led Zebulon, 34-33. A last minute rally, sparked by Mitchell, gave the winners the game.

Ice Halts Power Flow

Heavy ice on the lines caused the power to go off on both Carolina Power and Light and REA lines Sunday. In some areas the current remained off all day and part of the night, but linemen had repaired nearly all the damage before nightfall on lines in Wake County.

Home owners with electric ranges had to fire up the old wood stove for Sunday dinners in many sections, and several churches, including the Zebulon Baptist and Hopkins Chapel were cold during the morning services, because electrically operated thermostats failed to function.
