Who wants to invite people in when the rug is worn, the carpet shabby? Why not do something! Come in and select a smart design in Alexander Smith Broadloom. Cover your floor with one of these gay florals or choose a rich solid tone, perhaps a twist frieze. These broadloom carpets look so luxurious...wear so well because of their all-wool pile. They're moderately priced, too. Our rug experts will give you an estimate. Just have your measurements handy.

from **\$4450** for a 9' x 12' rug
