## THE FEET OF JUDAS

Christ washed the feet of Judas!  
The dark and evil passions of his soul,  
His secret plot, and sordidness complete,  
His hate, his purposing, Christ knew the whole,  
And still in love he stooped and washed his feet.

Christ washed the feet of Judas!  
And so ineffable his love 'twas meet,  
That pity fill his great forgiving heart,  
And tenderly to wash the traitor's feet,  
Who in his Lord had basely sold his part.

And so if we have ever felt the wrong  
Of trampled rights, of caste, it matters not,  
What e'er the soul has felt or suffered long,  
Oh, heart! this one thing should not be forgot:

Christ washed the feet of Judas.  
—George Marion McClellan.

## GRAPE JUICE RECIPE

Only sound, ripe fruit should be used. Grapes are crushed and heated to simmering point. It is then strained through cheese cloth or a similar bag. Add one cup of sugar for every gallon of juice. Pour juice into sterilizing jars or bottles and process at simmering point for 30 minutes. If bottles are used, cap before processing. In using jars, adjust tops and raise clamps. Seal after processing.

## NEW BLOCK SALE PLAN AT WILSON MART

By George L. Wainwright

A revised system will be employed for the operation of the five sales of the Wilson tobacco market the coming season, as thousands of growers will find when the world's largest and highest bright leaf tobacco market opens August 26th.

Unlike the system last year, block sales will be counted at 6 o'clock A. M. following all sales days, instead of the 8 o'clock count in effect last year. However, in order for a warehouse to be entitled to such a block count there must be left remaining unsold on the warehouse floor at the closing hour at least 380 baskets of tobacco not over ten per cent of which is resale tobacco. In the event the warehouse does not have this amount left, only the remaining tobacco can be sold the following day, and then the sale will revert to the regular schedule of sales by the sales card.

By the new arrangement this year, warehousemen will be able to determine from the Supervisor at 6 o'clock each morning, or soon thereafter, the exact time they will receive a set of buyers, and can advise their customers in order that they might place their tobacco on the floor accordingly.
