WHY?

It may have been civic pride; it may have been passion for ac- curacy; it may have been the auto- matic reaction of a publicity agent; but it was a bit out of the ordinary to read concerning an ABC store in a small town that its opening was good; that they erred on its first day; that the report was sent out too soon to tell all the facts; that, really the town bought as much liquor as any other of its size. Or words to that effect.

LIKES A MILD SMOKE!

"The first package of Camels I smoked convinced me that Camels have real mildness," says **DICK DEGENER**, springboard diving champion.

"With my cigarette, anyone can smoke steadily," continues Dick. "And say, it's great, when I feel tired after a strenuous diving exhibi- tion, to get a 'lift' in energy with a Camel."
