

FARM AND HOME

J. E. McINTIRE

COTTON BAGGING

Approximately one million bales of cotton will be marketed this year in a new cotton bagging material. This experiment with cotton as a bale covering has been made possible by the AAA program for the diversion of surplus lint.

POULTRY SITUATION

The U. S. Bureau of Agricultural Economics, in its outlook for poultry and egg prices until early 1939, predicts a more than seasonal decline in chicken prices and a more than seasonal advance in egg prices.

PEANUT REPORT

Some North Carolina peanut fields are now in good shape, but excessive rains in July almost drowned out many fields and caused grass and weeds to grow luxuriantly, says E. Y. Floyd of State College.

BETTER LIVING

The Department of Commerce has reported indications that farm living conditions have improved materially since 1930. A 1938 census survey of selected homes in 40 states showed substantial increases in the number of farm dwellings having electricity and radios and provided with bathrooms.

LARGEST CARRY-OVER

The 1937-38 world carry-over of United States cotton, including linters, has been placed at the high record of 13,803,000 bales. The carry-over last year was 6,108,000 bales.

BRIEF NEWS ITEMS

In Madison County there is a field which has been in permanent pasture for 145 years and is grazed or mowed for hay each year. No erosion is taking place, the pasture mixture has improved and only a small amount of plant food needs to be added occasionally.

Rutherford County farmers report intentions to seed more pasture acreage this fall, looking to a greater development of the beef cattle industry. Many of the fields to be seeded are too rolling for economical row crop production.

Alarmed by a serious outbreak of hog cholera, farmers of Currituck County vaccinated 1,100 hogs last week. With fat hogs selling for over nine cents a pound, the owners are not intending to suffer losses from the disease.

The quality of tobacco cured in Edgecombe County this season seems to be above the average. Farmers are greatly encouraged over the outlook.

Mecklenburg landowners are happy over the increased acreage to lespedeza which they seeded on small grain as the crop is now growing in such a splendid way as to indicate a heavy yield of hay and seed this fall.

Paul Hill of Patetown, Wayne County, reports that ground limestone which he applied in 1935 is showing beneficial results to a corn crop now on the land. The corn is heavier and larger than on those fields where no limestone was applied.

Uncle Jim Says

A fellow from State College told me the other day that for every 100 tons of fertilizer farmers bought in 1932, they bought 189 tons in 1937. During this same period, the fertilizer industry payrolls increased 11 per cent and employment 64 per cent.

FARM AND HOME WEEK ATTRACTS BIG CROWD

With the return of approximately 1,500 delegates to their homes, books were closed last Saturday on the 35th chapter of Farm and Home Week, one of the most successful ever held.

Joint sessions and classroom work occupied the delegates during the morning, and demonstrations, exhibits, and tours were featured during the afternoon.

Among the resolutions adopted were those calling for sufficient State appropriations to match Federal funds for agricultural research, Federal aid to public schools, the early establishment of a 12th grade in the public schools of the State, a better farm marketing program for North Carolina, and the transfer of the State prison farm near Meredith College to State College for the "development of real livestock work."

HILLIARD'S POND FISHING CLUB

A fishing club has been organized at Hilliard's pond, 5 miles south of Zebulon. This is one of the best fishing grounds in Eastern Carolina and is accessible to Releigh, Wilson, Selma, Rocky Mount, and other cities and towns in this section.

The stock is offered for the next 90 days at \$100 per share. The convenience of this club makes it very attractive. Fishing is good throughout the season. If anyone is interested in a share write Johnnie Hilliard, Middlesex, R. 1. He lives 6 1-2 miles south of Zebulon near Friendship Church.

All work and no play makes Jack a dull boy; reverse it, and Jack is a poor boy.

DEBNAM'S AND KEMP'S MOTTO

One step won't take you very far; —you've got to keep on walking; One word won't tell folks who you are—you've got to keep on talking; One inch won't make you very tall —you've got to keep on growing; One little ad won't do it all—you've got to keep them going. So that's why these two firms in Zebulon keep on doing consistent advertising. Read their ads in this issue of the Record.

STATE INSTITUTIONS WANT BUILDINGS

To share in the funds that are to be provided by action of the special session of the state legislature now in session are the following institutions:

- University of North Carolina with its divisions at State College, Raleigh, and at Woman's College, Greensboro;
- East Carolina Teachers College, Greenville;
- Western Carolina Teachers College, Cullowhee;
- Appalachian State Teachers College, Boone;
- Negro A and T College, Greensboro;
- Cherokee Indian Normal School, Pembroke;
- Winston-Salem Teachers College;
- Elizabeth City State Normal School;
- Fayetteville State Normal School;
- N. C. College for Negroes, Durham;
- N. C. School for Deaf, Morganton;
- State School for Blind and Deaf, Raleigh;
- State Hospitals at Raleigh, Morganton, and Goldsboro;
- Caswell Training School, Kinston;
- N. C. Orthopedic Hospital, Gastonia;
- State Sanatoriums at Sanatorium and Black Mountain;
- Stonewall Jackson Training School, Concord;
- State Home and Industrial School for Girls, Eagle Springs;
- Morrison Training School, Hoffman;
- Eastern Carolina Training School, Rocky Mount;
- State Industrial Farm Colony for Women, Kinston;
- Confederate Women's Home, Fayetteville;
- Public Buildings;
- Board of Health, Raleigh;
- Department of Conservation and Development, coast fishing waters;
- N. C. Historical Commission, Raleigh.

MRS. CHRYSLER DEAD

Mrs. Walter Chrysler, wife of the automobile magnate, died on Monday at her home in Great Neck, N. Y., of cerebral hemorrhage, after suffering for months from high blood pressure. Formerly Della Forker, daughter of a Kansas merchant, she was married in 1901 when her husband was earning \$60 a month.

Not long ago a series of articles in The Saturday Evening Post gave a biographical sketch of Mrs. Chrysler in connection with a more detailed story of her husband's life.

We are not here to play, to dream, to drift; We have hard work to do, and loads to lift; Shun not the struggle—face it, 'tis God's gift.—Maltbie D. Babcock.
