

# THE ZEBULON RECORD

Volume XXIV. Number 16

Zebulon, N. C., Friday, May 30, 1947

Theo. Davis Sons, Telephone 2561

Pictured is H. V. Andrews, Jr., compositor for Theo Davis Sons, as he casts a line of type on the Ludlow machine. This machine casts all the large type used in advertisements and headlines in *The Zebulon Record*, and replaces the age-old system of hand-setting all type not set on the linotype machine. By using such modern equipment, a printer can produce better work at lower prices, provided he maintains a high volume of business.

## H. V. Andrews Once Nursed B-17's, Now Runs a Ludlow

This article is the first of a series designed to acquaint our readers with the men and machines that produce this newspaper.

Henry V. Andrews, Jr., known to everyone along Main Street as "H. V.," is listed as a compositor in the payroll ledger of Theo. Davis Sons, but he is much more versatile than that. In fact, because he learned his trade in a country printshop, he can run almost any printing machine.

### Classes in Life Saving To Begin Next Week For Local Boys, Girls

Classes in life saving will start at the Hayes Barton and Pullen Park swimming pools on June 2, it has been announced by Louis Gray, chairman of the Water Safety Program for Wake County Chapter American Red Cross. Instruction will be given to both junior and senior groups.

To enter a class in junior life saving a boy or girl must be between the ages of 12 and 15, inclusive. The minimum age for instruction in senior life saving is 16.

Hours for the classes, Chairman Gray announced, are:

Hayes Barton pool: junior classes—9 to 10:30 a.m.; senior class 7 to 8:30 p.m.

Pullen Park pool: junior classes, 11 to 12:30 a.m.

The courses will last for 12 days. Registration for the courses of instruction will be at Red Cross office, Room 219 Academy Building, from 9:00 to 4:00 and 9:00 to 12:00, May 30 and 31.

Instructions for all courses and groups are free. Those taking the course, however, will bring their own swimming suits, caps and towels.

Providing instruction in life saving and water safety is a regular part of the Red Cross community activities program.

H. V. started out as an apprentice in the Gold Leaf Farmer shop under W. C. Nowell and G. P. Conoley while he was still a student at the Wendell School, and has stuck to the printing business ever since, except for the period when he was selected for service in the Air Forces. (Cpl. Andrews he was known as in those days.) He worked, in order, for The Gold Leaf Farmer, The Zebulon Record, The Raleigh Times, The Roanoke Beacon, and Uncle Sam, before coming back to the Times from the Army. He began work with Theo. Davis Sons in February of this year.

Andrews first saw the light of the Carolina sun on August 21, 1920, down in Johnston County, about two miles from the Corinth-Holder community. His parents moved to Wendell in 1924, which place he called home until his marriage to Miss Melba Parker of Zebulon, daughter of Mrs. C. E. Parker and the late Mr. Parker. They have one son, Henry V., III.

### Served as Instructor At B-17 Training Base

His duties during the war consisted of riding herd on B-17's as a crew chief and flight engineer. He was a member of the training cadre at Lockbourne Army Air Base, Columbus, Ohio. (Incidentally, he hasn't flown at all since getting out of service; funny thing—most flight engineers and crew

## Use of Poster Paper Enables Record to Start Circulation Drive

Beginning the first of June, the *Zebulon Record* will begin its first annual summer drive for new subscriptions. Attractive prizes are being offered to entrants in the subscription contest and at the end of the campaign a grand prize will be awarded to the contestant selling the largest number of new subscriptions. During the war years, the *Record* was held to a minimum number

### Mary Frances Gordon, Jimmie Greene Chosen As Health Champions

A County Health King and Queen will be crowned at the exercises to be held during the Annual 4-H Field Day and Picnic to be held at Pullen Park Saturday, June 7.

In an effort to encourage better living and eating practices leading to better health, a Health King and Queen have been selected in each of the Senior 4-H Clubs. Selections have been made by the County Health Nurses in each of the clubs. The club Health Kings and Queens will be examined by Dr. A. C. Bulla, County Health Officer. He will select the county Health King and Queen. The county winners will compete with other kings and queens at the annual 4-H Short Course at State College the week of August 18. The state winners will attend the 4-H Congress in Chicago next December with all expenses paid.

Selections are made on the basis of general condition, posture, body, head and throat, legs and feet, arms and hands, urinalysis and self control.

The following boys and girls have been selected as Club Kings and Queens:

Green Hope School: Alton Maynard, Joyce Catlett; Mt. Vernon-Goodwin School: Bill Forrest, Nevanne Wilder; Wendell School: Emma Jean Satterwhite and Evelyn Hinnant (a tie), Ervin Privette; Wakelon School: Jimmie Green, Mary Frances Gordon; Fellowship Club: Thomas Jordan, Jean Jordan; Garner School: Ruby Barber, Bobby Pollard; Apex School: Betty Lou Olive, Wyatt Coley.

Cary School: Lewis Gulley, No

### Community Needs Small Hospital, Howard Beck Tells Rotarians Friday

"The greatest need in Zebulon today," said Howard Beck before the Zebulon Rotary Club Friday night, "is a clinic or small hospital to facilitate medical treatment for the sick and injured in our community."

Dr. Ben Thomas also spoke briefly on the need of a clinic and brought a sketch of the type of structure which would be suitable for Zebulon.

"This clinic," Dr. Thomas said, "can be staffed by one or two doctors. The cost will not be over \$40,000." A building similar to the one presented by Dr. Thomas is now under construction in Roseboro.

After the Rotarians discussed how best this clinic for Zebulon could be brought into reality, a seven-man committee was named by President Raleigh Alford to study the proposal and plan for its building and operation.

of pages by a shortage of labor and newsprint, but with the arrival of new machinery, it is now possible to give the present eight-page edition.

This subscription campaign is possible because the *Record* is printed on colored poster paper, which Theo. Davis Sons has managed to purchase. The poster paper costs double the price of white newsprint, but without it, the *Record* would be held to four pages weekly and the circulation would be frozen.

Prizes and liberal cash bonuses will be awarded to those who send in the largest number of new subscriptions each month from Zebulon and each of the four routes. Another monthly prize will be awarded to the person sending in the largest number of subscriptions, no matter where they are from. At the end of the contest in September, a grand prize will be awarded to the person who has sent in the largest number of subscriptions during the summer.

Each person sending in as many as five new subscriptions during any month will receive a generous cash bonus. In this way everyone who enters the contest will be able to earn extra money during the summer months.

Anyone can enter the contest by sending in two new subscriptions. At the end of each month the prizes will be awarded and a new contest begun.

### Old Men Hustle Enough To Get 13-9 Decision Over Local Boy Scouts

The Zebulon Rotarians had two big innings in which 12 runs were scored as they topped the Boy Scouts, 13-9, in the first game of the season for both teams. The game was called at the end of the fifth inning because the Rotarians had to return to work.

(That was the story the Rotarians told, anyhow.)

Behind the curve-ball pitching of Bobby Bridgers, the Scouts went into a 6-1 lead in the second inning, lost it when the Rotarians scored six runs in the third, and then went ahead again, 8-7, in

### Vacation Bible School Scheduled at Wakefield

The Wakefield Baptist Church will sponsor their Vacation Bible School for two weeks this summer, announced Rev. John McCrimmon, pastor of the church. The School will open Monday, June 2. Classes will begin at 8:30 a.m. and continue until 11:30 a.m.

Classes will be held for beginners, primaries, juniors, and intermediates. All children between the ages of 4 and 15 are invited to attend. The commencement exercises will be held Sunday, June 15, during the regular evening service time.

### Local Man Available To Give Examinations For Drivers' Licenses

Clarence Hocutt, Zebulon man who serves the State Department of Motor Vehicles as an examiner of applicants for drivers' licenses, expects to be a busy man, come July 1, when many of the autoists in the state must reapply for their license.

Hocutt, who is in the town office every Saturday to examine would-be drivers for their knowledge and driving ability, gives the following information:

In accordance with the law passed by the 1947 General Assembly of North Carolina requiring the re-issuance of Motor Vehicle driver licenses, the following schedule has been made: the period beginning July 1, 1947, and ending on December 31, 1947, is the time for all driver license holders, whose surnames begin with the letters A or B to apply for new licenses. Persons whose names do not begin with one of the above letters cannot apply for reissuance of license in this period.

The period beginning January 1, 1948, and ending on June 30, 1948, will be the time for all operators whose surnames begin with either of the letters C or D to apply for re-issuance of licenses. All Motor Vehicle drivers whose surnames begin with a letter other than A, B, C, or D will be notified by press releases at the proper time as to when they should appear for the re-examination.

The operator's license issued under the 1947 Safety Act shall automatically expire on the birthday of the licensee in the fourth year following the year of issuance, and no license shall be issued to any operator after the expiration of his license until such operator has again passed the required examination.

### New Tests Prescribed By Law Are Divided Into Four Classes

Everyone will get a complete examination. The examination is made up of four parts. These parts are: (1) An Eye test (2) Highway Sign test (3) Driving Rules test (4) Road test.

The poorest visual reading that will permit passing with glasses is 20-50. This may be with both eyes together, or it may be with best eye alone. The Sign test consists of the showing to the applicant several pictures containing Highway warning signs. The applicant will be requested to tell what a driver should do when he comes to such a sign. Inability to read is not grounds for denying a driver license.

The Rule section of the examination consists of twenty-five simple questions that deal with the safe operation of a motor vehicle. The Road test will consist of a
