ZEBULON, N. C., FRIDAY, JUNE 14, 1940

NUMBER 48

Revival To Be Held In Zebulon Baptist Church

Beginning Sunday, June 16, a week of revival services are planned for the Zebulon Baptist church. The assisting minister for this week of meeting is to be Dr. R. E. Wall, pastor of the First Baptist church in Sanford.

Since January 1935, Dr. Wall has served the Sanford church, this being his first regular pastorate. In 1927 he received his A. B. degree from Wake Forest College and in 1934 he completed in the Southern Baptist Seminary the required work for the Ph.D. degree. Dr. Wall at present is serving on the General Board of the Baptist State Convention.

Throughout the week of the meeting two services are planned for each day with the exception of Monday. Tuesday through Friday there are to be early morning, inspirational services beginning at 8:15. The evening services will all be at 8 o'clock. The whole community is urged to participate in the meeting.

Methodist W. M. S.

The Ida Fisher Missionary Society met with Mrs. M. J. Sexton. Mrs. Dewey Massey was assistant hostess.

Mrs. P. L. White had charge of the program and read the life of Miss Nannie Holding, Texas-Mexico missionary. Mrs. E. H. Moser read the meditation, "Strivers for the Right." Letters of thanks from Mr. Barnes, Supt. of the Methodist Orphanage, and Mrs. Hood were read by Mrs. Boone, thanking the society for coupons which helped buy an electric stove for the institution. Mrs. Moser reported sixty subscriptions secured for Holland's Magazine.

Plans are underway for a Baby contest to begin soon and close the last of this month. Babies from six months to six years are eligible, if from this town or community, as are babies of those who formerly lived here. Such names are requested for enrollment.

Ladies of the missionary society are getting out a new cook book containing favorite recipes of the best cooks and housewives. If you have a specially good recipe please call Mrs. B. F. Boone within the next few days. Your name and recipe will help sell our books which will go for a very small sum.

The hostesses served cake and punch at the close of the meeting.

JOIN MARINES

Archie Gray Jordan, son of Mr. and Mrs. Thedford Jordan of Middlesex, James Orville Stencil, son of Mrs. Mamie Ann Stencil, of R.F. D. 1, Middlesex, and Edward Dwite Debnam, of Zebulon, were accepted for service in the United States Marine Corps at the District Headquarters Recruiting Station located in the Post Office building Raleigh. They were transferred on the 4th of June to the Marine Barracks, Parris Island, S. C., for a brief period of training.

Upon completion of their training they will be assigned to some service school, ship, foreign station, or Marine Barracks for duty.

Methodist Church

Services for Sunday, June 16.
Church School—10:00.
Young People—7:00.
Church Service—8:00.

A special effort is being made to increase the attendance in both Church School and Church service. Will you be one to help bring about a greater interest in the church?

Baraca

The attendance was off a little last Sunday, probably on account of the very hot day. There will be plenty fans next Sunday and we are expecting a record crowd.

Rev. R. H. Herring taught the class and every member expressed himself as being greatly helped. We all want him to teach again soon.

Fellows, I am expecting you next Sunday.

DUG SPENCER.

Zebulon Has 1069

The census enumerators listed 1069 persons as residents of Zebulon this spring. This is an advance over the number given in the census of ten years ago, but somewhat disappointing to those who had felt the present population would reach a higher total. If any were missed, they should at once notify the enumerators, who did their best, but may have been unable to get all names. About 269 increase as of present figures—not 840 as one of the state dailies had it last week.

Roosevelt

The powerful Democratic leaders in Washington will insist on the nomination and reelection of Roosevelt for a third term. That seems to be definite even though the President should make a statement to the contrary.

Leading Democrats are now interested in picking a new Vice-President who would be strong enough to succeed President Roosevelt—the theory being that he might resign after the war emergency is over.

Sanitation

An increased interest on the part of Currituck County poultry producers in sanitation will result in more healthy pullets, says L. A. Powell, farm agent of the State College Extension Service.

Peak

Peak diggings of this year's Irishpotato crop in Beaufort County should be reached between June 15 and 20, according to A. L. Eagles, assistant farm agent of the State College Extension Service.

THIS, THAT, & THE OTHER

By MRS. THEO. B. DAVIS

If you think, as I did for a long time that the Braille system of criting used by the blind is punching little holes in paper to form the same kind of letters we seeing folk have, you are as mistaken as I was. Braille letters cannot be read by those who have not made a special study of them. You wouldn't know your own name in Braille at first sight of those characters.

And another interesting fact is that a letter written in Braille can go by mail at a lower postage rate than one you or I would write—at third class rates. The missives are not folded, but rolled, and the ordinary person couldn't make them out anyway, so the lower rate is certainly all right. And it is pleasant to think about blind persons being able to carry on correspondence that must be a greater joy to them than most of us know.

Friday morning while out in the garden picking snap beans for some reason I remembered the line, "The old order changeth, giving place to new", and tried to recall the changes that have come in my day. Perhaps it is because they took place in my day, but I believe few generations have seen more of change than mine.

We used to feel that the old order changed slowly, in privacy, never laying aside the last of outmoded garments before putting on a part of the new, and proceeding with such leisure in her progress down the halls of time that there was always dignity and decorum—which was probably an idea of our own, not based on facts.

But in the present age the order scarcely has time to be called old before she changeth, not one time, but many. And she changes right out in public whenever the notion strikes her or enough of those who rebel against her. Sometimes, to us who love stability, the order of our times seems as naked as truth and as brazen as falsehood. And we stand abashed, if not ashamed. But the cycle goes on, and we may be assured that again "the old order changeth, giving place to new." If the changes to come are for the better, let us be thankful; if for the worse, we can at least comfort ourselves with the fact that we who are old won't have to endure them very long.

The Curtis Publications—Saturday Evening Post, Ladies' Home Journal, and Country Gentleman—will not carry advertising for intoxicating liquors. This was recently decided by the board of managers. For years I have thought the Post about the best medium-priced magazine for the home, because of the character of its fiction and the reliability of

(Continued On Back Page)

Correction

In A. G. Kemp's ad last week a mistake was made whereby Nitrate of Soda was offered for \$3.00 a bag. This should have read \$3.30 a bag. All prospective customers are asked to note this correction.

Zebulon Zebbs Say "Au Revoir" And Vacate Cellar Spot

Baptist Church

The following services are to be conducted in our church, Sunday, June 16th:

9:45—Sunday School.

11:00—Morning Worship. Sermon topic: "Why a Revival?"

7:15—Young People meet.

8:00—Evening Worship. Sermon topic: "The First Christian Experience Meeting."

G. J. GRIFFIN, Pastor.

New Highway

Work of topsoiling the road from Zebulon to Wake Forest has been begun, and it is thought that the hard-surfacing may follow at an early date, and that the job may be finished in three or four months.

Several families have come to Zebulon to stay during the time of road building. They are having some difficulty in finding rooms or apartments. It is hoped that all who have quarters for rent will let it be known. This important stretch of highway means much to Zebulon and a good way to show appreciation for it would be to help provide living accommodations for those employed on its construction.

Rotarians Hear Stacey Wade

Zebulon Rotarians held the nineteenth hundred per cent meeting. Three were absent: Professor Moser, who had already made up his attendance, Robert Daniel Massey and Professor Tuten who stated they would make theirs up in Wendell.

Irby Gill had the program and he "put on the dog". He had C. O. Kemp, his two sons and their wives to sing several selections. This was much enjoyed. The speaker of the evening was Mr. Stacy Wade, head of the Social Security Board. He spoke on that phase of work explaining the different angles. This was a subject that all the Rotary members are interested in. Many questions were asked, Mr. Wade showing exactly how social security money was collected and paid out. He gave examples showing its benefits for wage earners. The farmer, of course, was left out to go to the poor house in his old age under the present form. Mr. Wade stated bills are under discussion whereby almost every working man may benefit whether on a salary or for himself. The Social Security Act has been in effect in Europe for forty years, but in America only four years and we have made more progress than Europe.

The Rotary felt honored in having Mr. Wade. If everyone could have been like him, there would be no need of Social Security and old age pensions as he refuses to quit work and grow old.

The Zebulon Zebbs vacated the cellar position they had held since they entered the Central Carolina Loop by virtue of their 7-2 win over the new cellarites, Goldsboro.

Peanut Doak and Lynn shared mound honors for the locals and gave up only four hits. Murray caught for the Zebbs.

Thompson and Doak led Zebulon's eight hit attack with two hits for three tries. Carl Iddings batted .500 with a single. No player for Goldsboro had more than one hit.

| | |
|-----------|-------------------|
| Score: | R H E |
| Goldsboro | 110 000 000—2 4 2 |
| Zebulon | 010 140 10x—7 8 0 |

Thompson and Bennett; R. Doak; Lynn and Murray.

Library

The Zebulon Community Library opens Tuesday, June 18, at the Women's Club. The club house, which has just been renovated, has provided a separate room with a private entrance especially for the library. Hours are from nine to twelve in the morning and from two-thirty to five thirty in the afternoon. On Saturdays hours are from three to six o'clock p. m.

On Mondays the library will not be open.

Children will be particularly interested in the Rainbow Club, a new enterprise, sponsored by the library and the Women's Club. All children from eleven to eighteen are eligible for membership in this club. At the end of the summer prizes will be given. For the benefit of children from eight through ten there will be a Junior Rainbow Club.

The library has planned a story hour three days a week from ten to eleven in the morning for small children from four through seven years.

Use this service. No matter what your age you will find books and magazines to entertain and interest you at your community library.

In Canada

Juliana, Crown Princess of The Netherlands, with her two small children came last week to America for refuge. She is in Canada. Princess Juliana fled first to London when her country was invaded by Germany, and is said to have been invited across the sea by Lord Athlone, Governor-General of Canada. She is the first member of a reigning royal family to come to the new world seeking safety.

Okeh, Eleanor

Mrs. Franklin Delano Roosevelt observes: "We must remember that the worst thing that can happen to people is to live their lives in fear and hate."
