

# Uncle Sam's "Peace Table" at New York World's Fair 1939

**NEW YORK—(Special)**—Giant steamshovels are tearing away at the soil and hundreds of men are working on the \$3,000,000 Federal Area for the New York World's Fair where Uncle Sam will preside, figuratively, at a 1939 world peace table that is expected to have a lasting beneficial effect

upon international relations. Uncle Sam will be represented by a huge Federal Building which will be placed at the head of a Hall of Nations, where foreign countries, 64 of which have agreed to participate, will show their official exhibits at the Fair. All the buildings will be grouped

around an enormous parade ground which will be the scene of parades, pageants, drills and other colorful events of a like nature, and where many thousands of Fair visitors will gather on opening day to listen to a speech by President Roosevelt. The architect is Howard L. Cheney.

This structure, which is now being built under the direction of the United States New York World's Fair Commission, will contain exhibits interpreting the background and functions of the legislative, judicial and executive branches of government. Secretary of Agriculture Henry

A. Wallace is Chairman of the Commission and its membership includes Secretary of Commerce Roper, Secretary of Labor Perkins, Senators Wagner and Copeland of New York and White of Maine and Representatives Merritt and Wadsworth of New York and McReynolds of Tennessee.

## NEWS OF THE WEEK

### TO PAY INDEMNITY

The Japanese government has decided to pay the full amount of indemnity asked by the United States for the sinking of the Panay last December. The claim was for \$1,945,670.01 for property loss and \$268,397.35 for death and personal injury.

### TORTURED AND ROBBED

Charles Milgrim, wealthy New Yorker, was bound, tortured and robbed by thieves who entered his home on last Sunday and stole jewelry valued at \$100,000. There were four of the bandits, who entered the Long Island home as servants were preparing breakfast. Milgrim, his wife, their two sons, and two servants were all tied up. Torture forced the disclosure of the hiding-place of the jewelry.

### STOLEN SILVER FOUND

In a parked automobile in Charlotte last week \$10,000 worth of silver was found. Mr. and Mrs. Robert Jeffries of Richmond, Va., have identified 182 pieces of it as having been stolen from them. A part of it has also been identified as having been stolen from the Raleigh home of Dr. W. B. Dewar. A man who is known as Isadore Zucker has been arrested in connection with the affair. He claims to be a buyer of pawn-brokers' pledges.

### HITLER AFFIRMS POSSESSION

Adolf Hitler has not yet made announcement of his plans for further conquest, but he has issued a proclamation that what has been taken belongs to Germany. "This I swear and so do all of us; what we once possess we will never under any circumstances surrender," Hitler assured East Prussians in a tour of their province.

### SILVER-BUYING STOPS

The United States has cancelled the order to buy silver from Mexico, effective April 1. For some time this country has bought from Mexico each month silver valued at \$2,500,000, which is a sizable sum for any nation. The cancellation of future buying is thought by the Mexicans to be a reprisal for that country's government having ex-

propriated oil industries leased by citizens of the U. S. and of England. This taking over the oil industry was the culmination of labor troubles, the operators having failed to meet demands for increased wages and better conditions.

### AMERICAN SANCTUARY

President Roosevelt has offered sanctuary in this country to minorities oppressed by dictators in other countries. How to carry out the provisions of this offer and at the same time observe immigration quotas is a matter not yet decided upon.

## Scout Troop Is Making Progress

Troop 40, Zebulon Boy Scout Troop, is making rapid progress in its organization work. Twenty-seven boys have passed their tenderfoot tests to date. They are Allan Marshburn, Dwite Debnam, Charles Whitley, Tom Ivey, Billy Green, Jack Gregory, Matthew Liles and Charles Hinton, the patrol leaders, and J. K. Watson, Billy Keith, Jack Hinton, R. C. Horner, Oran Daniel Massey, Wilbur Debnam, Ray Pippin, Harmon McIntire, Donald Massey, Elmer Harroll, R. H. Brantley, Fred Pearce, Billy Bell, Donald Pippin, Earry Davis, Willard Wright, Jack Liles, Marshall Keith, and Albert Green.

Our goal is to have at least twenty-five scouts pass their second-class test before the close of school. We likewise hope to make considerable use of our new scout tents each week-end, enabling the boys to have first-hand camping experience in preparation for summer vacation.

Mr. McIntire has recently taken charge of a patrol and promises to be a valuable asset to the scout organization, having had previous experience as scoutmaster.

The troop is getting excellent co-operation from its scout committee elected from the Rotary Club.

At the last scout meeting on March 24th committees were appointed to work on a scout merit and demerit point system for the troop. Such systems in use elsewhere have proved themselves very valuable in strengthening the organization. It is hoped that in the near future some very satisfactory results of these plans may be reported.

RONALD I. JOHNSTON,  
Scoutmaster.

## STARTED "T. R." UP

Blowing a reproduction of his now-famous blast upon his bugle is pictured Ralph E. Baker, a substitute bugler in the Spanish-American war, who announced at this late date that it was he who started the battle of San Juan hill in 1898 by blowing a blast in error. He mistook a nod from Gen. Joseph Wheeler as a signal to sound the charge. As it turned out, the battle of San Juan had much to do with putting Theodore Roosevelt in the White House as the result of the glory he won on that occasion.

It always pays to read the Record ads.
