WAKELON NEWS

MISS RUTH MASSEY, EDITOR

Coach L. W. Armstrong announced Tuesday that Wakelon high school had entered the Wake County Football Conference and that the first conference game, which is also the first game of the season, will be played October 4 against Catholic Orphanage on the Wakelon gridiron. There are four other schools entered in the conference: Methodist Orphanage, Apex, Wendell and Fuquay Springs, each of whom Wakelon will meet at least once in battle. Besides these games, there will be two non-conference games, one against Springhope there either October 8 or 11, the other, which is to be played here, is as yet unscheduled.

Three major things are required of any Wakelon boy playing in a conference game. These are: He must have the written consent of his parents; he must have a physician's certificate stating that he is physically able to play, and he must pass at least three of his school subjects.

SCHOOL SPONSORS DANCE

The Athletic Association is sponsoring a dance in the gymnasium every Friday night from 8 until 11:00. The purpose of this is to raise money and to provide well chaperoned, wholesome social activities for the high school students.

The two dances already held have proved very successful. It is hoped that larger crowds will attend and that parents will accompany their children. Admission is ten cents for all.

CLEANUP CAMPAIGN

Rebecca Horton, chairman of the Wakelon cleanup committee, reported to the student body in chapel Tuesday the progress of the campaign, which she stated was succeeding admirably. The students seem to be cooperating fully in this attempt to keep the buildings and campus of Wakelon school clean and attractive.

SAVE LABELS

An interested church-worker calls attention to the fact that a special offer is being made to churches only by the manufacturers of Camay Soap, Oxydol Powder and Crisco. Save all labels from these and get in touch with the leader of your Sunday school class or other organization that wants to raise funds. The labels are redeemed for cash.

STUDENT COUNCIL

The Student Council is a body of our school which is becoming more and more a definite part of the organization and running of student curricular activities. The officers are elected by the entire student body and other members are chosen by the home rooms as representatives of the four classes. The council has improved the morale of the school in the past and from all indications it seems that this year will be even better. The officers and other members of the 1940-41 Student Council will be given next week.

ertson, Luther Massey, and Robert Daniel Massey make up their attendance. Some had already attended another club. Those absent were away on business. It is reasonably certain they will make up their attendance. Durdward Chamblee had the program. He had for his speaker Carter Darrow, Rotarian Governor. Mr. Darrow gave an interesting talk describing the various clubs he had visited, as follows:

A one-man club, one man thought he was broad enough to see both sides of the question and rule the club; a Rotary Club where the ex-presidents thought they should rule; a self-satisfied club—the club felt like they were doing everything and no improvements could be made; a talking club—several parties took up all the time; a serious club—the club took everything seriously and there was very little humor in it; an eating club—the members didn't seem to get anything out of the club except a good meal. Mr. Darrow's choice of clubs was one that sang and enjoyed each other's fellowship.

Livestock To Be At Local Fair For First Time In Eight Years

For the first time in eight years livestock will be exhibited at the Five-County Fair and prizes will be awarded for best entries. The lists appear on another page with prizes offered. This restoration of a former popular feature of the fair will be at considerable cost to the managers; but they feel the added benefit to the community justifies it and are glad to make the donation. Stewart Black, teacher of agriculture at Wakelon, is helping with this department and will

serve as its director. All entries must be in by 1:00 o'clock on Friday, and may be taken away after 5:00 o'clock that day.

There must be three entries in each class of dairy cattle or beef cattle to compete for first prize. If less than three of a class, only second prize will be given. Two entries are required in a class for horses and mules. Three entries are required for first prize to be awarded for swine. Two entries are required for poultry.

First prize for animals will in each case be \$3.00; second prize \$1.00.

For poultry first prize will be \$1.00, second 50c.

For further information see Dabney Gill or Stewart Black.

NEW EQUIPMENT AT STELLS

Jethro Stell has one of the best equipped dry cleaning and pressing clubs to be found. He has lately added new equipment. Two of these are called puffirons—machines for finishing ladies' dresses after dry cleaning. Another is a spotting machine. A stream of steam is turned on spots on garments, and if heat and water will take them out, out they go. Read Stell's ad in this issue of the Record.

Boy Scouts Plan to Aid In American Home Defence; Report to Leaders

The national headquarters of the Boy Scouts of America in New York City is urging all Boy Scouts to mobilize in their local troops, and do intensive training in first aid, signalling, camping and other parts of the Scout program, in order to be prepared to aid in any emergency that may arise either nationally or locally.

In keeping with this plan, all Boy Scouts who are members of Troop 40, Zebulon, are requested to report to Patrol Leaders Don-

ald Massey, Wilbur Debnam, or R. H. Brantley, as to whether they will be active in such a program.

Any new boys desiring to join the Scouts who can meet the requirements, are asked to give their names to Senior Patrol Leader Jack Gregory.

When a record of this is completed, a reorganization meeting will be called, and active work begun in training for Scout service.
