This, That & The Other

Although not a user of tobacco in any form, I have always been slow to criticize those who do use it, realizing that no moral issue is involved. But I do have a distinct feeling of disappointment occasionally when coming near some woman whom I might expect to possess a fragrant daintiness and am instead half-stifled by an odor reminding me strongly of my grandfather's oldest pipe—the one Grandma used sometimes to have me put on the little corner porch to air out during the day, when Grandpa was away from the

Mazeile Chambiee, now Mrs. Guy Lee, of Smithfield, wrote me last week, enclosing a program of a piano recital given at Wakelon School April 25, 1917—28 years ago. And recitals were functions in those days, commecnement at Wakelon being THE event of the year,, and presentation of piano pupils one of its most pleasing features.

The program Mazelle sent me lists a quartette by Lois Pierce, Katie Bet White, Maudie Brantley, Virginia Jeffreys; a duet by Mary Pippin and Annie Rue Gupton; another quartette by Laura Doub. Annie Rue Gupton, Willa Wiggs and Raymond Horton. (I can't exactly place Raymond.) Mazelle Chamblee and Foye Whitley were soloists on the program, as were Mary Bunn, Kathleen Pippin, Bessie Joyner, Helen Horton, Mary Pippin, Cliffie Marshburn, Jennie Lou Griffin, Florence Finch, Gladys Stell, Myrtle Jones, Emma Roberson, Thelma Smith, Bertha Moser Maudie Brantley. Daphne Chamblee and Lena Bunn had a duer as did Annie Privette and Beadie Baker. "In the Arena" was a quartette by Lois Pierce, Maudie Brantley, Gladys Stell, Bertha Moser. I'll wager they fought those pianos to a triumphant finish. Foye Whitley, Myrtle Jones, Helen Horton and Bertha Clark had a quartette and the final number was the Wedding March from Mendelssohn played by Cliffie Marshburn, Eunice Lamb. Emma Roberson, and Mary Scar-

It's odd how different persons dread different diseases. My husband's greatest fear is pneumonia. He feels positive that if he ever has it, he will surely die. Which the family physician make some C small boy. It has stayed firmly in his mind and all the sulfa drugs on the market may not be enough to drive it out.

My own pet horror is cancer. Dread of it is one reason why I pray to drop dead instead of having a long illness; and why I shall count it a personal privilege to donate something to the collection of funds being made for cancer control.
