INTERIOR

Her mind lives in a quiet room,
A narrow room, and tall,
With pretty lamps to quench the gloom,
And mottoes on the wall.

There all the things are waxen neat,
And set in decorous lines;
And there are posies, round and sweet,
And little, straightened vines.

Her mind lives tidily, apart
From cold and noise and pain,
And bolts the door against her heart,
Out wailing in the rain.

— Dorothy Parker

Ray Pittman, student at Wake Forest summer school, spent the weekend here in the home of his aunt, Mrs. F. E. Bunn.

Everybody departed saying goodbye to Moody and declaring the had a good time.

Those present were: Vivian, Rosa, Juanita, Doris and Rachel Perry, Bettie, Rudine, Cleo and Lera Mae Pearce, Ruby Edwards, Eva Ruth Harris, Mr. and Mrs. W. F. Hagwood, Mrs. Agnes Perry, Mrs. Wiley Pearce, Mrs. C. A. Harris, Kenard Strother, Carmen Brames, Maxwell Perry, Roscoe Edwards, Paul Harris, Lexis Hagwood, J. B. Pearce, Carson Perry and Robert Perry.

PAUL BRANTLEY, MONOPOLIST

A man drove up to Paul Brantley's store and filling station Saturday afternoon to get some gas. A half dozen cars were parked around the gas tank, most of them waiting for service. Inside the store was a crowd of folks waiting to be served. Paul is some hustler. He has his store stocked chock full of groceries and gas tanks and barrels are all round about the building. Paul sells a lot of stuff to feed folks and autos and other gas eaters. And you would be surprised how cheap he sells his products. He sells kerosene for nine cents a gallon and if you give him a dollar he will put five gallons of gas in your car and hand you free a big 5-cent box of matches.

North Carolina cared for 7,311 mental patients in state institutions in May, 1938.

There were 9,372 prisoners in N. C. state highway camps on May 31, 1938.

CECIL LEWIS DEAD

The death of Cecil Lewis of Wendell as the result of an automobile accident brought sorrow to relatives and many friends in Zebulon and the surrounding community. He was a brother of Ralph Lewis and was formerly employed in this town. The funeral service was held Friday, July 22, at the home of a brother, W. P. Lewis of Wendell, and burial was in the Zebulon cemetery. Seldom is seen in this section such a long procession as followed the hearse bearing this young man to his last resting place.

DR. HERTY DEAD

The death last week of Dr. Charles Herty means that the South has lost a scientist who will be known as a benefactor. Dr. Herty was the patient investigator who, after numberless experiments, found a method of converting slash pine into newsprint and even into fine book paper. To him are due the business improvements already shown in some sections of the South. To him goes the credit of a new cash crop for the country, since slash pines grow fast and almost anywhere. In addition to its value as a source of paper, the by-products are of considerable value.

LOST SON—ANXIOUS FATHER

N. H. Wells of Zebulon, R. 1, was in the Record office Monday seeking knowledge of his missing son. He is 25 years old, 5 1-2 feet tall, weighs 125 lbs., has blue eyes and black hair. He has been absent two weeks. It is understood that when last seen he was at Paul Brantley's store under the influence of liquor. Any one knowing the whereabouts of Mr. Wells' son will confer a favor to him and his family by reporting the same to The Zebulon Record or Mr. Wells.

FARM AND HOME WEEK ATTRACTS MANY

More than a thousand men and women have registered at State College for the annual Farm and Home Week now being held there. A majority of the registrants are women, the men finding it too hard to leave the crops. President of the men is D. H. Boney of Duplin county. Mrs. W. T. Loyd of Durham is president of the women's organization. Various courses relative to life on the farm are given with experts leading, and many recreational features are enjoyed, not the least of which are contacts with friends from every section of the state.

AGED PHYSICIAN BEATEN

Dr. J. M. Goodwin of near Lexington, aged physician, was found in his home on last Saturday morning badly beaten and bruised. He was taken to a hospital and at first it was feared his injuries were fatal; but now it appears he may recover. His grandson, 20 years old, has been accused of the crime, which was evidently for the purpose of robbery. The doctor was in the habit of paying off workmen on Saturday and therefore usually had cash in the house on Friday night. However, for once, he had paid the men on Friday and the thieves got less than \$30.00. The grandson has been in trouble before with the law.

One hundred and twenty-two insane persons were confined in 84 N. C. jails during May, 1938.

FAIR HAT

NEW YORK — Dana Jenny, wearing a large Aqualon yellow straw hat designed by Lily Dache and inspired by the Mines and Metallurgy Building at the New York World's Fair 1939. On the crown are replicas of the gargoyles from the building.

KEEP THIS IN MIND

Keep this in mind—we will have no real prosperity in the United States until we have honest, non-political tax reform. The investor knows that if he risks his money in a new undertaking and is lucky enough to earn a profit, the government will seize an undue share of it through the capital gains tax—and so he is leaving his assets in a bank, where they produce nothing. Industry knows that if it attempts to save up money against a rainy day the government will heavily penalize it with the undistributed profits tax—consequently it is operating on a hand-to-mouth basis. So it goes, throughout the whole economic structure. Intelligent tax reform would probably do more than anything else to bring back the lost confidence that is essential to good times here or anywhere else.

BIG CARRYOVER

The Bureau of Agricultural Economics reports the largest carry-over of canned vegetables since 1933. It seems that there was an unusually large number of cans put up last year and the recession limited the purchasing power of those who might have bought the vegetables for food, resulting in the cans being left on the hands of producers. Still, this does not mean that Zebulon housewives can tell much difference in the amount of home canning to be done this summer.
