory was spoken by Charles Flowers, Jr.

As usual, the auditorium was packed with relatives and friends of the graduates.

On Tuesday afternoon at two o'clock Wakelon's seventh grade held graduating exercises. After being welcomed by Billie Green the audience enjoyed an original program based on work done in literature during the school year. Scenes were enacted from Rebecca of Sunnybrook Farm, Maud Muller, Rip Van Winkle, Tom Sawyer and Huckleberry Finn and Courtship of Miles Standish. These were varied by a description of the modern Maud Muller, a tap dance, a minuet, a piano solo, and Scotch folk songs. The children took their parts with such naturalness as to cause much favorable comment.

Supt. Moser made a talk to the graduates and to the audience and presented diplomas to 69, stating that two were debarred from receiving diplomas because of not having fulfilled county requirements as to attendance. A volume of poems was awarded Billie Green for having made most progress in literature since last fall.

Mrs. Senter presented Palmer certificates in writing to those who had earned them.

R. H. Brantley, Jr., spoke the closing words in behalf of his class. The class roll is as follows:

Ruby Mae Alford, Earle Antone, Inez Bobbitt, Virginia Bridgers, Elsie Bunn, Edward Baker, R. H. Brantley, Jr., Jeffrey Carter, Elizabeth Cne, Christine Croom, Louise Carlyle, J. W. **ERWIN SPEAKS AT WAKELON**

(Continued From Page One)

The address emphasized the following important considerations for the senior class as it faces the future:

1. Have the right attitude in heart and mind.
2. Render unselfish service.
3. Have a willingness to work.

Under this head he told of a father who came to him sometime ago about his seventh child, who was about to enter college. He said he had given his other children a college education and had spent a fortune in doing so because he wanted them to have an easier time than he had. He said an education is not for the purpose of giving people an easier time, that its object is to make life more effective and efficient. It is harder to hold a job today than it was 20 years ago.

4. Have faith in God and humanity. The question is, where are you going? What is your message?  
5. Have a thirst for permanent peace. In his closing words Mr. Erwin made a beautiful and forceful appeal for the senior class and the audience to keep faith in God and fellow man and to seek peace. Treasure in your hearts a desire for peace.

Following the address Supt. Moser exhorted the Senior class to cultivate a sound body, moral stamina, intellectual honesty, a happy attitude and to follow the gleam of a high spiritual ideal. After delivering a number of presents from parents and awarding medals and prizes, the assembly adjourned to the school grounds where a picnic dinner was spread to satisfy the physical need as the more spiritual and intellectual values had satisfied their hearts and minds in the commencement exercises.

**THINKS G. O. P. ALIVE**

John Hamilton, chairman of the Republican national committee, stated in an address made on May 1 that he is convinced the Republican party is still alive and destined to hold an important place in things governmental in this country. He praised the party system, claiming that without at least two parties the country would be at the mercy of individual leaders who would not be forced to give account of their conduct.

**If your income had dropped like Electric Rates**

**You'd be riding in a strip down**

The average person is making as much (or more) money now than before the depression, but suppose your income had dropped like the average cost of domestic service? You'd be earning more than 55% less today than you earned in 1925. Although the cost of living has gone up as salaries and wages have been restored, the cost of electric service is less than ever before.
