

YOUR DREAM HOUSE for your family can be built quickly!

It's a matter of weeks, not months, for Home Builders craftsmen to erect a spacious beautiful home. And the quicker your home is built, the less it will cost you, provided, of course, that the work is good. Home Builders' complete facilities assure you of speed plus high construction standards — individual workmen can take the time to be exact and still finish their jobs ahead of usual schedules.

OUR MAIN PURPOSE: To build homes in Zebulon

It has been established to build homes for Zebulon — to make Zebulon a prosperous, enjoyable place to live, free of cramped housing problems and filled with really good homes. By well-planned construction methods we expect to inaugurate a new era in home construction in Zebulon, producing homes of quality at the smallest possible cost.
