

Bookmobile Notes

THE GREAT BLIZZARD
The setting of this novel is Brooklyn and New York City from 1884 to the "Blizzard of '88," when New Yorkers dug themselves out from snow not quite so deep but more destructive than the "Great Snow of Christmas '47." It's first of all a rousing good novel of family life—and what a family! Incidentally it's a continuation of the fortunes of the Rogers family, members of a clan whose infectious charm and vibrant, American warmth made them favorite fiction characters to readers of *Centennial Summer* and *Bridge to Brooklyn*.

In **THE GREAT BLIZZARD** the author brings a special freshness and nostalgia to a time when the Brooklyn Bridge was new, when women took pride in their husbands' whiskers, and when

twenty-five cents was highway robbery for a country ham sandwich! —Be sure and read this book!

RELUCTANT REBEL
by Frederic F. Van De Water
This colorful historical novel, a faithful portrait of pioneer Vermont, is filled with action, suspense, intrigue, and romance. It is a story solidly and excitingly supported by the knowledge of Vermont and its lore for which Frederic F. Van De Water has long been noted.

BOOKMOBILE SCHEDULE FOR MONDAY, APRIL 12th.
