A COMMUNITY CHRISTMAS

There are two occasions in the year when we believe all the people of a community should join together—Thanksgiving and Christmas. We like the plan of all the churches in a small town coming together in worship on Thanksgiving. It is an occasion when all denominational and doctrinal lines should and may be laid aside.

Christmas is even an occasion more fitting for all the people to join together in a religious celebration than Thanksgiving. Instead of each church giving a short exercise of songs and the reading of the birth of Christ, all should join together in singing the old carols and the new, in prayer and praise, as long ago did the shepherds and the angels and the wise men.

The RECORD joins with others who hope that some plan may be worked out by which we may all come together this Christmas as a community linked together by one motive and one desire—peace on earth, good will toward men.

WHEN THE WISDOM OF SOLOMON IS NEEDED

—o—o—

The last milestone before Christmas has passed. The thoughts of America are probably as nearly one right now as they are ever likely to be. One vast problem confronts all—the gift problem. The wisdom of Solomon and the ingenuity of a thousand craftsmen is needed for satisfactory settlement.

Rules have never been formulated by a Hoyle or Emily Post to meet every need but a few good things to remember are: take time in preparing a tentative list and in the purchase of each item so diabetic Aunt Esmeralda doesn't draw a luscious box of chocolates and the one-legged man a pair of handsome hunting boots; budget your funds so the last names on the list (usually the family) won't receive only a nickel hanky while friends and sweethearts ahead rate \$2.00 to \$5.00 trinkets during the first burst of shopping enthusiasm; it is as bad taste to give a too expensive gift as to step on the toe with the corn—it hurts and Christmas is the time to be happy; save about double the amount estimated on each package to be mailed to take care of postage, insurance and trimmings; heed the shopkeeper's cry, "Shop Early," the postmaster's plea, "Mail Early," and the tuberculosis association's entreaty "Buy Seals."

Stop - Look Listen!!

This is for people only who have something to sell.

Above is the Picture of a Man Kissing His Best Girl In the Dark.

THE MAN WHO DOES NOT ADVERTISE IS LIKE THE FELLOW WHO KISSED HIS GIRL IN THE DARK. HE MAY KNOW WHAT HE IS DOING BUT NOBODY ELSE DOES.

The People of Zebulon and surrounding communities will within the next thirty days spend more money for things sold by the merchants of Zebulon than they will spend in the next three months following.

ADVERTISE IN THE ZEBULON RECORD FOR RESULTS. THREE THOUSAND PEOPLE READ THE RECORD EVERY WEEK.

Hollywood, branches functioning from coast to coast. Hawaiian Teachers, Ltd. has membership in the NATIONAL MUSIC TEACHERS ASSOCIATION, AMERICAN MUSICOLOGICAL SOCIETY, N. C. MUSIC TEACHERS ASSOCIATION, STATE CONTEST-FESTIVAL ASSOCIATION, MUSIC AUTHORS PUBLISHING UNION and the INTERNATIONAL MUSIC ASSOCIATION.

I, as teacher, can conscientiously recommend this course of music to anyone who wishes to learn to play the Hawaiian guitar, which instrument is now at a high peak of popularity, being used more than ever before and in the symphony orchestras as well as the dance bands. My personal integrity, without which the recommendation would be worthless, may be easily determined by contacting the I. O. O. F. Orphan Home, Goldsboro, with which I have been connected for some time, now training their concert class for the third consecutive year.

Keep Your Family Clear Of This Toll

The safest way to burn trash is in an incinerator. But even then, constant care must be taken.

In one instance, a man who had lighted some papers in an incinerator, attempted to push them down and put more in. The flames ignited the sleeve of his shirt and burned him seriously. In another case, a woman was watching trash burn in an incinerator which was too full. The wind veered, the flames ignited her clothing. She was so badly burned that she died in agony.

The National Board of Fire Underwriters advises against burning trash, even in an incinerator, if any wind at all is blowing.

Much clothing worn today is made partly of compositions that ignite easily and burn furiously. Accordingly, greater care must be taken to avoid the danger of having clothing on fire. Load incinerator, but don't stuff it. When the fire is started, let it burn before adding more. Stay well out of reach of the flames and children at a distance.

Fire claims thousands of lives and hundreds of millions of dollars annually in America. Keep your family clear of this toll!

Humblest Dairy Cow Likes Good Rat

Even the humblest dairy cow has her own ideas about what she likes to eat, and only palatable feed will tempt her to eat enough to maintain a full milk flow.

A good dairy cow has a tremendous capacity for conversion.

Everybody Buys and uses Christmas Seals

3 MORE WEEKS TO SHOP

Dairymen who buy feed for their cattle will get better results if they purchase only feed in which the percentage of nutrients is fairly high. When the percentage of crude fiber runs high, the fiber fills up the cow's stomach without providing the digestible nutrients she ought to have.

Oldsmobile "Toast Toes" Front And Back Seats

No longer need rear seat passengers of a car depend upon a front compartment heater to provide summer temperatures for winter motoring. Oldsmobile now has come to the aid of winter rear seat riders with a deluxe rear-compartment hot-water heater, especially designed to "toast the toes" of tonneau travelers.

Arranged to take up but very little space, this new Oldsmobile heater is the first hot-water heater ever offered nationally for the comfort of back seat passengers. Unique is the fact that this heater

SEEN AND HEARD

One Reason

When Mrs. F. D. Finch recently asked her Sunday School class of small pupils why we celebrate Thanksgiving, with one voice they answered, "Turkey". She tried to explain to them that turkey is only one feature of the day; but when, on the following Sunday, she again asked the question, two were of the same opinion still, and answered again, "Turkey".

Guitar Class Is Being Organized

Since the opening of the Hawaiian guitar class having weekly lessons at the Woman's Club, many have expressed the desire to be given the opportunity to take

the lessons. Registration for the new class has begun. The registrars of this vicinity are, Valton Alford, Ernest Eason, Bernice Eason and Mrs. Henry Hood. These young men and Mrs. Hood's son are taking the course at Wendell and Zebulon and being thoroughly convinced of the worth of the course offered are entering into the work of enrollment for the new class.

The Zebulon class is small but enthusiastic, has had five lessons, and in four or five weeks will give a recital, public appearances being one of the features of this training. The members of the class are Douglas Tippet, Exium Creech, Brunel Wright, J. H. Batts, Jr., Edward Price, John Bradshaw, Henry Bailey, Eloise Tippet, Gay Horner, Elizabeth Pate, Wade David, Julian Mitchell, Raylon Richardson and Arthur Pope, who live

in the country near Zebulon.

I first taught for Hawaiian Teachers, Ltd. in Geosnessee about five years ago. I have been connected with the company for these five years, and as a conscientious musician can say that a student gets more and learns more music in thirty weeks course, than is possible in anything else. I have given up my work as music supervisor to teach Hawaiian Teachers exclusively for the joy and satisfaction of the progress made in a short time.

Hawaiian Teachers, Ltd. is an organization of Hawaiian Teachers, organized by note, having been in continuous and successful operation for thirty years. It was established about four years ago and the company is duly registered in this state. The home office
