

Faison With Farm Bureau Insurance Co.

M. McRae Faison is spending this week in Columbus, Ohio, attending the annual meeting of the Farm Bureau Insurance Company, with whom he recently accepted a position to represent them in Wake and adjoining counties. He will work out of the company's State office in Raleigh.

Mr. Faison has been a resident of Zebulon for a number of years. During this time he has fully identified himself with every phase of the community life. He is a member of the Baptist church, the Rotary Club and the Masonic fraternity. In these he has shown an active interest as well as in other things of public concern. He is not new in the insurance business, having been engaged very successfully in it in previous years.

The company with which he is working is one of the largest and best mutual insurance agencies in the country. Many Zebulon and other citizens in this section carry insurance with the Farm Bureau Insurance Co. Their branch office is in Raleigh. Mr. Faison, we are glad to know, will continue making his home in Zebulon.

Scholarships To Be Given CMTC Trainees

H. H. Hutchinson of State College, chairman of the Military Training Camps Association for Wake County, announces that the Commanding General, Fourth Corps Area has allotted four (4) scholarships to the Citizens Military Training Camp to be held at Fort Bragg, N. C., June 16th-July 15th. These scholarships have been given through the efforts of the Military Training Camps Association by institutions of learning for award to this summer's trainees from this district and are as follows:

1. Furman University, Greenville, South Carolina. Two scholarships, value \$75.00 each. Period 1 year. For Freshmen only. Additional expenses approximately \$350.00.

2. Newberry College, Newberry, South Carolina. Two scholarships, value \$100.00 each. Period—throughout recipient's college course if merited.

These will be awarded to outstanding trainees who expect to matriculate at the institution noted. In all cases, the scholarships will be dependent upon the trainees' ability to meet entrance requirements.

The mission of the training camps is to bring together under healthful surroundings on a common basis of equality, young men from all walks of life, and by supervised athletics, military drill and instruction in citizenship to develop them mentally, morally, and physically, promote wholesome respect for American ideals, teach the value of teamwork, fit them for leadership, and impress upon them the obligations and responsibilities of true American citizenship.

Young men attending these camps are no more likely to be called to the colors in time of war than other men. However, in a National emergency if they volunteer or are selected for service, they are likely to secure more rapid advancement and to be able to defend their country effectively.

A candidate must have reached his seventeenth birthday by the day camp opens and not have passed his twenty-ninth birthday.

A physical examination, inoculation against typhoid, vaccination against smallpox, and a certificate of good moral character are re-

quired.

Prospective applicants may write direct to the C. M. C. Officer at Fort Bragg, N. C., for any information they desire or apply to the County Chairman of the Military Training Camps Association.

Doctors A. C. Bulla, A. C. Campbell, Elmer F. Lowry, and John S. McKee have volunteered to give Wake County candidates the required physical examination free of charge.
