

# Oxford Points To Orphanage Record

5,000 Children Trained By Pioneer Institution In Social Welfare Work

The Oxford Orphanage at Oxford, North Carolina, has a record of sixty-nine years of service to the children of North Carolina. Over 5,000 have been cared for and trained. Its graduates and former pupils are in all walks of life and there is no record of a former pupil having been convicted and sentenced for committing a major crime. It is the oldest orphanage in the State and receives children other than those of the members of the supporting order.

At the present time less than 50 per cent of the population of the Orphanage is of Masonic parentage. The Home possesses valuable buildings, grounds and equipment and has had no operating deficit for several years.

The annual budget of the Orphanage calls for an expenditure of \$170,000.00. This provides shelter, clothing, food, recreation, heat, light, books, school supplies, health program, staff of trained workers, vocational training in several departments, laundry, repairs and upkeep to buildings, grounds and equipment and experienced case work for a family of 313 children.

Superintendent C. K. Proctor announces that the sum of \$10,000.00 is needed this year for operating expenses in order to balance the budget. A special way their desire to help others.

The orphanages of the State use the Thanksgiving season as an occasion to appeal to the citizens of the State for much needed assistance. The Superintendent of the Oxford Orphanage announces that the Home is open for visitors each day and hundreds of North Carolina citizens visit this historic spot every year.

# Nov. 15 Deadline For Registration Of Truck Owners

Raleigh, October 5—Pointing out that November 15 is the deadline for owners of trucks and other commercial vehicles to obtain certificates of war necessity. State officials urged today that operators file their applications immediately.

An operator cannot wait until November 14 to file his application and then expect to receive his certificate the next day officials pointed out. Applications must be mailed to the Detroit office where several days

are required for processing, they pointed out.

Mailing of applications has been completed for all of North Carolina. If an owner of a commercial motor vehicle has not yet received his application blank or if he has lost it, he should apply at once to his nearest district ODT office. North Carolina offices are at Asheville, Charlotte, Wilmington, Winston-Salem and Raleigh.

"Commercial motor vehicles" mean trucks, buses and taxicabs, whether operated as public carriers or privately. In fact, most of them are operated privately—more than 1,000,000 of them by farmers.

If a farmer has any difficulty in filling out his application blank, said ODT officials, he should contact his local USDA War board at once.

Unless the owner of a commercial motor vehicle has a certificate of war necessity after

November 15, he will be unable to buy tires, gasoline or parts.

Operators were urged to make full use of the instruction booklets which were mailed with the application blanks. A self-addressed envelope was included with each application blank mailed.

# OPA Orders On Anti-Freeze

"Test the anti-freeze you saved over from last winter before putting it back into your car," the Virginia State Office of Price Administration advised motorists today. Anti-freeze should be of proper strength to avert the risk of a damaged motor, OPA pointed out. In view of wartime scarcities of transportation, labor and materials, this is a risk that no motorist can afford to take.

In its statement on the use of

old anti-freeze and the purchase of new anti-freeze, OPA told motorists that manufacture of these compounds has been cut to approximately 60 per cent of 1941's sales in order to meet military and industrial requirements.

For a real exhilarating treat, experienced by kings from the time of Solomon, try a delicious, cool, delightful glass of water.

Stone walls do not a prison make, nor iron bars a cage; but they make a reasonable facsimile.

# QUICK RELIEF FROM STOMACH ULCERS DUE TO EXCESS ACID
