AFTER WINTER

A little bit of blowing,
A little bit of snow,
A little bit of growing
And crocuses will show!
On every twig that's lonely a new
green leaf will swing,
On every patient tree-top a thrush
will stop and sing.

A little bit of sleeting,
A little bit of rain,
Then blue, blue sky for greeting
A snowdrop come again!
And every frozen hillside its gift
of grass will bring,
And every day of winter another
day of spring.

A Call To Battle

By CALE K. BURGESS
Organize, Work and Win.

The tide of battle has turned.
During 1937, the Wets forced 18
County Elections and lost 10 of
them. They called these elections
in the Counties where they thought
they could win most easily, but
they lost in more than 55 per cent
of the territory selected by them-
selves.

Furthermore, these 18 elections
were held under the provisions of
a statute prepared by the Wets
themselves. By legalizing beer
up to 24 per cent alcoholic content
and permitting transportation of
whiskey into Dry Counties, this
statute impaired the effectiveness
of prohibition in all Counties and
created a situation that the Wets
thought would enable them to
carry every County. But they lost
in 10 of the 18 elections and they
have not been able to set up liquor
stores in any County West of
Durham.

Now is the time for the friends
of temperance to redouble their ef-
forts and wipe out the beer shops
and liquor stores that are increas-
ing human slaughter on our high-
ways and disgracing our State
with drunkenness, debauchery
and crime. This goal can be
achieved if those who are opposed
to the liquor traffic will work for
the nomination and election of
Representatives and Senators who
will provide an effective plan for
law enforcement. A vast majority
of our citizens are opposed to this
destructive traffic; and we can
elect a General Assembly that will
give us righteous laws and elect
Sheriffs, Solicitors and Judges
who will enforce these laws.

Opposition to the liquor traffic
is right; and right will triumph.
To doubt this is to lack faith in
God. With determination and
faith, we must organize, work and
win.

We call upon the friends of tem-
perance in every County and in ev-
ery precinct to meet immediately
and organize for the purpose of
nominating and electing Legisla-
tors and law enforcement officers
who will close the beer shops and
liquor stores and drive the liquor

HOW OFTEN CAN YOU KISS AND MAKE UP?

Few husbands can understand
why a wife should turn from a
pleasant companion into a shrew
for one whole week in every month.
You can say "I'm sorry" and
kiss and make up easier before
marriage than after. Be wise. If you
want to hold your husband, you
won't be a three-quarter wife.
For three generations one woman
has told another how to go "smil-
ing through" with Lydia E. Pink-
ham's Vegetable Compound. It
helps Nature tone up the system,
thus lessening the discomforts from
the functional disorders which
women must endure in the three
crucial periods of life: 1. Turning from
girlhood to womanhood. 2. Pre-
paring for motherhood. 3. Ap-
proaching "middle age."
Don't be a three-quarter wife,
take LYDIA E. PINKHAM'S
VEGETABLE COMPOUND and
go "Smiling Through."

traffic, both legal and illegal, from
the borders of our State.

If we will organize and work,
we can win a glorious victory for
our homes and our State.

On The Square With Time

"The Calendar Lady" was re-
ceived with a generous welcome by
the Board of Directors of the Gen-
eral Federation of Women's Clubs
in Washington recently. In her ad-
dress Miss Elizabeth Achelis, pres-
ident of the World Calendar Asso-
ciation, chose an interesting theme
in questioning whether the present
calendar is functioning on the
square with us, and whether we are
living on the square with the cal-
endar. From that she reasoned that
the quarterly division of the year
is a sound foundation for the
World Calendar of twelve months.
All quarters are equal; the first
of the three months in every quart-
er has 31 days.

"The Calendar Lady" has con-
verted people all over the World
that her plan is practical. Many
Nations have given it approval. It
meets with favor in the League of
Nations. She has all the answers to
the problems of "being on the
square with time."

It appears to work out some-
thing like this:

Thirty-one days has January,
squaring the arch—

With 30 days for February and
March.

April's 31 days keep in tune
With 30 days for May and June.

July has 31 days, as you'll
remember

With 30 each or August and
September.

October's 31 consistently are fair—
November and December balance
the Square.

A year-end day evens the plan of
time,

And leap-years are left to balance
this rhyme.

**Beware Kidney
Germs If Tired,
Nervous, Aching**
Are you Run Down, Nervous, suffer Aching
or Swollen Joints? Do you Get Up Nights, or
suffer from Burning Passages, Frequent
Headaches, Leg Pains, Backache, Dizziness,
Furry Eyelids, Loss of Appetite and Energy?
If so, the true cause often may be germs
developed in the body during colds, or by
bad teeth or tonsils that need removing.
These germs may attack the delicate mem-
branes of your Kidneys or Bladder and often
cause much trouble. Ordinary medicines
can't help much because they don't fight the
germs. The doctor's formula Cystex, now
stocked by all druggists, starts fighting Kid-
ney germs in 3 hours and must prove entirely
satisfactory in 1 week and be exactly the
medicine you need or money back is guar-
anteed. Telephone your druggist for Cystex
(Blue-Box) today. The guarantee protects
you. Copr. 1937 The Knox Co.
