Appreciation Service For Baptist Pastor

**Rev. R. H. Herring Retires After
More Than Forty Years of
Pastoral Work**

The morning hour at the Baptist church last Sunday was given over to an appreciation service honoring Rev. R. H. Herring whose pastorate ends with this month and whose last appointment was on Sunday.

Conducted by Dr. L. M. Massey the program was given by members of the church. Mrs. Avon Privette read the Scripture lesson; Mrs. Theo. Davis led in prayer; Mrs. L. M. Massey sang a solo with Mrs. J. D. Horton at the piano; A. C. Dawson reviewed the work of the church for the eleven years of Mr. Herring's pastorate, citing outstanding accomplishments; C. V. Whitley spoke for the board of deacons; Mrs. A. N. Jones noted the work of both Mr. and Mrs. Herring in the missionary society of which Mrs. Herring has for years been the energetic president. The leadership and friendship of the pastor for the young people was emphasized by Bobby Horton who declared him to be the only pastor most of them have known, they having been baptized during his ministry here. Mrs. F. E. Bunn

spoke of the faithfulness of Mr. Herring to the work with the children, both in Sunday School and in the Daily Vacation Bible School, which she declared has become a fixture in the church program of activities. She also praised the efforts of both the pastor and his wife in the B. Y. P. U.

Supt. E. H. Moser, head of Wake-lon school, told of what Mr. Herring has meant to the community, picturing him as pastor of the entire section.

Mr. Herring spoke in conclusion, reaffirming his love for the church and his willingness to be of any service possible. He showed the Bible which he has used during his more than forty years of pastoral service, and which he will still use for guidance and consolation, and read portions from the epistles of Paul for the admonishment and encouragement of the church, concluding not with a farewell, but with an invitation to all present to "come up and see" him. There was no service at night. The new pastor Rev. G. J. Griffin, is expected for the services on the first Sunday in August, after which there will be preaching every Sunday at the church.

Rotary Club Met In Middlesex

Zebulon Rotary club was entertained by the ladies of the Methodist Church of Middlesex last Friday at a barbecue supper. Present were Wm. Williams and Mayor High of Middlesex. The speaker was Harold Griffin, Mayor of Wendell. He spoke on the accomplishments of Rotary, and placed service above all else.

Next meeting will be Friday in Zebulon as customary.

Work On Fair Catalogs Begun

Although the date is earlier than usual for such work the task of making ready the catalogs for the Zebulon Fair this fall has been well begun. Already many advertisements are in hand to be set in type and Messrs Gill and Privette are compiling lists of premiums and other lists of farm crops, produce, canned fruits and vegetables, fancy work and such for which the prizes will be awarded.

It is hoped that by placing the catalogs in the hands of the farmers and others interested many weeks ahead of the time they have heretofore been sent out more intelligent and planned preparation may be made for exhibits and a better and more representative fair result.

MORE TAXES NEXT YEAR

Taxes will be increased by the next Congress—even beyond the President's present demands. The big hole in the U. S. Treasury must be filled to keep up with expenses.

CLUB NOTICE

On next Wednesday afternoon at 3:30 in the clubhouse at Wakefield the July meeting of the Home Demonstration Club will be held. The local program will be directed by Mrs. Lorenzo Bunn.

Japanese Protest Russia's Action

The Japanese government is said to be planning a second protest to Russia because of that country's invasion of territory in China which Japan claims. The removal of Russian troops is demanded. Russia holds that no border violation is involved and that the territory entered belongs to her by a treaty signed in 1869. Thus the situation in China threatens to become even more complicated, Russia and Japan being traditional enemies.

Japan's demand that Russia withdraw her troops from Manchukuo has been refused and war between the two countries seems imminent. Great war preparation is being made on both sides and it may be only a matter of days before another major war will be raging. But Japan seems to have all she can manage right now in China and a conflict with Russia at this time would be suicidal to that country.

I have a poor opinion of a man who talks to men what women should not hear.—Richardson.

Having taken a poll and found that every one is against this column coming back into the RECORD I do hereby welcome myself back into the hearts of my dear public.

Yesterday I heard a story that has been well circulated around town about a recently single man who now sports a wife. Another young gentleman who is thinking about getting hooked, went up to him and asked: "Has your wife changed much since you married her?" The newly-made young bride-groom answered, "Yes—my friends, my habits and my hours." Heed all that, you young beaux.

Another young couple hereabouts are very near drowned in the sea of matrimony. The bride and groom are both interested in their neighbors. She reported to him thus: "Darling, the man next door always kisses his wife whenever he leaves for work. Why don't you do that?" "Sweetness," he replied, "how would I look kissing his wife when I hardly know her?"

Too bad all of us can't be like Anthony Eden. He's fixed for life. His pappy-in-law left him an annuity paying \$25,000 a year.

Children are in the news. A 4-year-old son of a father asked his dad not long ago a question relating to the traffic problem. Said the boy, "Daddy, what do you call a man who drives a car?" "Well," said the poppa, "it all depends on how close he comes to me!"

More children! A young mother reports this to me. Her son had brought his young sweetness into the house and wished to play store. He asked his mother if he could and she replied: "Don't make any noise." "All right mother," said his highness, the youngster, "We'll pretend we don't advertise." Merchants are requested to pay special attention to that.

With all the collich goils home Zebulon has taken on new life. Don't crowd boys. There's enough to go around.

The Roosevelts are good sports. The day before the recent John Roosevelt-Anne Clark nuptials, a Boston news photographer bet the bridegroom to be he wouldn't be smiling when he came out of the church a married man. John was grim on his church exit next day but when he saw the photog-man he burst into a smile. But the camera-man recently received a \$10 check from John on the grounds he had technically won the bet.

The following conversation took place between two of the younger ladies of this fair city. The first, with a raise of her penciled eyebrows asked, "Are you and your folks going to take the usual camping trip this year?" Replied the second, careful not to smear her lipstick, "Nope, we took down all the screens from the windows and left all the house doors open and we got the same effect."

An enthusiastic Zebulon golfer came home to a late dinner. During the meal his wife remarked: "Willy tells me he caddied for you this afternoon." "Well, I'll be darned," said Willy's poppa, "I thought I'd seen that boy somewhere before!"
