BUFFET SUPPER

On Wednesday evening of last week Mr. and Mrs. C. V. Whitley entertained with a buffet supper honoring E. C. Daniel, Jr., of London, England; Dave Finch, who left later in the week to enter the Air Corps; and Lt. Charles Whitley, home on leave from Camp Mackall.

Snapdragons and pale yellow roses were used in decoration with yellow tapers in silver holders.

Others present besides the honor guests were Mr. and Mrs. John Barrow, Sr., Mrs. E. C. Daniel, Mr. and Mrs. Foster Finch, Dr. and Mrs. L. M. Massey, Mr. and Mrs. G. J. Griffin, Mr. and Mrs. Mark Osborne, Lt. and Mrs. James Rosenstock of Dayton Ohio, Misses Dorothy Brake, Lois Parker, Arnetta Burnette, Jean Flowers and Carolyn Massey.

After supper an informal musical program was enjoyed.

BIRTHDAY PARTY

Mrs. N. T. Parker was hostess on Saturday afternoon, entertaining eighteen little girls in honor of the eighth birthday of her daughter, Jean. Outdoor games were enjoyed after which refreshments were served in the dining-room where the birthday cake with its candles was the most admired decoration.

Wakelon School News

The Primary Assembly last week was conducted by Mrs. Wall's first grade. A few parents were present to enjoy the program with the little folks.

A toy band, under the direction of Eloise Bogen, rendered several selections. The program presented by the 1st graders was made up of group songs, Bible verses, a prayer, a poem, and a playlet.

Last Wednesday we were indeed honored and very happy to have Mr. E. C. Daniel, Jr., speak to us. Prior to Mr. Daniel's talk, the Glee Club and Mr. Mark Osborne gave vocal selections.

All the school stayed in the auditorium for the first of the talk, after which the older boys and girls stayed for further discussion and questions. This was an experience all of us were thrilled to have and one most of us will never forget. We appreciate very much Mr. Daniel giving us these two hours.

On Friday night at our health and physical education program

in the gymnasium we were pleased to have Miss Benton of the Blind School, Superintendent Randolph Benton and Mrs. Benton with us. Miss Benton directed the evening's program again for us as she had done two weeks before.

Our health and physical education program is of major importance in our school. A lot of planning and work has been done on it during the past two years. It is a new program in our public schools of North Carolina and still in the experimental stage. We are following suggested state plans and have been proud of the interest shown and comments made by outsiders.

Mother

Corsica! Corsica! It's an island, that's true,
That's why I'm writing this poem to you.
My surroundings are new and my friends are few,
But it thrills me at dawn, to see the morning dew.

The sun, then, rising over the bay,
Makes me think of you, Mother, far, far away.
They're sweet memories, that lie in the past.
We all dream of returning too, some sweet day.

And at the present time, with Corsica in view,
My thoughts, Mother dear, are mostly of you.
I think of you so often, with a heart so true;
When at my journey's end, Mother, I'll come back to you.

And now, before I end, I'd like to say,
I've had this typewritten, for I want it that way.
So keep it, Mother dear, until the final day
When I come home to you; never more to stray.

Mystery Books WANTED

Mrs. Wallace Temple wants mystery stories to send to men in service. She wants those with paper backs—the kind selling for about twenty-five cents a copy. If you have any that may be given, please do not delay, but send them to Mrs. Temple for inclusion in boxes that are being packed for shipment. These mystery, or detective stories afford hours of entertainment for men who may be sick or wounded and who do not feel equal to serious reading.

THE AVERAGE AMERICAN FAMILY

includes 3 1/2 persons

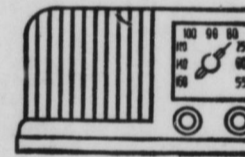

uses 1/3 of a bathtub

owns 1/2 of a house

listens to 1/10 of a radio

AND gets about twice as much electricity for its money as it did 15 years ago!

STATISTICS are tricky things to toss around.

Obviously, 1/3 of a bathtub wouldn't hold water very well! That figure means merely that some 3 out of 5 American homes have bathtubs.

Obviously, also, the electric figure applies only to homes that have electric service (about 4 out of 5). But as a nation-wide average of all those homes, it is a fact—and surprising to many people.

Most families own more electric appliances now than they did in 1929. Over the years, as they used more electricity, they earned lower rates—and the rates, too, were steadily reduced.

So—though your bill today may be as much as it was in 1929—or even more—you're getting twice as much for what you pay. And remember that the price of electricity has stayed down while most other prices are going up.

That makes it just about the biggest bargain in your wartime budget!

For this you can credit the electric companies, manned and managed by practical business people. Their hard work has made electric service dependable and cheap.
