Founder's Day At Campbell College

ie's Creek, Jan. 26—All Baptists of this county, particularly those who are pastors of churches now at Campbell College, invited to Campbell College, February 11, for a special celebration of Founder's Day, in honor of President Leslie Campbell. Ninety men from Baptist churches and colleges, will appear on the program, during and afternoon on the campus of Campbell College.

The purpose of this conference, says President Campbell, "is to bring together the leaders of our churches and church groups for a better understanding of their independence, to encourage cooperation in a common cause, and to discuss plans for the future." Representatives from all Baptist colleges will be asked to participate in the discussions. President Charles E. Brewer, of Meredith College, and President Thurman Strickland, Wake Forest, have been invited to preside over the sessions.

J. Clyde Turner, First Baptist pastor in Greensboro, will deliver on "The Place of the Christian in our Denominational Program." Secretary M. A. of the Baptist State Convention, Raleigh, will discuss "My Vision of a Christian Education for North Carolina." Dr. Charles H. Durbin, First Baptist pastor in Lumberton, will lead the open forum on "Our Baptist Colleges May Meet the Religious Needs of the People." Dean D. B. Bryan, Wake Forest, will present the case for the college under the topic, "Demands of the Christian upon the Churches and Leaders."

The conference will begin at 10:00 a. m. on Monday morning and close at 12:00 noon on Tuesday, at which time the luncheon, at which time the speakers will be guests of the Dr. Herman T. CLUB NOTES

Mrs. C. E. Flowers Helps Colored Women Organize Garden Club

In line with the Garden Club's purpose to beautify the town as a whole, and with the added desire to assist all who are willing to share in the project, Mrs. C. E. Flowers, president of the Garden Club of Zebulon, spoke last Monday to a gathering of colored women at the Wakefield-Zebulon school.

Mrs. Flowers discussed the work of garden clubs and an organization was effected with Mrs. Margery Ellis, president; Mrs. Perry, secretary-treasurer.

Mrs. H. C. Wade, who accompanied Mrs. Flowers, consented to act as chairman of distribution of all plants which may be donated from gardens to be given members of the colored women's club. All who have surpluses are asked to contribute to this collection from time to time.

In line with Mrs. Flowers' suggestion the club decided to take the beautification of their school grounds as the chief objective for this year. They also plan to bring from the woods young trees and shrubs for shade and ornament; to grow sunflowers for the birds; and to endeavor to have potted plants more abundantly for the home.

There are at present 23 members as a result of the beginning on Monday, and the enthusiasm of these will add more names to the roll. From time to time news of their work will appear in this paper.

The Week In Business

Reports of large expansion programs continue to help the industrial upswing. The 1938 new construction schedule of the U. S. Steel Corporation calls for an expenditure of \$80,000,000. The Sun Oil Company will spend \$11,000,000 "based on its faith in the soundness of American industry." Other corporations are expected to announce further investment in new plants and equipment. . . . From London comes a report that world production of gold reached an all-time peak of 35,400,000 ounces in 1937, representing at the U. S. pegged price of \$35 per ounce, an increase in the world's wealth of a billion and a quarter dollars. . . . Steel production reached 30 per cent, eleven points above the low at the end of the year. . . . At the end of 11 months of 1937 the nations' relief outlay was \$251,821,00 below that of a year ago. . . . Government bonds, notes and discount bills to the value of \$4,070,985,500 will mature during the current year. . . . Class 1 railroads added 75,000 new or rebuilt freight cars last year, the largest addition to rolling stock in seven years.

PAROLE TRAVESTIES JUSTICE

New York City—A striking example of the breakdown of the prison parole system is revealed in the case of Michael Alex, foreign East Side gangster, twice released from the Sing Sing death house for two murders, and arrested within a few weeks for bail jumping and participation in still another murder. His criminal record started at his eleventh year and has continued unbroken for sixteen years.

NEWS OF THE WEEK

WARS ABROAD

Spain—Intensive bombing from squadrons of airplanes caused heavy loss of life on both the Insurgent and Loyalists fronts. Intensive drives are in progress on the part of both armies, directed heavily towards cities and concentration of population where the slaughter of non-combatants has been terrific among women and children.

China—Sporadic resistance is reported throughout China to Japanese invasion, and trouble is now expected from an unsuspected quarter in North China along the Manchurian border, where strong bodies of Chinese Communists are threatening not only the Japanese advance but the defensive organization set up by the Nanking Government of Chiang Kai-Shek.

MENACE OF EDUCATION

Boston, Mass.—According to his annual report to the Overseers of Harvard University, President James B. Conant, believes that there is "evident danger" in the increasing unemployment of university graduates. He proposes a strict limitation in the number of admissions to American institutions of higher education, with a view toward financing college courses for the more brilliant students ordinarily unable to afford a college education.

FASTING MINISTER FED

Memphis, Tenn.—After 22 days of fasting, the Rev. Israel Harding Noe, dean of St. Mary's Episcopal Cathedral, was not only relieved of his charge by his Bishop, but was taken to a hospital for forcible feeding. In reducing his weight by half, the divine declared that it was his intention to prove that spiritual man could live without food.

PORTO RICO PROTESTS

San Juan, P. R.—Characterizing the C. I. O. waterfront strike as a blockade that has paralyzed local commerce as effectively as a wartime embargo, the business interests of the island have asked President Roosevelt to intervene in ending a labor fight in which the islanders are not even remotely concerned. While rival agitators are fighting for control of shipping unions, export crops are permitted to rot on the docks, causing huge losses to innocent shippers.
