Pharmacy Week

The week of April 21st, is National Pharmacy Week, set aside each year in recognition of the Pharmacist contribution to medical care.

When you ask your friendly neighborhood Pharmacist to fill a doctor's prescription, how often do you think of the years of labor and medical research which have gone into any one of the many drug items he prepares so skillfully in a few seconds?

To bring this dramatic story closer home, we invite you to visit our prescription department and ask any question you like in regards to any of the new drugs that are coming out day after day.

We fill any doctors' prescriptions and are always glad to serve you day or night.

Two Registered Druggists on duty at all times.
