

BALLOT IN LOCAL ELECTION IS ALMOST A TIE

Robert Ed Horton Is New Chairman

Zebulon's AAA Committeeman election last Friday was just as close as an election could be, and still not end up a tie: Robert Ed Horton got one vote more than John Houghton Ihrie, and thus became local AAA Chairman for the coming year. Ihrie will serve as vice-chairman.

Elections in Little River A and B sections were just about as close, although they were not decided by one vote as in Little River C, the local section.

Out of 118 votes cast R. E. Horton received 112 votes, J. H. Ihrie received 111 votes, and H. H. Eddins received 103 votes. The complete roster of Little River committeemen follows:

Little River A: William Richards, Graham Bunn and Tommie Ray.

Little River B: F. H. Broughton, C. E. Young, and C. H. Horton.

Little River C: Robert E. Horton, John H. Ihrie and H. H. Eddins. Alternates: H. M. Perry and J. B. Croom.

PCA Stockholders to Meet in Raleigh

The Annual Meeting of the Stockholders of the Raleigh Production Credit Association will be held in the Wake County Court House on Saturday, December 15, at eleven o'clock.

Attending stockholders will elect two members to serve as association directors. A brief, but comprehensive report of the association's financial condition and a review of the past year's business will be presented. E. F. Warner association secretary, states that loans were made to approximately 800 farmers for an amount of \$850,000 in the past twelve months.

An interesting program has been arranged, including music by the Lone Star Quartet. All Wake County farmers are invited to come and bring their families.

BUREAU TO MEET MONDAY

All members of the local Farm Bureau are urged to attend the meeting at the school building on next Monday, December 10, at 7:30 p.m. Frank Jeter, the State College extension expert, will be the speaker, and there will be other entertainment.

*Each member is urged also to bring his wife, and a new member, if possible. The present membership of the Zebulon Farm Bureau is 407, and a goal of 600 has been set for the next meeting. There are 21 associate members, including most of Zebulon's businessmen.

Nutritious Nuts

Unrationed fat in the nut bowl! Bountiful harvests of pecans offer ration-free fat to bring richness and flavor to meals. Most nuts are at least half fat, say nutritionists, and are also high in protein, so that they can alternate at times for meat in a main dish such as nut loaf. Also, nuts provide B vitamins, especially thiamine, and a little iron and calcium. But, as far as nutrition is concerned, nuts are most effectively used to supply some of the needed fat in meals.

Fats do more than provide calories for energy in a highly concentrated form. Some fat in a meal makes it more satisfying. That is, the fat digests slowly, so the meal "stays with you."

Cottonseed Up

From Raleigh the Record learns that there has been a steady advance in the price of cottonseed being sold in North Carolina.

Wagon lots of seed are averaging around \$47.50 per ton at cotton ginner's throughout the State.

This is an average of 30 cents more per ton than the price paid cotton producers during the second week in November.

Many pecan trees die during the first year because they are not mulched with plenty of straw or watered during dry weather.

Cub Scout Troop Is Needed Here

Any boy of Zebulon and the surrounding community who is interested in organizing a Cub Scout organization is urged to give his name to Barrie Davis or leave it at the Record office.

Several boys have asked that a Cub Pack be formed so that those not yet 12 may take part in Scout activities.

Cloid Wade, son of Mr. and Mrs. H. C. Wade, was one of the first

to ask for a Cub Pack, saying that he, Bobby Gill, and others were eager to take part in the work.

Raleigh has a number of active Cub Dens which meet together monthly at Hayes Barton Church for a general get-together. If enough boys are interested, plans will be made to go to Raleigh and see how these meetings proceed.
