

## Contest Ends; New Contest Begins May 1

Red, white and blue "Pledged to Drive Safely" emblems are now appearing on thousands of automobiles in the Carolinas, indicating that their owners have pledged themselves to drive safely and are

### Where's Elmer?

That warden made our Elmer wish that he had never seen those fish. He erred, 'tis true, and it's a fact the law he broke—or badly cracked, he watches from behind a tree and thinks, "What will they do to me?" To mind game laws henceforth he'll try. No license do you need to buy.

at the **Zebulon**

cooperating in the Purol-Pep Safety Crusade.

A total of 125,000 of the attractive metal emblems have already been distributed in the Carolinas, and the demand still continues. In the four states of Georgia, Tennessee, North Carolina and South Carolina, nearly a quarter of a million of these safety emblems have been distributed. The demand for them was so great that at times during April the supply at some stations was temporarily exhausted.

To get an emblem, the motorist signs a pledge to drive his automobile in accordance with common sense rules of highway safety. He is then eligible for a series of monthly safety contests, in which \$1,000 is being given away each month to promote safety-mindedness.

Prize winners in the April contest are expected to be announced within a few days. Seventy-five persons will be awarded cash sums ranging from \$250 to \$5. A new safety contest was launched May 1, and motorists of this community are invited to take part. A flood of entries was received in the April contest.

A large percentage of motorists in this section have signed the pledge to drive safely, and new names are being added to the list of Safety Crusaders every day. The Drive Safely Crusade, the most extensive safe-driving campaign ever launched in this state, was begun April 1 as a public-spirited movement to do something about the terrible toll of deaths and injuries on the highways and streets.

Police traffic squads in various cities have not only endorsed the Crusade, but in many cases, have signed up 100 per cent.

### SPEND AND DESTROY

And now comes the proposal from an automobile manufacturer for the government to spend \$100,000,000 buying up and scrapping 1,000,000 old automobiles, on the theory that the automobile industry employs one out of seven persons, directly or indirectly.

The idea is no different than paying farmers for not raising crops, plowing under cotton, des-

trouying young pigs, buying surplus farm crops, etc. But it's pretty hard for the older school who were taught to save and produce, to get used to the new idea of spend and destroy.

### BABY THROWN INTO RIVER

Clues are being sought as to the identity of persons who threw into Neuse River on last Sunday evening a box containing the body of a new-born girl baby. Instead of sinking, the box lodged on a tiny island in the river and on Monday its contents were discovered. Coroner Waring stated that the baby had been born alive.

### TEXAS CORN

Green corn from Texas was sold on the Raleigh market last week, bringing as high as 75c a dozen

ears. With "ro's'n'ears" in April along with green black-eye peas, there is again forced upon one's attention the fact that times have changed.

### UNION VOTED

At their annual conference in Birmingham, Ala., last week Southern Methodists voted by a sizable majority to unite with the Northern branch of their denomination. Dissenters, however, felt so strongly upon the matter that they speak of withdrawing from the church; and they have caused the question of legality of the voting to be brought up. A final decision has not been reached. The Methodist Episcopalals divided upon the question of slavery some years before the war between the states.

BESIDE ALL OUR  
CLEANLY  
BRIGHTNESS—  
YOU'LL BE  
PLEASED WITH  
OUR POLITENESS.

### FOR MOTHER'S DAY

WE WANT YOU TO TRY A SLICE OF HAM whose flavor is particularly different. You will wonder why you have not become acquainted with it sooner. And after the members of your family have expressed their appetite gratification you're quite apt to buy a whole ham. Remember—it's the ham that's different.

Nothing beats boiled ham for a Mother's Day dinner. It can be made ready on Saturday, leaving that much more time for the family reunion on Sunday.
