NEWS OF THE WEEK

TENSION IN FRANCE

Paris, France—Failure of Leon Blum, Socialist Premier, to form a Cabinet after the forced resignation of Camille Chautemps, by reason of his conservative financial policies, leaves the nation virtually without a responsible government. The franc has dropped to slightly more than 3 cents in value.

THE BUSINESS WEEK

American Telephone and Telegraph Co. reported twelve months' operating income of \$191,324,911, a gain of more than \$13,000,000 over last year. The Bell System as a whole had a net gain in 1937 of 876,000 phones in service. At the end of the year there were 15,330,000 telephones in the Bell System. Utility heads are awaiting with interest President Roosevelt's reply to the demand of Wendell L. Willkie, president of the huge Commonwealth & Southern power system, that the Federal Government purchase some 60 per cent of that \$1,167,848,000 corporation's holdings to protect its stockholders from loss due to Tennessee Valley Administration competition. . . . Wall Street prices continue to react optimistically since the turn of the year, led by munition stocks which would benefit from any big armament program. . . Steel production reached 29 per cent, a gain of 10 points in two weeks, but steel leaders see little hope for a marked revival until the automobile industry, now practically out of the market, resumes buying for Spring production.

PROHIBITION'S RESURRECTION

New York City—In spite of a national tax revenue of half-a-billion dollars from alcoholic beverages at a moment when the Federal Government needs it most, 300 aged women met in this city pledged to raise \$1,000,000 for the resurrection of the prohibition movement in which they feel they have the fervid support of Ex-President Hoover. The movement, as in the past, is headed by the veteran agitators of the Women's Christian Temperance Union, Mrs. Ella A. Boole and Mrs. D. Leigh Colvin.

one of the best e community and will make an ex-

cellent official. The Board consists of a group of young men, all good business men. They have been working for some time to re-finance the town's debt, we understand, and have about succeed- ed in perfecting plans by which this may be accomplished. They have given much time and effort to this end and we are gratified that success is not far off.

A PERMANENT JOB

Milwaukee, Wis.—High official of the Chicago, Milwaukee, St. Paul & Pacific R. R. will gather at luncheon in one of the road's dining cars to mark the 100th anniversary of John M. Horan, a boiler inspector who has been with the company 83 years and still declines a pension. Mr. Horan got his first and only job with the Milwaukee ten years before the close of the Civil War and reports daily for his regular duty in the local yards.
