THE FOUR COUNTY NEWSPAPER—WAKE, JOHNSTON, NASH AND FRANKLIN

VOLUME XIV.

ZEBULON, NORTH CAROLINA, FRIDAY, MARCH 25, 1938

NUMBER 38

## This, That, and The Other

MRS. THEO. B. DAVIS

Two of the most interesting articles I have read for months were published in the last two issues of The Saturday Evening Post and were written by David Burpee, a son of the famous seedsman, William Burpee. (I wonder how many remember the year that so many rhymes were written about Burpee's seeds. One that I recall said "Burpee's seed they always grow; Honest Injun, so they do.") Which may have been good thought but was certainly poor poetry.)

The articles mentioned relate the trials of those who seek new varieties of flowers, or to improve old varieties, and also tells much as to preference of flower lovers. At this time it seems that zinnias and petunias share the highest popularity. Few flowers have been more improved than these, and there was a period when comparatively few cared for them.

Marigolds were originally from Mexico. When carried to Europe the poor used them because of their color as an offering to the Virgin Mary and thus they came to be called Mary's Gold.

Impressive is the fact that the elder Burpee once paid \$139 each for some sweetpea seed he wanted.

Don't fail to read those articles, if you have a chance. They'll do you more good than a love story, and are not one bit tiresome.

## Important To Our Subscribers

We have been trying for some time to revise our mailing list and bring it up-to-date. We have discontinued a number of subscriptions, which we hated to do. After April first all other subscriptions not paid in advance or satisfactorily arranged for will be discontinued. Look at your label on this paper. If the date thereon is any time back of Mar., 1938, then you are in arrears and if you do not pay up before April 1, your paper will stop.

If the expiration date is not correct on your paper please write us at once and we will make correction. Remember, from this time, our subscribers must pay before they receive the Record. We have lost hundreds of dollars on those who got the paper first and were supposed to pay later. Now, if you want the paper, it will cost you only \$1.00, less than 2 cents a week. If you want it, and do not have the money with which to pay, we shall be glad to arrange an extension so you may pay later—sometime during the fall. But satisfactory arrangements must be made by all who are in arrears or the Zebulon Record will stop on April first.

## Scout Troops Are Organized

With much enthusiasm on the part of the citizens of Zebulon, a Boy Scout troop has been organized and is successfully underway. The local Rotary is sponsoring it. Six Rotarian members have been chosen to form a scout committee. These men are Messrs. Paul Cashwell, Chairman, R. V. Brown, Jud Robertson, H. E. Mann, Irby Gill, and John K. Barrow, Jr. Mr. C. V. Whitley has been appointed to represent our Rotary at the monthly Scouter's Club in Raleigh. Mr. Whitley, R. I. Johnston, Scoutmaster and Robert D. Massey, assistant scoutmaster, attended the Scouter's Club this past Tuesday at N. C. State.

The first mass meeting of scouts was held March 3rd, at which 65 tentative members were present. Eight patrols have been organized under the leadership of the following scouts: Jack Gregory, Billy Green, Tom Ivey, Charles Hinton, Matthew Liles, Allan Marshburn, Dwite Debnam, and Mr. MacIntire. Jack Gregory is troupe scribe. The patrol leaders received their badge for tenderfoot rank at an investiture service Friday night following the Rotary dinner. Boy Scouting in Zebulon promises to be an invaluable asset to the community and we trust much cooperation will be shown.

## Singer Once Lived In Zebulon

Miss Lucille Browning, Metropolitan operatic singer whose pictures appeared in Sunday's News and Observer together with a sketch of her life, was at one time a resident of Zebulon. Her father was a partner with A. C. Dawson in a grocery business here, and Lucille Brown, as she was then called, attended elementary school at Wakelon. Miss Browning, whose name was changed while she was training for her career, is a niece of Mrs. Dawson, and is not the only member of her family connected to be endowed with the gift of

## Orphanage Singing Class Here Fri. Nite

The Singing Class of the Masonic Orphanage at Oxford will present their 1938 program in the auditorium at Wakelon on Friday night of this week, March 25. A good attendance is desired to enjoy a fine entertainment and to help with the expenses of the Home, as the funds derived from concerts are used for that purpose.

## P.-T. A. Study Class April 5

The regular meeting of the study class of the Parent-Teacher Association will be held in the Zebulon Methodist Church on the afternoon of the first Tuesday in April, beginning at 3:30. The subject is The Family Habits of Work, and the discussion will be led by Mrs. Chas. E. Flowers. All who are interested are invited.

## New Firm Doing Good Business

The recently organized firm of Whitley & Scarboro has prospered from the start, and with the coming of spring and the need of the farmers for more farm supplies and fertilizers, there is added business for this establishment. They carry practically everything needed for the home, garden and farm—work clothes, groceries, hardware, china and glassware, farming implements, kitchen utensils, seed to plant and fertilizers to encourage growth.

The employees show the same courtesy and interest as do the owners in meeting the public and serving their needs for anything carried in the store.

An advertisement in this issue of the Record tells something of the high grade brands of fertilizer carried by Whitley & Scarboro.

Republicans and Dry leaders in this state desire a referendum on the liquor question, declaring that voters of the entire state should express themselves as to the issue. Cade Burgess has been elected as head of dry forces, succeeding Dr. W. L. Poteat.

### WHERE THE MONEY GOES

A recent survey indicates that American families spend about one-third of their income for food; one-tenth for clothing; one-twentieth for amusement and recreation; and that the average family puts aside little or nothing for a rainy day. This average family also spends about half of the money for amusements on the movies.
