Zebulon Sewing Room Very Busy

There are seventeen women in the Zebulon sewing room, all busily at work on fall clothing. Supervised by Mrs. R. H. Herring, suits, dresses and underwear are cut, made, pressed and made ready for delivery when called for.

Cotton cloth is used for the boys' suits, but it is a heavy weave and practical colors.

It may be out of place to mention, but the writer of this article can not see a good reason for the sewing room to supply harmonizing buttons for working buttonholes in suits. Why all those hours of work should have to be wasted by putting black buttons on a tan coat is more than the uninitiated can understand. No one in the sewing-room should be ed upon it; this criticism should be called that, come from distinctly outside.)

ARCH FATAL MONTH

Recorder's Court

When one reads the local Recorder's Court proceedings, he realizes that all the meanness of the world is not confined to Japan or even to Germany. Some of the things coming before the last court are of such a serious nature that the reporter cannot afford to make them a "laughing matter." Read them over and form your own opinion of parents, children, business and general conduct and cussedness as they are revealed in the court's array of facts.

Readers will perhaps recall a court action months back where a young man was tried for playing David with his uncle's home. This same young man was before the court for trespassing and assault. The records also show that he was drunk at the same time. Judge Rhodes sentenced said young man, Frank Faison to 6 months on the state highway and the costs of the court, but suspended the sentence on condition that he pay a fine of \$25.00 and stay away from the home of his uncle, Kerney Faison, for a period of two years.

Paul Thorpe, colored man, was tried for trespass and malicious injury to personal property. It seems he bought a second hand car from Brantley Motor Co. and gave a mortgage on a cow and various other items of personal property. Riding into town one day lately he asked Mr. Brantley to see the mortgage note. Getting hold of it, he ran and when apprehended the note had disappeared. The court taxed him with fine and costs amounting to \$32.50.

Russell Murphy assaulted Douglas Chamblee with a truck pin, said pin being driven full of 20 penny nails. He was started to the roads for 6 months but the decree was held in abeyance till he could provide enough money to pay a fine of \$25.00 and the costs of the action.

Three young men and two boys wanted a "bait" of melons. One or more of them knew where they could be found, so off they got to Hilliard Green's melon patch. Hilliard had already bargained to bring a number of the melons to Temple's market the following morning. The boys, by names, Geo. Wells, William Eatman, Edwin Cone, Charlie Cone and Ferrell helped themselves to all they wanted. But for some reason, maybe as some one suggested, because they could not eat more, they maliciously destroyed about 40 melons and 30 cantaloupes. The judge sentenced the three older boys, who are 18 years old, to pay Mr. Green \$10.00 for the melons and the court the costs of the trial. Charlie Cone and the Ferrell boy who are only 13 years old are to

More Than 800 Enrolled At Wake-
lon; Sixty-One Seniors

Wake-
lon's first Parent-Teacher meeting for the present school year was held on Tuesday night with good attendance and with many encouraging features. Mrs. A. S. Bridges, president, and Mrs. Jack Hinton, secretary, were in their places ahead of the hour for the meeting, all set to begin work.

The devotional was led by Rev. G. J. Griffin. Miss Barrett, the new teacher of public school music, led in singing America the Beautiful. Mrs. L. M. Massey sang Play, Fiddle, Play and Roses of Picardy, accompanied by Miss Jo Dunlap at the piano.

Mrs. Bridges spoke briefly of aims for the year in the P.-T. A. and reported a meeting of the Executive Committee at which Mrs. F. L. Page was appointed on the student aid committee; Mrs. E. H. Moser and R. I. Johnson being made a committee on safety.

Mrs. Lester Green and Mrs. F. E. Bann will act as a committee on programs, the general topic for the year being Our Child In Our Community. Mrs. Herring, treasurer, reported more than \$16.00 carried over from last year. Mrs. Hinton spoke briefly, stressing the need for hospitality at the meetings of the organization to the end that all may become better acquainted.

Mrs. Ida Hall, county school nurse, in a thoroughly practical talk discussed the health work done in schools with explanations of examinations, inspection, contagion and dental work.

Supt. Moser used a few minutes for emphasizing the desire of the teachers to safeguard the health of pupils and to further the work of physical education, stating his hope for Wake-
lon to have a full-time physical instructor before many years pass.

He next introduced the new teachers, Mr. Austin, Miss Meacham and Miss Tolar of the high school, Miss Barrett of the music department. There are 276 pupils enrolled in the high school and 550 in the elementary grades. The senior class of 61 is the largest in the history of the school.

During a social hour refreshments were served and parents and teachers greeted each other.

Miss Tolar, commercial classes teacher, has promised to help furnish school news for publication in this paper during the year, which will insure a better understanding and a greater appreciation of the work and the workers at Wake-
lon.
